# GEORGE MASON UNIVERSITY COLLEGE OF EDUCATION AND HUMAN DEVELOPMENT

# EDRS 621 Qualitative Inquiry in Education Fall 2012 Monday 7:20 pm – 10:00 pm Thompson L108

### **PROFESSOR**

Name: Dr. Kimberly Sheridan Office phone: (703) 993-9181 Office location: West 2204 Office hours: By appointment

Virtual Office hours: Mondays and Wednesdays 10 AM-12 Noon

**Email address:** <u>ksherida@gmu.edu</u> \*email is the best way to contact me

## **COURSE DESCRIPTION**

This course focuses on the study of basic application of naturalistic research methods. It examines major theoretical frameworks, and qualitative research techniques, which include participant observation, interviewing, coding, and interpretation of data. (Prerequisite: EDRS 590 or equivalent)

## NATURE OF COURSE DELIVERY

This course is designed to be highly interactive as students are guided through the process of learning to use, conduct, and write about qualitative research in education. The course will be taught using lectures, class discussions, and individual and group activities. Technologies such as web-based discussion boards and qualitative research software may also serve as a medium for instruction. Students should be prepared to participate and lead discussions during each class meeting.

# **VIRTUAL OFFICE HOURS:**

I designate 4 hours each week (Monday and Wednesday mornings 10AM-12) as times when I will reply to any emailed questions you may have about the course, your projects, the readings, or qualitative research more broadly. If you email me at other times, I may get to them sooner than these times, but these are the times explicitly designated. Please put EDRS621 in the subject heading of all emails so they will safely arrive in my designated filter for this course.

#### STUDENT OUTCOMES

## This course is designed to enable students to:

• gain a basic understanding of current qualitative research methods and the theories and epistemologies that have influenced their development.

- gain experience with data collection techniques including participant observation and qualitative interviewing.
- gain an understanding of basic approaches to qualitative data analysis and interpretation, including categorization strategies such as coding and matrices, and connecting strategies such as case studies
- find, understand, evaluate, and apply published research that is relevant to their field.
- thoughtfully consider ethical issues in qualitative research
- thoughtfully consider validity issues in qualitative research

# RELATIONSHIP TO PROGRAM GOALS AND PROFESSIONAL ORGANIZATION

The program goals are consistent with the following Learner-centered psychological principles (APA Division 15) outlined by the American Psychological Association Presidential Task Force in Education.

- Principle 1: The Nature of Learning Process
- Principle 2: Goals of the Learning Process
- Principle 3: Construction of Knowledge
- Principle 4: Strategic Thinking
- Principle 5: Thinking about Thinking
- Principle 6: Context of Learning
- Principle 7: Motivational and Emotional Influences on Learning
- Principle 8: Intrinsic Motivation to Learn
- Principle 9: Effects of Motivation on Affect
- Principle 10: Developmental Influences on Learning
- Principle 11: Social Influences on Learning
- Principle 12: Individual Differences on Learning
- Principle 13: Learning and Diversity
- Principle 14: Standards and Assessment

#### For more information please see:

American Psychological Association (1997). Learner-centered psychological principles: A framework for school redesign and reform.

http://www.apa.org/ed/governance/bea/learner-centered.pdf Retrieved August 25, 2011.

#### **COURSE MATERIALS**

## Required texts:

Bogdan, R. & Biklen, S. (2007). *Qualitative research for education: An introduction to theory and methods* (5th ed.). Needham Heights, MA: Allyn & Bacon.

Maxwell, J. A. (2005). Qualitative research design: An interactive approach (2<sup>nd</sup> ed). Thousand Oaks, CA: Sage Publications. OR Maxwell, J. A. (2012). Qualitative research design: An interactive approach (3<sup>rd</sup> ed). Thousand Oaks, CA: Sage Publications.

### Recommended text:

Weiss, R. (1994). Learning from strangers: The art and method of qualitative interviewing. New York: Free Press.

Additional required articles will be drawn from the GMU electronic databases or available on Blackboard.

# **COURSE REQUIREMENTS**

# 1. Participation 10%

During class sessions in this course, we work on learning concepts, practicing the craft of qualitative research, and reflecting and analyzing research. It is essential to your learning that you come prepared to thoughtfully participate. Please complete required readings and participate thoughtfully in class activities and discussions. More than one absence, except under extenuating circumstances, will automatically lower your participation grade.

# 2. Article critique 30%

You will write a critical analysis of a qualitative research article on a topic related to your research proposal. Details on the assignment and evaluation criteria will be handed out in class.

# 3. Research Memos 30%

You will be regularly writing memos in response to prompts, both during class and as outside assignments that you will turn as a collection. Details on the assignments and evaluation criteria will be handed out in class.

# 4. Participant observation project 30%

You will propose, conduct, and write field notes and an analytic memo on a 1 -2 hour field observation relevant to your research proposal. Details on the assignment and evaluation criteria will be handed out in class.

# **Interview project 30%**

You will write an interview protocol, conduct a 1 to 1.5 hour interview, transcribe the interview and write an analytic memo. Details on the assignment and evaluation criteria will be handed out in class.

## **Grading Scale**

$$A + = 98 - 100\%$$
  $A = 93 - 97.99\%$   $A - = 90 - 92.99\%$   $B + = 88 - 89.99\%$   $B = 83 - 87.99\%$   $B - = 80 - 82.99\%$   $C = 70 - 79.99\%$   $F < 70\%$ 

COLLEGE OF EDUCATION AND HUMAN DEVELOPMENT STATEMENT OF EXPECTATIONS:

#### • GMU Policies and Resources for students

- a. Students must adhere to the guidelines of the George Mason University Honor Code [See <a href="http://academicintegrity.gmu.edu/honorcode/">http://academicintegrity.gmu.edu/honorcode/</a>].
- b. Students must follow the university policy for Responsible Use of Computing [See http://universitypolicy.gmu.edu/1301gen.html].
- c. Students are responsible for the content of university communications sent to their George Mason University email account and are required to activate their account and check It regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.
- d. The George Mason University Counseling and Psychological Services (CAPS) staff consists of professional counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students' personal experience and academic performance [See <a href="http://caps.gmu.edu/">http://caps.gmu.edu/</a>].
- e. Students with disabilities who seek accommodations in a course must be registered with the George Mason University Office of Disability Services (ODS) and inform their instructor, in writing, at the beginning of the semester [See <a href="http://ods.gmu.edu/">http://ods.gmu.edu/</a>].
- f. Students must follow the university policy stating that all sound emitting devices shall be turned off during class unless otherwise authorized by the instructor.
- g. The George Mason University Writing Center staff provides a variety of resources and services (e.g., tutoring, workshops, writing guides, handbooks) intended to support students as they work to construct and share knowledge through writing [See <a href="http://writingcenter.gmu.edu/">http://writingcenter.gmu.edu/</a>].
- Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times.

• Core Values Commitment

The College of Education & Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles. <a href="http://cehd.gmu.edu/values/">http://cehd.gmu.edu/values/</a>

For additional information on the College of Education and Human Development, Graduate School of Education, please visit our website [See <a href="http://gse.gmu.edu/">http://gse.gmu.edu/</a>]

# ADDITONAL CLASS POLICIES

# **Paper Format**

- 1 inch margins on all sides, double-spaced, 12-point Times New Roman font.
- Include the following information: title, name, date, professor, course number.
- All papers should be proofread for spelling, grammar, and clarity errors.
- Citation and references in APA format.

## **Late Assignments**

Assignments are due submitted in Blackboard at or before the start of class on the assigned due date. Late assignments will be marked down by half a letter grade for each

day the assignment is late. If there are questions or concerns about a particular situation, please contact me via email in advance of the deadline.

## PERFORMANCE BASED ASSESSMENT

# RUBRIC FOR EDRS 621 ARTICLE CRITIQUE Total Possible points 36

1. Writing and Mechanics (6 points)

1. Writing and Wicen	2 points	1 point	0 points
Selection of article	Article uses	Article uses	Article does not use
	qualitative research	qualitative research	qualitative research
