### **Relationship to C&D Courses, Program Goals, and Professional Organizations**

*Internship in School Counseling* is the culminating course for master's degree students in the Counseling & Development [C&D] program. The internship experience is designed to enhance those skills acquired in practicum. This semester will provide opportunities to refine basic skills, acquire advanced skills, and reflect on ways to improve understanding and conceptual ability. Additional emphasis will be on C&D's basic mission statement, stressing the need for counselors to demonstrate *Advocacy, Leadership, Social Justice, and Multicultural Counseling Competencies*.

EDCD 791 fulfills the requirements for the following professional organizations:

- 1) Virginia Department of Education requirement for school counseling licensure that candidates understand the knowledge, skills and processes of individual counseling, and log 100 hours of supervised field experience at both the elementary and secondary levels.
- 2) Council for the Accreditation of Counseling and Related Educational Programs (CACREP) 2009 Standards that require counselor education programs include the study of helping relationships in a multicultural society; and
  - a. CACREP-Section II. Professional Identity
  - b. CACREP-Section School Counseling.
  - c. CACREP-Section SCP.D: Clinical instruction
- 3) American Counseling Association Code of Ethics requirement that counselors establish counselor education and training programs that integrate academic study and supervised practice.

### **Course Delivery**

This is a seminar class which includes class discussions, and group and triadic supervision. Class discussions will include brief didactic presentations on relevant and emerging topics for the internship students, and will include time for group discussion. Group supervision will focus on providing students an opportunity to present, discuss, conceptualize, and receive feedback. Students will have opportunities to discuss specific site-related issues and to strategize about techniques and interventions. Triadic supervision will occur between instructor/supervisor and two students, with supervisees taking turns sharing a taped counseling interaction with a student/client.

Because of the serious nature of this work, it is essential that students discuss their reactions and feelings. Such discussions, however, cannot take place outside the context of a supervised class or appropriate site circumstance. Students may not discuss cases in other classes, with friends or relatives, or in social situations. It is essential to maintain confidentiality. Violations of this principle in any form will be treated as a serious ethical/legal infraction. Please do not discuss cases in class. That is the primary purpose for meeting. It is also imperative that students discuss cases with their on-site supervisor. If students have questions or concerns that need immediate attention, please contact your university instructor.

*Professional articles will be assigned and distributed via Blackboard as indicated on the course schedule, and further articles may be assigned at any time during the semester.*

### **Course Requirements**

**EDCD 791-003 is graded on a Pass/Fail basis.** The following requirements must be met to receive a passing grade:

- 1) **Attendance and active participation at your internship site:** All C&D students must work at their internship sites for the full 15 weeks of the semester.
  - a. Internship students follow a regular schedule at their site, which is negotiated with the on-site supervisor.
- 2) **Attendance and active participation in internship class:** Students are expected to arrive on time and stay for the entire class period.
  - a. Students are expected to actively participate in class, including providing constructive feedback and suggestions for classmates.
  - b. Missing two classes will result in a failing grade for this course. Excessive lateness to or leaving early from class may result in failing this course.
- 3) **Completion of all assignments:** Assignments must be reflective of APA, ethical, multicultural and university standards and turned in on time.
- 4) **Cover Letter:** Students will write a cover letter applying for a job as a professional school counselor. Students will provide and receive feedback from other class members on their letters.
- 5) **Introductory Letter:** In anticipation of your new job, students will each write a letter to use at a new school, to serve as an introduction to your new school community (i.e., students, faculty, administration, and/or parents)
- 6) **Professional Counseling Liability Insurance:** Internship students must provide evidence of their professional counseling liability insurance policy. Professional counseling organizations provide with membership or they offer student rates.
- 7) **Internship documents:** Internship students are responsible for downloading Internship documents and providing copies to site supervisors. *We encourage you to ask your site supervisor whether they would like an electronic copy or a print copy, and make it your responsibility that they have a copy in their desired format.* The following documents are located on the Community Blackboard site:[<https://gmucommunity.blackboard.com>] Overview of Internship; School Counseling Internship Contract; Log of Hours; Mid-semester Evaluation; Final Evaluation, Evaluation of Clinical Field Experience; School Counseling Field Experience.

- 8) **School Counseling Internship Contract.** Contracts will be downloaded, completed, and printed out from the C&D BlackBoard site, and must be signed by the Site Supervisor, University Supervisor and internship student.
- 9) **Internship SMART Goal Statement.** Students should develop SMART Goals for their internship experience. These goals should be developed in collaboration with the site supervisor and the university supervisor, and should describe specific goals particular to the student's needs, the needs of the site, and the experiences available. The SMART goals must include at least one school counseling curriculum unit or a small group experience. Students may collaborate with their supervisor or other educators in developing the Unit or group, but the project should be the intern's primary responsibility.
- 10) **Satisfactory mid-semester and final evaluations from Site Supervisor.** These evaluations should be completed by the site supervisor, and internship students should meet with their site supervisors to process these evaluations and receive verbal feedback on strengths and successes as well as areas for growth and goals for second half of the semester.
- 11) **Evaluation of Clinical Field Experience** will be completed by internship student at the end of the semester.
- 12) **Completion of on-site hours.** A minimum of 200 hours must be spent at the school placement. Hours spent on off-site training experiences may be counted only if prior approval from instructor has been obtained. Hours spent in class or at home preparing GMU assignments may not be counted toward the 200 hours. The minimum number of hours spent on-site at one time is to be no less than a 3-hour block of time. *Internship students are strongly encouraged to spend at least one full day per week at their site in order to get the true experience of being a professional school counselor.*

- 13) **Log of Hours.** Internship students will complete the Log of Hours, found on the C&D Organization page on Blackboard. The Log of Hours records all internship activities and hours is to be maintained, and is to be signed by both the student and the on-site supervisor at the completion of the internship, and submitted on the last day of class. *The Log of Activities should be made available to the site supervisor during weekly supervision sessions with the site supervisor.* **Recommendation for related internship activities: 60 hours of Direct Contact (in-person interactions between school counselors and students)**
  - a. 140 hours of Indirect Contact (services provided on behalf of students as a result of the school counselor's interactions with others)
  - b. See p.43; and 84 and 87 of the ASCA National Model: A Framework for School Counseling Programs (3<sup>rd</sup>) for more information about direct and indirect services.
- 14) **School Crisis Management and Response Plan.** Students will ask their site supervisor for access to the school/district crisis management and response plan, and will report back to the group regarding the school counselor's roles and responsibilities in the event of a) a school wide crisis, b) suicidal thoughts or intentions on the part of a student, c) threat assessment.
- 15) **School and district policy regarding CPS Reporting.** Students will discuss with their site supervisor the school and/or district policy regarding the school counselor's role in reporting suspected abuse or neglect to CPS. Students will discuss this policy in group supervision.
- 16) **Professional Portfolio.** The Professional Portfolio is an accumulation of documents that provides the counselor with a visual representation of her/his experience and is structured by the ASCA National Model and the C & D mission statement. It is an evolving record that authenticates a person's growth, skill, and knowledge in a specific discipline. The contents of the portfolio should reflect one's professional philosophy and collegiate experience. Students will continue to maintain professional portfolios built during EDCD 626. Students will give their internship instructor their portfolio address in order to receive feedback.
- 17) **Recorded counseling sessions for review/feedback.** Students will record *at least two* counseling sessions with **(two different)** students and play the recordings during triadic and/or group supervision in order to receive feedback and consultation from the instructor and peers. Internship students are required to obtain written parent permission prior to taping sessions with a minor. The original of the parent permission form should be kept in the school with the site supervisor, but the student should keep a copy of the form for his or her records. Although the requirement is two tapes, students are encouraged to collect as many recordings as possible to facilitate the supervision process.

- 18) **Closing the Achievement Gap Action Plan.** Students will collaborate with their site supervisor and other school stakeholders to obtain access to meaningful school data (i.e., achievement, attainment or access, and/or school culture). Data should be disaggregated according to race, ethnicity, gender, socioeconomic status, and other criteria (as mandated by the NCLB Act) to illuminate and analyze any inequities in student achievement. If a school is racially and ethnically homogeneous, then data should be disaggregated by cultural groupings (e.g., gender, socioeconomic status) and school/class characteristics (e.g., teacher, courses taken, grades). With the help of the site supervisor, students will review the data and reflect upon an area of need that a school counseling intervention could address. If applicable, the proposed school counseling intervention(s) should focus on individual, group and/or school-wide outcomes.

### Course Assignments Descriptions

**EDCD 791 is graded on a Pass/Fail basis.** The completion of the following assignments must be met to receive a passing grade:

- 1) **Participation.** As a class that focuses on learning from practical experiences of the students, this class places a heavy emphasis on processing of information through class discussion, small group discussion, and participating in experiential activities. In addition, because the class will be so interactive and experiential, there is no way to “get the information” from a missed class—the class experience cannot be replicated. For these reasons, your class attendance and active participation is vital not only to your learning, but to your classmates learning as well. Several factors will go into your participation grade, including:
  - a. **attendance** (every student is expected to be at every class),
  - b. **punctuality** (every student is expected to be ready to participate when class begins, and to stay for the duration of class time),
  - c. **active participation** in class exercises (students must actively contribute ideas, give feedback, and participate in group discussions)
  - d. **substantive contributions** to class discussions (not quantity of contributions, but contributions that demonstrate thoughtful analysis of information; comments that move discussion forward; comments based on knowledge and experience, not just opinion; and a demonstrated ability to propose new ideas and/or build on others’ ideas in a meaningful way)
  
- 2) **Student-Client consultation presentations.** Students will present one student-client presentation during group supervision in order to receive feedback and consultation from the group. **(This can be the same student on your tape presentation, however use a different presenting concern. Or this can be a different student).** For the group supervision case presentation, internship students should provide the class with a brief , 1-2 page handout that includes: a brief summary of the client’s presenting problem; background, and/or identifying data; discussion of the counseling process, including number of sessions, the nature of those sessions, strategies used, goals, attention to diversity/multicultural issues, use of multicultural counseling strategies, counselor thoughts about ‘what’s going on;’ plans for future sessions, and an evaluation of counseling skills and effectiveness. These forms will be given to the instructor after class so that they may be shredded.
  
- 3) **Internship SMART Goal Statement.** Students should develop SMART Goals for their internship experience. These goals should be developed in collaboration with the site supervisor and the university supervisor, and should describe specific goals particular to the student’s needs, the

needs of the site, and the experiences available. **The SMART goals must include at least one school counseling curriculum unit or a small group experience.** Students may collaborate with their supervisor or other educators in developing the Unit or group, but the project should be the intern's primary responsibility. a. Students will collect data on the Unit or small group and complete a Results Report (ASCA National Model, 3<sup>rd</sup> Ed) to analyze the program's effectiveness and make suggestions for future implementation of the program. ***The Results Report is the PBA for this class, and must be uploaded to TaskStream by the student.***

- 4) **Closing the Achievement Gap Action Plan.** Students will collaborate with their site supervisor and other school stakeholders to obtain access to meaningful school data (i.e., achievement, attainment or access, and/or school culture). Data should be disaggregated according to race, ethnicity, gender, socioeconomic status, and other criteria (as mandated by the NCLB Act) to illuminate and analyze any inequities in student achievement. If a school is racially and ethnically homogeneous, then data should be disaggregated by cultural groupings (e.g., gender, socioeconomic status) and school/class characteristics (e.g., teacher, courses taken, grades, etc.). With the help of the site supervisor, students will review the data and reflect upon an area of need that a school counseling intervention could address. If applicable, the proposed school counseling intervention(s) should focus on individual, group and/or school-wide outcomes.

Based on this data analysis and consultation, students will create a simple document that:

- a. Outlines the identified concern found through data analysis (What is the issue?)
- b. Presents a basic needs assessment to address the concern (Who/what is needed to help?)
- c. Details a counseling program/intervention (e.g., training for parents/teachers; classroom lesson; group, policy modification, etc.) that could address the concern (What we will do about it)
- d. Details the types of data to be collected (e.g., process, perception, and outcome data) and time line for completion (How will we know if it worked)

This document should be presented to your site supervisor and other school stakeholders as well as to your Internship class. Students may use the *Closing the Gap Action Plan* template provided by the ASCA National Model (2012) as a guideline.

### **TaskStream Requirements**

Every student registered for a Counseling course with a required performance-based assessment is required to submit this assessment to TaskStream. Evaluation of the performance based assessment (**GRIP: Goals, Results, Impact Statements, and Program Implications**) by the course instructor will also be completed in TaskStream. Failure to submit the assessment to TaskStream will result in the course instructor reporting the course as Incomplete (IN). Unless the IN grade is changed upon completion of the required TaskStream submission, the IN will convert to an F nine weeks into the following semester. <http://cehd.gmu.edu/api/taskstream>

### **GMU Policies and Resources for Students**

- a. Students must adhere to the guidelines of the George Mason University Honor Code [See <http://oai.gmu.edu/honor-code/>]
- b. Students must follow the university policy for Responsible Use of Computing [See <http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>]
- c. Students are responsible for the content of university communications sent to their George Mason University email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.
- d. The George Mason University Counseling and Psychological Services (CAPS) staff consists of professional counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students' personal experience and academic performance. [See <http://caps.gmu.edu/>]
- e. Students with disabilities who seek accommodations in a course must be registered with the George Mason University Office of Disability Services (ODS) and inform their instructor, in writing, at the beginning of the semester [See <http://ods.gmu.edu/>]
- f. Students must follow the university policy stating that all sound emitting devices shall be turned off during class unless otherwise authorized by the instructor.
- g. The George Mason University Writing Center staff provides a variety of resources and services (e.g., tutoring, workshops, writing guides, handbooks) intended to support students as they work to construct and share knowledge through writing. [See <http://writingcenter.gmu.edu/>]

### **Professional Dispositions**

Students are expected to exhibit professional behaviors and dispositions at all times.

**GMU's Professional Dispositions** GMU students are expected to exhibit professional behavior and dispositions as stated:

*The Virginia Department of Education and the National Council for Accreditation of Teacher Education promote standards of professional competence and dispositions. Dispositions are values, commitments, and professional ethics that influence behaviors towards students, families, colleagues, and all members of the learning community. The Graduate School of Education expects students, faculty, and staff to exhibit professional dispositions through a:*

- *Commitment to the profession;*
- *Commitment to honoring profession ethical standards;*
- *Commitment to key elements of professional practice;*
- *Commitment to being a member of a learning community;*
- *Commitment to democratic values and social justice.*

### **C & D's Professional Performance Criteria**

As counselor trainees, students have additional professional performance standards. The codes of conduct for the American Counseling Association require counselors and counselor trainees to maintain standards of professional competence and possess good moral character. Therefore, the Counseling and Development Program in the Graduate School of Education at George Mason

University requires its students to adhere to GMU University and C&D's Professional Dispositions while in the C&D program, to include their conduct and behavior while doing their field experiences.

### **Ethical Obligations**

All counselors, to include University Supervisors, Students, and On-Site Supervisors, are bound by the professional ethical standards and practices of the American Counseling Association (ACA). University and On-Site Supervisors must also adhere to *ACA's Code of Ethics, Section F: Supervision, Training and Teaching*. See the ACA Ethical Codes (2005) for detailed information.

### **Core Values Commitment**

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles. <http://cehd.gmu.edu/values/>
