COURSE DESCRIPTION

Covers content, methodology, and resource materials in teaching health education for physical education teaching majors.

COURSE OBJECTIVES

At the completion of this course students should be able to:

1. Identify the basic divisions of comprehensive school health education programs, the eight components of the school health program, and the ten major content areas.
2. Describe the application of teaching methods for reducing the risk behaviors (6 categories identified by CDC) affecting today's learners.
3. Identify and implement appropriate learning opportunities related to learner developmental needs and individual variations during field experience.
4. Create and implement appropriate instructional strategies for all learners, as they relate to the ten major health content areas, the National Standards of Health Education, and the Health Standards of Learning for Virginia Public Schools.
5. Develop and deliver lesson plans to meet diverse learning needs.
6. Utilize technology to enhance student learning.
7. Apply appropriate classroom management and instructional strategies for effective learner environments.
8. Develop appropriate assessment strategies in the lesson plans congruent with program goals and behavioral objectives.
9. Peer-evaluate and self-evaluate teaching through journal writing and lesson plans.
10. Identify and use community resources to enhance health education opportunities.

EVALUATION

This course will be graded on a point system, with a total of 500 possible points.

REQUIREMENTS

<i>Bulletin Board</i>	30
<i>First Exam</i>	50
<i>Class Presentation/Lesson Plan/Reflection</i>	50
<i>Field Experience</i>	100
<i>Assignments/Journals/Methods Notebook</i>	140
<i>Smart Board Presentation</i>	50
<i>Final Exam</i>	80
TOTAL POINTS	500

Bulletin Board-Design a bulletin board (approximately 22” x 26”) to provide a visual of a health education message.

First Exam-Chapters 1-4 and 16.

Class Presentation-Teach a 25-30 minute interactive lesson to the class. Draw out of the hat a health content area (you choose the health goal) and date of the presentation. Choose the grade level (it cannot be the same grade level as your field experience). Use of technology (i.e. Health APP, Smart Board) is required. The complete lesson plan is due on the day and time of your lesson. The reflection of your lesson is due (submit through Blackboard) the same day you present the lesson.

Field Experience-Observe 2 health lessons at different schools (one of the observations will be at the school where you present your health lesson). Teach a 45-minute health lesson at one of our predetermined schools. Your lesson must be presented in class before it is presented in the schools.

Smart Board Presentation-Create an interactive Smart Board activity focusing on the key points from your assigned chapter in our textbook. This review activity should be 10-15 minutes.

Journals-Write a journal for lessons presented using the required journal format. You must be an active participant during the lesson to submit a journal. Journals that show accuracy, thought, and reflection are worth 3 points. Journals are due at the end of each class on the day of the presentation. Save all graded journals for the Methods Notebook.

Health Methods Notebook-Organize the resources received in this course to use when you teach health. Save everything you receive in class for your Notebook.

Final Exam-All chapters in the textbook and all material discussed in class.

Grading Scale

A+ = 490-500	B+ = 435-449	C+ = 385-399	D = 300-349
A = 465-489	B = 415-434	C = 365-384	F = 299 and below
A- = 450-464	B- = 400-414	C- = 350-364
