GEORGE MASON UNIVERSITY
COLLEGE OF EDUCATION AND HUMAN DEVELOPMENT
Teaching Culturally, Linguistically Diverse & Exceptional Learners

EDCI 793 – Section 002
Internship in Education - ESL

6 Credits - Fall 2019
Meets Daily at School Sites

Professor: Lorraine Valdez Pierce, Ph.D.
Office Hours: By appointment
Office Location: Thompson Hall, Rm. 1502 – Fairfax Campus
Office Phone: (703) 993-2050
Email: LPIERCE@gmu.edu

Prerequisites/Corequisites
Completion of all licensure courses, passing scores on PRAXIS Core (or SAT or ACT) Math, PRAXIS II ESOL, & VCLA

University Catalog Course Description
Intensive, supervised clinical experience for full semester in accredited school. Students must register for appropriate section.

Course Overview

The Graduate School of Education (GSE) prepares teacher licensure candidates to be reflective practitioners who use research-based practices and are responsive to diversity. Field experiences and teaching internships are an integral part of coursework and are significant opportunities for candidates to apply new knowledge, skills and dispositions in their teaching field.

Virginia state licensure for English as a Second Language (ESL) teachers at the PreK-12 levels requires teacher candidates to conduct teaching internships at both elementary and secondary levels. Since the teaching internship is a 6-credit, one semester requirement, the state mandate to do internships at two separate age/grade levels (and schools) limits the Teacher candidate to approximately 8 weeks at each level, except in cases of On-the-Job Interns, where candidates have received a provisional license to teach in a school while conducting the internship. In these cases, the intern will spend 20 hours observing teachers at a different grade range than the one she is teaching in. For example, an ESL teacher hired at an elementary school would need to make 20 hours of observation at a high school during the internship.

EDCI 793, Internship in Education, is the final course and culminating experience in Mason’s state-approved ESL teacher licensure program. It provides opportunities for extended practice under the guidance of experienced professionals from the schools and university. Such professionals in the schools are called Mentor teachers (MT), except when they have been trained as clinical faculty to assume more responsibility for supervision of teacher candidates. The University Supervisor (US) may be full-time or adjunct faculty.
The purpose of this syllabus is to provide guidance to the teacher candidate, the University Supervisor, and the Mentor teacher regarding procedures and required documentation for the ESL teaching intern. This syllabus does not purport to provide detailed assistance on planning, teaching, observation, supervision, or evaluation. These are covered in the ESL Teaching Internship Manual and other materials and training provided to members of the Teaching Internship team.

Many problems can be avoided by following instructions in this syllabus and in the internship manual and by seeking assistance early. Always try to solve a problem as close to the source as possible. If that is not possible, respect the lines of communication and authority in the school and university. For example, students should work with their Mentor teachers, principals, and On-site Supervisor before seeking help from the university supervisor. However, faculty and staff of the Teaching Culturally, Linguistically Diverse & Exceptional Learners program are available to provide information and assistance to all members of the student teaching team.

Course Delivery Method

The internship requires each candidate to work each day with Mentor Teachers and ESL students each day while being evaluated jointly by the Mentor Teacher and University Supervisor. All interns will begin and end the school day at approximately the same time as the Mentor Teacher. The only exception would be where the intern chooses to participate in before- or after- school programs where the Mentor Teacher may not participate.

Teacher candidates can be either Traditional or On-the-Job Candidates. Traditional candidates are pre-service teachers who go into another teacher’s classroom to learn from that teacher and take on that teacher’s responsibilities for teaching. On-the-Job (OTJ) candidates, on the other hand, have been hired by a school system under a Provisional License and will be working independently in their own classrooms.

Traditional teacher candidates in the ESL PreK-12 program will spend half of their internship period at the elementary grade level (K-6) and the remaining half at the secondary level (7-12). This will typically require a change of school.

On-the-Job teacher candidates have been hired by a school system under a Provisional License and will be required to conduct their entire Internship at their school of employment. However, because they will be teaching at either the elementary or secondary level, they will also be required by the state and the college to observe students at a different school for a minimum of 20 hours during the on-the-job internship. This will entail leaving their own classrooms to observe teachers working with students at a different grade level. For example, an OTJ candidate hired to work in a high school will be required to observe an ESL teacher in an elementary school during the Teaching Internship. On-the-Job candidates should make arrangements with their principal or supervisor to complete required observation hours. Hours can be completed by utilizing early release days, planning periods, or by taking leave.

The Teacher Candidate begins by observing the ESL teacher and general education or content teachers and co-teaching with any of these teachers. The purpose of conducting preliminary observations during Week 1 is to familiarize the candidate with the content of instruction in the ESL and various content or general education classrooms to see how each teacher differentiates instruction (or does not) for ESL students, to introduce the candidate to the nature of learning challenges posed to ESL students in both ESL and content-area classrooms (by shadowing an ESL student), and to generate ideas for conducting the Classroom-Based Assessment (CBA) Project.
The Traditional Teacher candidate will gradually assume responsibility for each class until he/she carries a full teaching load for a minimum of 4 weeks. Toward the end of the assignment, the Teacher Candidate gradually returns responsibility for instruction of each class to the ESL teacher. During the transition periods before and after independent teaching, the Mentor teacher and the Teacher candidate may co-teach or share responsibility for specific periods or subjects.

Teacher candidates should always progress at a rate appropriate to their preparedness to assume responsibility for instruction.

Changing to OTJ Internship while in Traditional Internship - In the event that a traditional teaching candidate is offered a full-time contract position with a local school division during the internship, he/she may not switch to an on-the-job (OTJ) internship. The candidate must withdraw from the traditional internship and may apply for an OTJ internship in a future semester.

Mason requires 300 clock hours of teaching, including 150 clock hours of direct teaching. This commitment is a full-time, 16-week experience. These requirements exceed state licensure requirements. An extended period of supervised teaching provides better preparation and is protection against contingencies such as illness or other interruptions. Traditional teacher candidates are expected to complete the full semester in two different schools (elementary & secondary). The remaining 150 hours must address indirect teaching, such as lesson planning, parent conferences, or attending faculty meetings or professional development sessions.

On-the-job interns completing 300 hours BEFORE the end of the semester are required to continue in the internship until the last day of the semester; OTJ candidates are not allowed to conclude the internship before the last day of the university semester.

During the Internship, each candidate will complete a minimum of 150 hours of direct and independent teaching in his/her classroom for each placement (i.e. 75 hours in a K-6 classroom plus 75 hours in a 7-12 classroom for Traditional Interns). This is an incremental transition of accepting responsibility during the 8 -16 week placement in which the Mentor teacher slowly decreases their active role and the candidate takes control of the classroom. Then, as the candidate transitions into the second placement or completion of the Internship, the Mentor teacher will gradually resume full control of the classroom. The Mentor teacher and Teacher candidate will work towards a mutually agreeable schedule to complete the required direct teaching in each placement.

In addition to classroom time, teacher candidates are expected to participate in school-based activities such as after-school programs, school open house or back-to-school night, or other non-teaching responsibilities as required by the school or the University.

Teacher candidates are expected to complete the full semester of the Internship. The Director of the Division of Advanced Professional Teacher Development & International Education may approve early termination based upon the recommendation of the University Supervisor and Mentor teacher.

Based on the time commitment and performance expectations for this internship, no intern will be approved for holding an additional part-time job or taking a course while enrolled in the internship. This will protect interns from physical, emotional, and cognitive overload and increase the likelihood that they will do their best work each day and be able to respond to constructive feedback in a timely manner so as to become more effective teachers.

**LEARNER OBJECTIVES**

This internship is designed to enable candidates to:
1. Plan and implement a variety of research- and standards-based lessons and instructional activities that meet students’ learning needs;

2. Teach the academic language of the content areas, providing scaffolding for student learning, such as modeling tasks and providing step-by-step directions;

3. Use digital resources to engage students and promote their learning;

4. Use knowledge of students’ native cultures to plan activities that motivate their participation;

5. Check for learner comprehension and identify areas needing more or different instruction;

6. Identify productive approaches to managing disruptive or unengaged students;

7. Design and use formative, classroom- and performance-based assessments to monitor student learning and direct instruction;

8. Engage in self-assessment to identify areas of strength and needed improvement, respond appropriately to constructive feedback, and plan for professional development;

9. Apply knowledge of school, district, and governmental policies and legislation to advocate for ELLs; and

10. Use professional behavior to collaborate with school-based Mentor Teacher, school administrators, and University Supervisor and in order to promote learning and advocate for ELL students.

PROFESSIONAL STANDARDS (TESOL/CAEP)

This teaching internship has been aligned with the Standards for Initial TESOL PreK-12 Teacher Preparation Programs (2018), the Interstate New Teacher Assessment and Support Consortium (InTASC) Standards, and the VDOE Technology Standards. These standards represent principles that should be present in all teaching environments, regardless of subject or grade level, and serve as a framework for the systematic reform of teacher preparation and professional development programs. The standards aim to provide consistency in teacher education programs across the country in terms of what ESOL teachers need to know and be able to do (i.e., knowledge, skills, and dispositions to effectively teach of culturally and linguistically diverse students).

This internship includes two common assessments developed by the College of Education and Human Development to assess candidates’ performance on nationally accepted standards for beginning teachers (InTASC) and our program’s performance on national accreditation standards (CAEP).

Upon completion of this internship, candidates will have met the following professional standards:

TESOL Standards

STANDARD 3: PLANNING AND IMPLEMENTING INSTRUCTION
Candidates plan supportive environments for ELLs, design and implement standards-based instruction using evidence-based, ELL-centered, interactive approaches. Candidates make instructional decisions by reflecting on individual ELL outcomes and adjusting instruction. Candidates demonstrate understanding of the role of collaboration with colleagues and communication with families to support their ELLs’ acquisition of English language and literacies in the content areas.
Candidates use and adapt relevant resources, including appropriate technology, to effectively plan, develop, implement, and communicate about instruction for ELLs.

**STANDARD 4: ASSESSMENT AND EVALUATION**

Candidates apply assessment principles to analyze and interpret multiple and varied assessments for ELLs, including classroom-based, standardized, and language proficiency assessments. Candidates understand how to analyze and interpret data to make informed decisions that promote English language and content learning. Candidates understand the importance of communicating results to other educators, ELLs, and ELLs’ families.

**STANDARD 5: PROFESSIONALISM AND LEADERSHIP**

Candidates demonstrate professionalism and leadership by collaborating with other educators, knowing policies and legislation and the rights of ELLs, advocating for ELLs and their families, engaging in self-assessment and reflection, pursuing continuous professional development, and honing their teaching practice through supervised teaching.

**InTASC Standards**

**InTASC 1 Learner Development**

The candidate understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences that include the use of technology.

**InTASC 2 Learning Differences**

The candidate uses understanding of individual differences, diverse cultures, and communities to ensure inclusive learning environments that enable each learner to meet high standards.

**InTASC 3. Learning Environments**

The candidate works with others to create face-to-face and virtual environments that support individual and collaborative learning, encourage positive social interaction, active engagement in learning, and self-motivation.

**InTASC 4. Content Knowledge**

The candidate understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make these aspects accessible and meaningful for learners to ensure content mastery.

**InTASC 5. Content Application**

The candidate understands how to connect concepts and use different perspectives and digital resources to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.

**InTASC 6. Assessment**

The candidate understands and uses multiple methods of assessment, including digital tools, to engage learners in their own growth, to monitor learner progress, and to guide teacher and learner decision making.

**InTASC 7. Planning for Instruction**

The candidate plans instruction that supports every learner in meeting rigorous learning goals by drawing upon knowledge of digital age technology, content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.

**InTASC 8. Instructional Strategies**

The candidate understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in contemporary meaningful ways.

**InTASC 9. Professional Learning and Ethical Practice**
The candidate engages in ongoing professional learning and uses evidence to continually evaluate his or her practice, particularly the effects of teacher choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner in an ethical and responsible manner.

**InTASC 10. Leadership and Collaboration**
The candidate seeks appropriate leadership roles and opportunities to take responsibility for learning, to collaborate with learners, families, colleagues, other school professionals, and community members using digital tools and resources, to ensure learner growth and to advance the profession.

---

**VA Dept. of Education Technology Standards**

1. **The candidate engages in ongoing professional growth** related to the use of innovative instructional strategies that integrate digital technologies.

2. **The candidate uses digital tools to obtain feedback** and to collaborate in ways that allow for reflection on educational topics to improve teaching and learning.

3. **The candidate promotes safe and ethical behavior** with students through collaborative online experiences, including the development of an understanding of the rights and obligations of student privacy and security when collecting and using student data and selecting digital content, tools, and resources.

4. **The candidate models the use of technology** to communicate, created appropriate digital content, (including tools and resources that meet local, state and/or federal policies), collaborates, and solves problems.

5. **The candidate cultivates and manages his/her digital identity** and reputation and displays awareness of the permanence of his/her actions in the digital world.

6. **The candidate assists students in selecting and using** appropriate and available digital tools for learning, creating, problem solving, and communicating.

7. **The candidate incorporates learning strategies that use technology** to accommodate learner variability, personalize learning, and engender student choice, self-direction and goal setting, including the use of data to effectively respond to students’ needs and communicate findings to various stakeholders.

8. **The candidate uses a variety of formative and summative assessments** that leverage the power of technology to provide immediate and specific feedback, and offers alternative learning paths to students including competency-based approaches.

9. **The candidate demonstrates the ability to choose and use digital technologies** including hardware, software and web-based resources to support classroom instruction, including basic computing operations.
such as accessing accounts, selecting appropriate applications to performing tasks, file management and web navigation.

10. The candidate demonstrates the ability to troubleshoot typical classroom technologies.

RECOMMENDED TEXTS

The Next Step in Guided Reading (2009) by J. Richardson, Scholastic.

Course Performance Evaluation

Teacher candidates are expected to submit all evaluation documentation on time in the manner outlined by the lead faculty member and in the ESL Teaching Internship Manual.

Assignments

- **Log of Hours:** Teacher candidates keep a daily log of hours specifying hours spent in direct teaching activities, indirect teaching activities, and other school-based activities. The MT should verify and sign the Log of Hours on at least a weekly basis. A subtotal of hours is calculated and submitted to the University Supervisor at the midterm or end of first placement, and a total sum of hours is submitted at the end of the semester.

- **Weekly Feedback Log:** Teacher candidates complete Part I of the Progress Report once every two weeks, give it to the Mentor teacher for completion of Parts 2 and 3, and submit it to the University Supervisor at each Formal Observation.

- **Lesson Plans:** For all direct teaching activities, the teacher candidate will provide lesson plans for review by the Mentor teacher. The Teacher candidate should also submit draft lesson plans for the Formal Observation to the University Supervisor AT LEAST 48 HOURS PRIOR TO THE FORMAL OBSERVATION. The format should follow that of the Lesson Plan Template found in the ESL Teaching Internship Manual. The only lesson plans to be turned in to the University Supervisor are those used during the Formal Observations by the US (use file-naming protocol for electronic files – see instructions for lesson plans and CBA Project). As part of each Formal Observation conducted by the University Supervisor, the MT & US will each independently rate the planning and instructional ability of the Teacher candidate using the Lesson Plan Rating Scale, compare scores and agree on a final total score.

- **Formal Observations:** Candidates will arrange to independently teach a group of students for a 60 – 90 minute period. Candidates working with MTs who do pull-out sessions with small groups for 30 minutes at a time will arrange to work with two groups consecutively during the Formal Observation. University Supervisors conduct observations using the Formal Observation Report form for each teacher candidate at least four times during the entire Internship. These observations should be distributed at equal intervals, approximately every two weeks, preferably with two observations being made in each semester half. Observations should be of different classes or subject areas whenever possible. University Supervisors will discuss results with the teacher candidate and MT during the Formal Observation meeting.

- **Videos of Teaching:** Teacher candidates will submit two video recordings of 20 – 30 minute teaching segments in Weeks 4 and 12 for feedback from their University Supervisor and based on previous feedback for areas of needed improvement.

- **Mid-Term & Final Evaluations - Analytic Rubric for Evaluation of ESL Teacher Candidates.** The University Supervisor completes a mid-semester and end-of-semester evaluation of each Teacher Candidate using two separate scoring rubrics after reaching consensus with the Mentor teacher. Signatures are necessary to verify consensus and that the form has been reviewed by the Teacher candidate.
InTASC Standards & VA Technology Rubrics – one of the College’s Common Assessments, the InTASC and technology scoring rubrics will be used to evaluate candidates at the mid-term and end of semester on qualifications for teaching and use of technology.

Assessment of Dispositions – another CEHD Common Assessment, candidates will be assessed on a range of professional behaviors, such as responsiveness to feedback and taking the initiative in problem-solving at the mid-term and end of semester.

Other Requirements

Attendance: Teacher candidates maintain the same school arrival and departure schedule as their Mentor teachers, with the contract day as the minimum but not the norm. They follow the school’s calendar, not the university calendar, until the end of the Mason semester.

Absences: Teacher candidates follow school division policy regarding notification of absences for illness or other emergencies. The Mentor teacher and principal must approve all absences (except emergencies) in advance. The University Supervisor must be notified of all absences on the same day as they occur, by email and by phone. Time missed in excess of three days usually must be made up in order to provide sufficient time for independent teaching or other experiences.

School Dress Code: Teacher candidates are required to obtain information on and follow the school dress code for teachers.

Substitute Teaching: Teacher candidates are not allowed to be employed (except for On-the-Job Interns at their school) or paid as substitute teachers.

Professional and Legal Responsibilities: Teacher candidates are expected to meet professional standards in every respect, including personal appearance and behavior. Personal commitments are no excuse for failing to fulfill all duties and responsibilities of the Teaching Internship. Outside employment is not allowed during the Teaching Internship. Teacher candidates are legally responsible for exercising reasonable care for their ESL students’ welfare and for complying with federal, state, and local policies and regulations. This is best accomplished through careful study of the school’s Teacher Handbook and through guidance from teachers or administrators. Special attention should be given to responsibilities and procedures for dealing with suspected child abuse.

Confidentiality of Records: School Divisions and Mason policies regarding student records will be followed. A Teacher candidate’s evaluation may be shared with the Mentor teacher, University Supervisor, and administrators until the University Supervisor submits the Teacher candidate’s cumulative folder to the Office of Academic and Student Affairs. After that time, access will be in accordance with the Privacy Act. No materials will be released for employment purposes other than for verification of meeting licensure standards.

Blackboard: Every student registered for any TCLDEL course with a required performance-based assessment is required to post it and be evaluated through Blackboard. In this internship, candidates will upload lesson plans to Blackboard, and University Supervisors and Mentor Teachers will complete the Lesson Plan Rating Scale, the Analytic Scoring Rubric for Evaluation of ESL Teacher Candidates, the InTASC & Technology Scoring Rubrics, and the Assessment of Dispositions Rubric. Failure to submit the assessment to Blackboard will result in the instructor reporting the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required Blackboard submission, the IN will convert to an F nine weeks into the following semester.

Additional REQUIREMENTS by VA Dept. of Education
Hands-on training as part of CPR/First Aid/AED certification required BEFORE applying for their teaching license.

Complete the VDOE Dyslexia Awareness training module required for teacher licensure.

Videos of Teaching & Required Seminars

Teacher candidates will submit two video recordings of 15 - 20 minute teaching segments in Weeks 4 and 12 for feedback from University Supervisors. Weeks 4 and 12 are firm deadlines, set to allow for feedback from the University Supervisor BEFORE mid-term or final performance evaluation. The US will provide feedback for improvement after she receives the candidate’s email notifying her that he/she has uploaded a teaching video to Blackboard.

Along with the video, Teacher Candidates will upload to Blackboard a 1-page description setting the scene or providing the context (time of day, age group, level of proficiency, target learning goal) and ONE goal for improvement that he/she has set for him/herself based on previous feedback from your MT and US. What was the recorded lesson meant to accomplish for the intern and for the students? What does it demonstrate about the candidate’s teaching? Based on the video, what would the candidate like to be able to do more effectively?

Q: What technology will I need?

A: Any video source—smart phone, pad/tablet, video camera. Candidates will download the video to a PC or laptop and then upload the video file to the Assignments tab on Blackboard using instructions for uploading videos with Kaltura at the following link:

https://its.gmu.edu/service/kaltura/

Q: What permissions will I need to videotape in my classroom?

A: Most area school divisions have media opt-out releases for students in their classrooms (leaving it to families to opt out of photographs/videotapes that might be viewed in public contexts), so permissions are rarely a concern. Teacher candidates should discuss video-recording activities with their cooperating teachers to be sure they are not capturing video of students who have opted out. Recordings will tend to focus on the teacher candidate rather than on students, so it is reasonable to avoid taping the faces of any K-12 students in short video segments.

Required Seminars

Teacher candidates are required to attend monthly seminars conducted throughout the semester on topics of direct relevance to their teaching. Seminars are typically conducted on Weds. evenings. Topics to be addressed, based on feedback from previous ESL interns, include: classroom management, cooperative learning, culturally-responsive instruction, and dealing with traumatized immigrants or refugees.

Grading Policy

All assignments are required for a Satisfactory grade; requirements are not assigned different weights or percentages.
The Graduate School of Education has approved the following grading policy for EDCI 790, the Teaching Internship:

1. The grading scale will be Satisfactory (S), No Credit (NC), or In Progress (IP) in accordance with university policy for Internships and GSE policy for counseling and administrative Internships.

2. The Mentor Teacher and the University Supervisor will jointly determine the interim and final grades after consultation. If the MT & US cannot agree on a final grade, the Director of the Division of Advanced Professional Teacher Development & International Education will determine the grade based on a review of the documentation and, in some cases, observation of the candidate’s performance.

3. A Teacher candidate who receives total combined scores below the MEETS STANDARDS level on the Analytic Scoring Rubric for Evaluation of ESL Teacher Candidates or InTASC & Technology Scoring Rubrics will not be recommended for a state teaching license until he/she repeats all or part of the internship with a grade of S (this may require re-enrolling and paying tuition for additional credit hours in a subsequent semester.)

4. A Teacher candidate whose performance cannot be evaluated at the end of the grading period will receive a grade of IP. An IP grade will be changed to S or NC before the beginning of the next semester.

5. In some cases, a grade of NC may be accompanied by a recommendation that the student not be allowed to repeat the Teaching Internship. In such cases, the student will be counseled out of the licensure program, although not necessarily out of the degree program.

6. **LATE WORK POLICY** - At the graduate level all work is expected to be of high quality and submitted on the dates due. Work submitted late will be considered under evaluation for Professionalism. If candidates have any extraordinary circumstances that prevent them from submitting work in a timely manner, it is their responsibility to contact the instructor as soon as possible after the circumstances occur and make arrangements to complete the work. It is up to the discretion of the instructor to approve the late/makeup work.

7. **LAPTOP/CELL PHONE POLICY** - Laptop use is permitted at the discretion of the instructor and for specific purposes as determined by the Mentor Teacher. Cell phones must be turned off/silenced during class periods but may be used during breaks. Teacher candidates must follow school site regulations regarding teacher and student use of cell phones and laptops in school and in the classroom.
# Teaching Schedule & Timeline A for Traditional Candidates

Working with your MT, use the table below to schedule a gradual transition to your independent teaching and dates for your Formal Observations.

<table>
<thead>
<tr>
<th>Weeks*</th>
<th>Teacher Candidate (TC)</th>
<th>Mentor Teacher (MT)</th>
<th>University Supervisor (US)</th>
</tr>
</thead>
</table>
| 1 - 2  | Observe MT & several content teachers for differentiation strategies and classroom management approaches (shadow several ESL students to their content or general education classrooms).  
Learn about WIDA language proficiency testing schedule and how student scores are used to place students into the ESL program  
Plan short lessons to co-teach, lead small groups | Orient Intern to school  
Facilitate observations of other teachers and classrooms  
Plan short lessons with Intern  
Allow Intern to co-teach and to work with small groups or individuals  
Provide feedback on Intern’s teaching skills  
Complete Weekly Feedback Logs | Meet with Intern, MT, & AP in charge of ESOL  
Schedule observations  
Explain, clarify, answer questions, especially required documentation |
|        | **Complete Weekly Feedback Logs** | | |
| 2 - 3  | Plan longer lessons, reflect on the lessons presented  
Participate in student-related activities  
Take responsibility for teaching at least one class of students, then 2 and 3 classes  
Schedule Formal Observation #1/3** | Assist TC in lesson planning and provide feedback  
Allow TC to do independent teaching with at least one class of students | Conduct Formal Observation # 1/3 |
|        | **Complete Weekly Feedback Logs**  
Submit lesson plan to MT & US for feedback | **Complete Weekly Feedback Log** | |
| 4 - 8  | Take over total teaching responsibility in coordination with MT for at least 4 weeks  
During Weeks 7 and 8, gradually return all classes to the MT and freely observe other teachers  
Schedule Formal Observation #2/4 | Assist TC in taking over total teaching responsibility of classes agreed upon  
During Weeks 7 and 8 gradually resume teaching responsibilities for all classes | Conduct Formal Observation # 2/4 |
|        | **Weeks 4 & 12:** Conduct video recording of teaching segment and upload to Blackboard for feedback  
**Complete Weekly Feedback Logs, Log of Hours, online evaluation forms**  
Submit lesson plan to MT & US for feedback | **Complete Weekly Feedback Logs, Mid-term or Final Evaluation Rubric, InTASC Rubric, Asmt. of Dispositions with US, and online evaluation forms** | **Complete Formal Observation Report & Lesson Plan Rating Scale, Mid-Term or Final Evaluation Rubric, InTASC Rubric, Asmt. of Dispositions with MT, and online evaluation forms** |

*Items in **red** indicate documents due to the University Supervisor.  
**4 Formal Observations should be scheduled in Weeks 3-4, 5-7, 10 - 11 and 13-14 of the Internship.*
# Teaching Schedule & Timeline B for On-the-Job Candidates

<table>
<thead>
<tr>
<th>Weeks*</th>
<th>Teacher Candidate (TC)</th>
<th>Mentor Teacher (MT)</th>
<th>University Supervisor (US)</th>
</tr>
</thead>
</table>
| 1 – 2  | Meet MT & content teachers who work with your ESL students  
Observe your MT teach her own and perhaps your class  
Ask MT to cover your class while you (1) observe content or grade-level teachers for differentiation strategies and classroom management approaches and (2) shadow at least two ESL students  
Arrange to observe in an elementary school if you are teaching at the secondary level (and vice versa)  
Learn about WIDA language proficiency testing schedule and how your own students’ scores are used for placement in the ESL program  
**Complete Weekly Feedback Logs** | Orient TC to school  
Facilitate observations of other teachers and classrooms  
Provide feedback on lessons created by the intern | Meet with Intern and MT  
Schedule observations  
**Complete Weekly Feedback Logs** |
| 2 – 3 & 11 - 12 | Continue drafting lesson plans and getting feedback from MT  
Schedule Formal Observations  
**Complete Weekly Feedback Logs**  
Submit lesson plan to MT & US for feedback | Provide feedback & suggestions on lesson plans, assessments, & classroom management  
**Complete Weekly Feedback Logs**  
**Complete Lesson Plan Rating Scale** | Conduct Formal Observations #1/3  
**Complete Formal Observation Report & Lesson Plan Rating Scale** |
| 4 – 8 & 13 - 16 | **Weeks 4 & 12:** Conduct video recording of teaching segment and upload to Blackboard for feedback  
Schedule Formal Observations  
**Complete Weekly Feedback Log**  
Submit lesson plan to MT & US for feedback  
**Complete Log of Hours & all evaluation forms** | Provide feedback & suggestions on lesson plans, assessments, & classroom management  
**Complete Weekly Feedback Logs, Lesson Plan Rating Scale, Mid-Term or Final Evaluation Rubric, InTASC Rubric, Assmt. of Dispositions, and online evaluation forms** | Conduct Formal Observations # 2/4  
**Complete Formal Observation Report & Lesson Plan Rating Scale, Mid-Term or Final Evaluation Rubric, InTASC Rubric, Assmt. of Dispositions, and online evaluation forms** |

*Items in red indicate documents due to the University Supervisor.

**4 Formal Observations should be scheduled in Weeks 3-4, 5-7, 10 - 11 and 13-14 of the Internship."
SPECIAL ASSISTANCE FOR TEACHER CANDIDATES

Teacher candidates will occasionally need special assistance and extraordinary arrangements to complete their licensure programs successfully. In such cases, the Teacher Candidate, University Supervisor, Mentor Teacher, and School Principal will collaborate to develop an individualized plan. The Director of Academic Operations, Office of Academic and Student Affairs will involve the Teacher Candidate’s Academic Advisor and must approve the plan.

Some special supports include:

- Arranging for observation of another candidate or a teacher who models the skills which the candidate needs to demonstrate, followed by a conference.
- Changing a placement within the school to provide a better match of candidate and Mentor teacher.
- Changing a placement to another school if a suitable alternative placement is not available in the same school.
- Modifying the schedule for independent teaching to begin more gradually and/or to add days.
- Providing special experiences during the period after independent teaching in order to address areas needing improvement.
- Referring the candidate to GMU’s Counseling and Psychological Services (CAPS) for personal or therapeutic support.
- Referring the candidate to GMU’s Office of Student Financial Aid (OFSA) for advice.
- Referring the candidate to GMU’s Student Health Services or another source of medical assistance.
- Facilitating conferences with the candidate’s academic advisor and/or course instructors.
- Advising the candidate that it is in his/her best interests to repeat all or part of an Internship in the following year.
# Log of Hours

*Before filling in this form, please make copies needed for the entire internship period.*

\(^1\)**Direct Teaching** = Time spent directly interacting with students, whether co-teaching, independent teaching, working with small groups, or working one-on-one with a student. Candidates should aim for a variety of direct teaching experiences.

\(^2\)**Indirect Teaching** = Time spent observing, planning, grading, attending faculty meetings, and other teaching-related experiences.

\(^3\)**School-based Activities** = non-teaching duties occurring outside of school hours, such as parent open house or school multicultural nights.

**Total Hours:**
Instructions for Completing Log of Hours

In Virginia, the application for teacher licensure requires reporting the amount of time spent in certain activities during the Teaching Internship. The state mandates a minimum of 200 hours in supervised classroom experience, of which 150 hours must be direct teaching hours in teaching activities at the level of endorsement.

The Mason state-approved program requires more than the state’s minimum requirements. However, in unusual circumstances, the Director of Student and Faculty Services may approve termination of the Teaching Internship after a student meets minimum requirements.

Teacher candidates are encouraged to make daily entries of direct, indirect teaching, and school activity hours in their time logs. Logs should be verified by Mentor teachers before being submitted to the University Supervisor, typically at the mid-term and end of the semester.

**Direct Teaching** involves independent teaching of individuals, small groups, or whole classes. Independent teaching includes taking full responsibility for supervising and teaching according to plans developed by the Teacher candidate and approved by the Mentor teacher.

**Indirect Teaching** refers to time spent observing, planning, grading, attending faculty meetings, staff development, bus duty, parent conferences or other teaching-related experiences.

**School-based Activities** would include non-teaching duties occurring outside of school hours, such as parent open house or school multicultural nights.

You can use the Comments column to make brief notes about unusual circumstances such as state testing or field trips.

Hours are to be totaled by the Teacher candidate and each page of the log verified by the Mentor teacher and reviewed by the University Supervisor. A separate log sheet should be started when working with a second (or third) Mentor teacher. During the final week of each school placement, the Teacher candidate submits the log (which may require estimating for the final week) to the University Supervisor.
**Weekly Feedback Log for Informal Observations by MT**

*Teacher Interns should be observed while teaching independently at least twice each week for 30 – 60 minutes each time, with the Mentor Teacher providing critical feedback for improvement using the items listed on the Lesson Plan Rating Scale and Formal Observation Report form found in this Internship Manual.*

<table>
<thead>
<tr>

1. Objectives:
   a. State what you expect the students to be able to do as a result of your lesson.
   b. List national, state, and local objectives.

2. Materials:
   a. List the books, equipment, and other materials to be used by the students.
   b. List the materials used by the teacher in teaching the lesson. This includes any equipment or technology tools.

3. Learning Experiences:
   The lesson plan should provide a rationale as well as the activities to be observed by the University Supervisor during each of four Formal Observations.

   For each part, provide sufficient detail to (a) help the University Supervisor visualize the lesson from beginning to end, (b) enable a substitute to teach the lesson with a minimum of preparation, and (c) enable you to reorient yourself should this be necessary during the process of teaching the lesson. Give estimated times (in minutes) for each part of the lesson.

   a. Background Context: Briefly describe (two to four sentences) previous lessons and activities that students have already experienced that have lead up to this lesson or are related to it.
   b. (Estimate number of minutes the activity will take) Introduction: Explain what you will do to introduce the lesson and tap students’ prior knowledge. Indicate the number of minutes that you anticipate this will take.
   c. (... estimated minutes needed for each activity) Learning Activities: Describe what the teacher and students will do. Indicate the number of minutes that you anticipate each activity will take.
   d. (... estimated time needed in minutes) Closure: Explain how you will close the lesson. For example, what open-ended questions (not YES/NO questions) will you ask of the students to summarize the day’s learning? ALWAYS RESERVE THE LAST FIVE MINUTES OF THE LESSON TO CHECK ON STUDENTS’ COMPREHENSION.
   e. Differentiation: Describe how you will adapt teaching techniques and materials to facilitate learning by students at different levels of English proficiency.
4. **Assessment:** *MUST BE A WAY TO RECORD STUDENT LEARNING IN THIS LESSON*
   a. Outline the procedures and criteria you will use in assessing each of the objectives stated above.
   b. **ATTACH** your assessment tool (rubric, checklist, rating scale, format for anecdotal notes).

**Efforts to Accommodate:**

Visual learners___________________________________________
Auditory learners___________________________________________
Kinesthetic learners_________________________________________
Specials needs learners (Disabled and/or Gifted)________

**MOST IMPORTANT THING TO REMEMBER**

A Lesson Plan is a PLAN that you can deviate from any time you detect a “teachable moment.” That is, you stop to redirect the lesson when it is not going the way you planned it. For example, you may determine that students are not engaged or are resisting the task or activity so you **modify or stop the activity or begin the next one.** OR you may see that many students are struggling with the vocabulary for an activity, so you **stop and write the words on the board and model a word analysis task** – taking apart prefixes and suffixes and examining the root word. You will need to be attuned to how students are responding to your lesson in order to make changes as you go along.

Your job is to bring the students along with you, not to keep on going when you have lost the attention of the students.

Make sure to assign a name to your electronic file using the file-naming protocol below:

**File-Naming Protocol** - During the ESL Teaching Internship, please name each file submitted for feedback or for a score using the following protocol:

LAST NAME_FIRST INITIAL_Requirement Name_mmddyy

(Month Day Year of Date Submitted)

Lesson Plan Rating Scale *** Formal Observation # ____

University Supervisors and Mentor teachers will each score independently the Teacher Candidate’s planning and instructional skills observed during the Formal Observation. Please compare scores (by phone, email, or in-person), and assign the scores that you both agree on. A passing score will be at least a total of 36 points with no single item less than a 2.

1 = Not Observed  2 = Ineffectively  3 = Effectively  4 = Highly Effective

**BEFORE TEACHING**

1. Planned developmentally appropriate, research- & standards-based instructional activities based on language proficiency assessment results  
   *(TESOL Standards 3a, 3b, 4a)*

2. Planned for a multilevel classroom by incorporating appropriate scaffolding  
   *(TESOL Standard 3a)*

3. Used knowledge of culture and culturally-responsive materials to plan lessons that support learning  
   *(TESOL Standard 3a)*

4. Planned lessons focusing on integration of language through content  
   *(TESOL Standard 3a)*

5. Collaborated with Mentor Teacher (and others) to support learning of language and literacies in content areas  
   *(TESOL Standard 3d)*

6. Adapted relevant materials to promote student learning  
   *(TESOL Standard 3e)*

**DURING TEACHING**

7. Used teaching activities that engaged the learners, including cooperative learning and interactive tasks  
   *(TESOL Standard 3b)*

8. Made appropriate adjustments to support student learning  
   *(TESOL Standard 3c)*

9. Checked for learner comprehension and made appropriate adjustments to support student learning  
   *(TESOL Standard 3c)*

10. Used digital resources to promote learning of language & literacies  
    *(TESOL Standard 3e)*

11. Used language proficiency assessment results to make appropriate instructional adaptations  
    *(TESOL Standard 4a)*

12. Recorded/document formative assessment of student learning  
    *(TESOL Standard 4b)*

<tr>
<td><strong>Planning Instruction</strong> <em>(TESOL Standards 3a, 3b, 3c)</em></td>
<td>Plans a teacher-centered classroom, does not differentiate instruction, does not address standards and does not reflect on teaching.</td>
<td>Plans activities that may not be research-based, do not differentiate instruction, or address either ESL or content-based standards, but may not reflect on teaching or make needed adjustments.</td>
<td>Plans research-based classroom activities with some differentiation, bases learning activities on both ESL and content-based standards, provides scaffolding for learning, and reflects on teaching but inconsistently makes necessary adjustments.</td>
<td>Plans developmentally appropriate, research-based instructional activities for multilevel classrooms that are supportive of linguistically and culturally diverse students, including those with special needs, bases learning activities on both ESL and content-based standards, provides a variety of scaffolding for learning, and reflects on teaching and consistently makes necessary adjustments.</td>
</tr>
<tr>
<td><strong>Managing &amp; implementing instruction</strong> <em>(TESOL Standards 3a, 3b, 3e)</em></td>
<td>Does not use activities that integrate language skills and content objectives AND does not use digital resources.</td>
<td>Demonstrates a limited range of teaching activities that may address only language objectives OR does not use digital resources.</td>
<td>Demonstrates teaching activities that integrate language skills and content objectives, and uses digital resources to enhance learning.</td>
<td>Demonstrates a range of teaching activities that integrate listening, speaking, reading, and writing with content objectives, uses cooperative learning and a range of digital resource materials effectively, and provides access to the core curriculum.</td>
</tr>
<tr>
<td><strong>Classroom Management Skills</strong></td>
<td>Does not show respect for all students, is unable to manage conflicts and disruptive behavior, and applies consequences inconsistently.</td>
<td>Shows respect for all students but is frequently unable to manage conflicts and disruptive behavior and/or applies consequences inconsistently.</td>
<td>Ensures that most students are on task, shows respect for students, but may have problems managing minor conflicts or disruptive behavior effectively or applying consequences consistently, and sets and enforces high expectations.</td>
<td>Ensures that most or all students are on task, shows respect for students, prevents or manages conflicts and disruptive behavior, applies consequences consistently, and sets and enforces high expectations for each student.</td>
</tr>
<tr>
<td><strong>Culture (TESOL Standard 3a)</strong></td>
<td>Does not demonstrate knowledge about students’ cultural values.</td>
<td>Demonstrates knowledge of students’ cultural values and beliefs but does not incorporate these values into lesson plans or instructional activities.</td>
<td>Applies knowledge of students’ cultural values and beliefs to promote student learning but may only occasionally integrate these into lesson plans or instructional activities.</td>
<td>Regularly integrates students’ cultural values and beliefs into lesson plans and instructional activities to tap prior knowledge and promote student learning.</td>
</tr>
<tr>
<td><strong>Classroom-based (formative) Assessment (TESOL Standard 4b)</strong></td>
<td>Does not conduct formative assessments or use performance-based assessment tools.</td>
<td>Uses few formative assessment tasks and tools, or most are not performance-based, or some of these do not provide appropriate scaffolding, and/or does not analyze results to inform instruction.</td>
<td>Designs formative assessment tasks and tools based on classroom instruction but some may not be performance-based or may not provide appropriate or sufficient scaffolding, uses results appropriately to direct instruction.</td>
<td>Designs and administers formative, performance-based assessment tasks and tools based on classroom instruction and curriculum objectives, provides appropriate scaffolding, and uses results appropriately to direct instruction.</td>
</tr>
<tr>
<td><strong>Responsibility (TESOL Standards 3d, 5a)</strong></td>
<td>Consistently arrives late, comes unprepared, or does not follow school dress code. Does not participate in after- or before-school activities.</td>
<td>May frequently be late or absent or comes unprepared or may not follow school dress code. Does not participate in after- or before-school activities.</td>
<td>Arrives consistently on time, comes prepared for the task, and follows school’s dress code. May participate in after- or before-school activities.</td>
<td>Arrives consistently early for each class or teacher meeting, comes fully prepared for the task at hand, participates in after- or before - school activities, and follows school’s dress code.</td>
</tr>
</tbody>
</table>
| **Professionalism**  
(TEP Standards 3d, 5a, 5c, 5d) | Does not respond appropriately to feedback, does not communicate effectively with MT or US, delays in submitting required documentation, and/or does not collaborate with the MT. | Does not respond appropriately to feedback or does not communicate effectively with MT or US. May delay in submitting required documentation or may not collaborate effectively with the MT. | Uses self-reflection and responds well to feedback but may not consider professional practice or communicate effectively with MT or US and/or may delay in submitting required documentation, and works collaboratively with the MT. | Engages in self-assessment and reflection to respond to constructive feedback appropriately and develop professional practice, communicates promptly and effectively with both MT and US, submits documentation by required deadlines, and works collaboratively with the MT. |
|---|---|---|---|---|
| **Leadership**  
(TEP Standard 3d, 5a, 5b) | Demonstrates lack of awareness of school, district, and governmental policies and legislation and does not apply them to advocate for ELLs. | Demonstrates awareness of school, district, and governmental policies and legislation but does not apply them to advocate for ELLs. | Applies knowledge of school, district, and governmental policies and legislation and consistently advocates for ELLs. | Effectively applies knowledge of school, district, and governmental policies and legislation, as well as collaboration strategies, to consistently advocate for ELLs. |

To be completed by the Mentor teacher and University Supervisor at MID-TERM and END of independent teaching for each school placement.
## Summary of Scores on Analytic Scoring Rubric for Evaluation of ESL Teacher Candidates

*Please indicate *consensus scores* between the Mentor teacher and University Supervisor on performance status of the Teacher candidate at mid- and end-of-semester.*

InTASC Scoring Rubric (common assessment)
College of Education and Human Development - George Mason University

Mid-Semester ___  Final ___  Conference Date: ____________

This rubric describes the clinical experience performance standards in the College of Education and Human Development at George Mason University. This instrument assesses classroom performance at 2 points during each semester and is completed jointly by the University Supervisor and Mentor Teacher. If the average score for all standards is less than 3, or any individual standard is less than 3, the clinical experience/internship may be extended and materials resubmitted per instruction from your University Supervisor and Internship Coordinator.

This Internship evaluation form was designed to assess the Interstate Teacher Assessment and Support Consortium (InTASC) Standard Model Core Teaching Standards. These standards guide teacher education programs around the country and are a required part of our accreditation process. More information about the standards can be found at www.ccsso.org/Documents/2011/InTASC_Model_Core_Teaching_Standards_2011.pdf. Each standard is listed below and rows have been developed to assess specific elements in each standard. When applicable, further explanation of some standards is included in the first column of the rubric.

This assessment also meets the Virginia Department of Education (VDOE) Standards for the Professional Practice of All Teachers. Standards are tagged with the appropriate VDOE standard, as applicable. Virginia Department of Education’s technology standards for educators are assessed at the end of this document.

Programs may choose to identify content knowledge and pedagogy standards that are met by the InTASC standards. If used, they are also identified in the appropriate rubric row.

Standards:

*InTASC Standards: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 (*Interstate Teacher Assessment & Support Consortium)

CAEP Standards: 1.1, 1.2, 1.3, 1.4, 1.5

VDOE Standards: 1, 2, 3, 4, 5, 6
Scoring Guidelines

**4-Exceeds Standard:** Candidates receive a score of 4 if they perform beyond the expectations of candidates at this point in their programs. There is evidence that candidates have done additional research, identified additional resources, and/or demonstrate exceptional understanding and application of the standard.

**3-Meets Standard:** This is the TARGET score. This score reflects that candidates have met the standard at the level expected at this point in their program. Candidates who receive a 3 have successfully met the standard.

**2-Approaching Standard:** Candidates receive this score when their understanding and effort does not meet the Target but shows basic understanding of the content being assessed.

**1-Does not meet standard:** Candidates who do not submit work, and/or who submit work that is clearly below the expectations for a candidate at this point in their program.
**LEARNER AND LEARNING**

**InTASC 1 Learner Development**
The candidate understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences that include the use of technology.

<table>
<thead>
<tr>
<th>Performance</th>
<th>1</th>
<th>2</th>
<th>3</th>
<th>4</th>
<th>Evidence/Comments</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>1.1 The candidate applies appropriate learning theories recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas.</strong></td>
<td>Candidate displays little or no knowledge of the developmental characteristics of the age group.</td>
<td>Candidate displays partial knowledge of the broad developmental characteristics of the age group.</td>
<td>Candidate displays accurate understanding of the typical developmental characteristics of the age group, as well as exceptions to the general patterns across the cognitive, linguistic, social, emotional, and physical areas.</td>
<td>In addition to accurate knowledge of the typical developmental characteristics of the age group and exceptions to the general patterns, the candidate displays knowledge that individual learner development varies within and across the cognitive, linguistic, social, emotional, and physical areas.</td>
<td></td>
</tr>
</tbody>
</table>

**VDOE 1**

| 1.2 The candidate designs and implements developmentally appropriate and challenging learning experiences that include the use of technology. | Candidate lacks understanding how learners learn and does not seek information about developmentally appropriate learning experiences nor uses technology as an instructional tool. | Candidate recognizes the value of understanding how learners learn, but knowledge is limited or outdated. Technology is not used as an instructional tool or the technology used is not appropriate for the task or developmental characteristics of the age group. | Candidate’s knowledge of how learners learn is accurate and current. Candidate designs and implements technology enhanced, developmentally appropriate and challenging learning experiences for both the class as a whole and individual learner. | Candidate demonstrates extensive and subtle understanding of how learners learn and applies this knowledge to the classroom community. The candidate implements a range of developmentally appropriate and challenging learning experiences for the class as a whole, small groups, and individual learners. Appropriate technologies are used to enhance learning, collaboration, and high order thinking. | |

**VDOE 2 Technology Diversity**

**InTASC 2 Learning Differences**
The candidate uses understanding of individual differences, diverse cultures, and communities to ensure inclusive learning environments that enable each learner to meet high standards.

<table>
<thead>
<tr>
<th>Performance</th>
<th>1</th>
<th>2</th>
<th>3</th>
<th>4</th>
<th>Evidence/Comments</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>2.1 Candidate creates an environment that values individual differences and diverse cultures, and communities.</strong></td>
<td>The candidate’s plans and practice display little understanding of the relevance of individual differences to learning. The candidate provides minimal information to families about individual learners, or the communication is inappropriate to the cultures of the families. Candidate does not respond, or responds insensitively, to family or community concerns about learners.</td>
<td>Candidate’s plans and practice indicate some awareness of how to address individual differences to learning, although such knowledge may be inaccurate or incomplete. Candidate adheres to required school procedures for communicating with families. Responses to family concerns are minimal or may reflect occasional insensitivity to cultural norms.</td>
<td>Candidate’s plans and practice address individual learning differences. Candidate communicates with families about learners’ progress on a regular basis, respecting cultural norms, and is available as needed to respond to family concerns.</td>
<td>Candidate’s plans and practice consistently exhibit a variety of ways to meet individual differences to learning. Candidate frequently provides information to families related to learner progress, with learners contributing to the design of the system. Response to family concerns is handled with professional and cultural sensitivity.</td>
<td></td>
</tr>
<tr>
<td><strong>2.2 Candidate ensures inclusive learning by addressing the needs of diverse learners.</strong></td>
<td>Candidate does not monitor learning. Instructional outcomes, activities and assignments, and classroom interactions convey low expectations for at least some learners.</td>
<td>Candidate monitors the progress of the class as a whole but elicits no diagnostic information. Instructional outcomes, activities and assignments, and classroom interactions convey only modest expectations for learning and achievement.</td>
<td>Candidate monitors the progress of groups of learners in the curriculum, making use of diagnostic prompts to elicit information. Instructional outcomes, activities and assignments, and classroom interactions convey high expectations for learners.</td>
<td>Candidate actively and systematically gathers and uses diagnostic information from individual learners and monitors their progress. Instructional outcomes, activities and assignments, and classroom interactions convey high expectations for all learners.</td>
<td></td>
</tr>
</tbody>
</table>

**InTASC 3. Learning Environments**
The candidate works with others to create face-to-face and virtual environments that support individual and collaborative learning, encourage positive social interaction, active engagement in learning, and self-motivation.
### CONTENT KNOWLEDGE—Also see SPA Standards.

**InTASC 4. Content Knowledge**
The candidate understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make these aspects accessible and meaningful for learners to ensure content mastery.

<td><strong>All outcomes represent high expectations and rigor and important learning across disciplines. Plans connect to a consistent sequence of learning. There is a strong connection to digital-age technology, content areas, curriculum, cross-disciplinary skills, and pedagogy. Instruction is effective at increasing learning.</strong></td>
</tr>
</tbody>
</table>

Candidate does not incorporate formative assessment in the lesson or unit. The candidate’s approach to the use of formative assessment is rudimentary, including only some of the instructional outcomes and does not involve the learner in decision making. The candidate’s approach to using formative assessment to monitor and adjust instruction and includes a process where the learner, as well as teacher, uses information from the assessments. Candidate has a well-developed formative assessment plan that uses data to monitor and adjust instruction. The Teacher Candidate has designed particular approaches to be used and actively involved the learner in decision making.

Outcomes represent low expectations for learners and lack of rigor. Lesson plans do not reflect important learning in the discipline or a connection to a sequence of learning or effective pedagogy. Outcomes represent limited levels of expectations and rigor. Some plans reflect important learning in the discipline and at least some connection to a sequence of learning drawing upon knowledge of several of the following areas: digital age technology, content areas, curriculum, cross-disciplinary skills, and pedagogy, but the application is ineffective at increasing learning. Outcomes represent high expectations and rigor and important learning in the discipline. Plans exhibit a sequence of learning with strong connections to digital age technology, content areas, curriculum, cross-disciplinary skills, and pedagogy. Instruction is effective at increasing learning.
### Performance 8.1 The candidate understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections.

**Comments/Goals:**
TECHNOLOGY STANDARDS

Virginia’s Department of Education (VDOE) has identified technology standards for instructional personnel. Virginia teachers take on four roles related to the effective use of appropriate technologies. The following roles are assessed below.

- Lifelong Learner
- Digital Leadership
- Learning Facilitator
- Skilled Technology User

Additionally, CAEP identifies the following technology standards that apply to field-based experiences and instruction of P-12 students:

1.5 Providers ensure that candidates model and apply technology standards as they design, implement and assess learning experiences to engage students and improve learning; and enrich professional practice.

2.3 The provider works with partners to design clinical experiences of sufficient depth, breadth, diversity, coherence, and duration to ensure that candidates demonstrate their developing effectiveness and positive impact on all students’ learning and development. Clinical experiences, including technology-enhanced learning opportunities, are structured to have multiple performance-based assessments at key points within the program to demonstrate candidates’ development of the knowledge, skills, and professional dispositions, as delineated in Standard 1, that are associated with a positive impact on the learning and development of all P-12 students.

3.4 The provider creates criteria for program progression and monitors candidates’ advancement from admissions through completion. All candidates demonstrate the ability to teach to college- and career-ready standards. Providers present multiple forms of evidence to indicate candidates’ developing content knowledge, pedagogical content knowledge, pedagogical skills, and the integration of technology in all of these domains.
## Technology

Candidates model and apply technology standards as they design, implement and assess learning experiences to engage students and improve learning; and enrich professional practice. Candidates effectively use available technologies to provide opportunities for all learners to use technology in a purposeful and developmentally appropriate way.

### VDOE 1 Lifelong Learner

Candidates engage in ongoing professional learning related to content, pedagogy and technology.

Assessment of Dispositions

Candidate’s Name: __________________________________________________

Evaluators: ___________________________________________ Date Assessed: ________________________________

Education professionals are held to high standards, both inside and outside of the classroom. Educators are evaluated on their behaviors and interactions with students, parents, other professionals, and the community at large. The behaviors observed reflect the dispositions held by education professionals at all stages in their careers, including as a candidate in CEHD’s teacher licensure programs.

Dispositions reflect one’s attitudes and deeply held beliefs. They can be positive (e.g., committed) or negative (e.g., apathetic). Dispositions are not directly “visible,” but are inferred from one’s actions. Throughout a candidate’s program of study at Mason, s/he should demonstrate behaviors that reflect positive dispositions befitting a professional. Dispositions are assessed multiple times during the teacher education program. Growth in one’s dispositions is developmental and can be informed through instruction, experience, and reflection. A single occurrence of dispositional issues might be due to a lack of understanding of the disposition and expectations of appropriate behaviors. It is important that an assessor rely on observations of candidate behaviors when assessing dispositions. Assessment of dispositions should not be used as a punitive action, but as an instructional tool to address developmental gaps or clarify the overt actions being assessed for each dimension of the disposition.

Directions for EVALUATORS:
For each of the dimensions below, please rate the degree to which you observe the candidate behaving in a fashion consistent with each disposition, 4 being the highest as “Consistently Evident,” 1 being the lowest as “Not Evident.” Assessors will base ratings upon multiple data points, observations, and/or incidents.

NOTE: A score of 4 - Consistently Evident is a rating for candidates who exhibit behaviors beyond the expectations of candidates at this point in their programs. A score of 3 (Often Evident) is the target score. A score of 2 (Occasionally Evident) should be viewed as a “teachable moment” for the assessor. The assessor should meet with the candidate to clarify expectations and discuss what behaviors were observed that warranted a score of 2. (See the Educator Preparation Office (EPO) website at https://cehd.gmu.edu(epo) for specific information related to this process.) A single score of 1 (Rarely Evident) will require the creation of a Disposition Development Plan to assist the candidate in improving dispositions. (See the EPO website at https://cehd.gmu.edu(epo) for a copy of the Plan.) For further direction and specifics related to how the dispositions are assessed in your program, please contact your Academic Program Coordinator, Course Lead, Assessor, or the Educator Preparation Office at 703-993-5899.
Rating Guidelines:

4-**Consistently Evident** - Consistently Evident is a rating for candidates who exhibit behaviors beyond the expectations of candidates at this point in their programs. Observers see candidates demonstrate behaviors consistent with professional dispositions in multiple situations/data points.

3-**Often Evident** - is the TARGET score. This score reflects that candidates have met the standard at the level expected at this point in their program. Behaviors are observed that align with expectations for this specific dimension of the dispositions. Candidates who receive a 3 have successfully met the disposition.

2-**Occasionally Evident** - Candidates receive this score when their understanding and effort does not meet the target but they exhibit some of the behaviors associated with the disposition. A score of 2 requires a conversation with the candidate to clarify the target or educate him/her on the appropriate behaviors associated with the disposition.

1-**Rarely Evident** - Candidates receive a 1 when his/her understanding and behaviors related to a disposition is not evident or rarely exhibited. A score of 1 requires a specific action plan to educate and/or remediate behaviors associated with the disposition.
Descriptions of behaviors are provided for each dispositional dimension and are meant to be representative examples of observable behaviors. The examples may pertain to your specific setting, but should not be viewed as encompassing all observable behaviors related to the disposition:

1. **Openness to Feedback**
   The candidate demonstrates (through actions and words) that she/he:
   - Is receptive to constructive criticism/growth-producing feedback
   - Self-regulates and modifies professional behavior based on feedback
   - Seeks opportunities for professional growth to improve practice
   - Acts on feedback toward improvement

<table>

5. **Professionalism**
The candidate demonstrates (through actions and words) that she/he:
- Is punctual and well prepared
- Exhibits professional demeanor (dress & appearance)
- Is reliable & responsible
- Demonstrates respect for students, families, colleagues, and/or property
- Uses technology & social media appropriately

6. **Legal and Ethical Conduct**
The candidate demonstrates (through actions and words) that she/he:
- Exhibits integrity and ethical behavior
- Maintains privacy and confidentiality of sensitive information
- Demonstrates fairness and consistency in applying and enforcing rules, policies, and regulations

**Interpretation of Scores**

1. Is there a score of 2 on the assessment? If so, have you scheduled a meeting with the Candidate?

2. Is there a score of 1 on the assessment? If so, have you scheduled a meeting with the Candidate and begun to develop an Action Plan?

3. Please add any relevant comments to the ratings above here:
Professional Dispositions

See https://cehd.gmu.edu/students/policies-procedures/undergraduate#profdisp

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see https://catalog.gmu.edu/policies/honor-code-system/ http://oai.gmu.edu/the-mason-honor-code/).

- Students must follow the university policy for Responsible Use of Computing (see http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/).

- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.

- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see http://ods.gmu.edu/).

- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or https://cehd.gmu.edu/aero/tk20. Questions or concerns regarding use of Blackboard should be directed to http://coursesupport.gmu.edu/.

- For information on student support resources on campus, see https://ctfe.gmu.edu/teaching/student-support-resources-on-campus

For additional information on the College of Education and Human Development, please visit our website https://cehd.gmu.edu/students/.
