COURSE PROCESS, ASSIGNMENTS, AND EXAMINATIONS

Course process and structure:

Seminar-style class discussions, group supervision, & triadic supervision.

Class discussions will include brief didactic presentations on relevant and emerging topics for the practicum students, and will include time for group discussion. Group supervision will focus on providing students a opportunity to present, discuss, and conceptualize, and receive feedback on current cases and issues at their practicum setting. Students will have opportunities to discuss specific site-related issues and to strategize about techniques and interventions. Triadic supervision will occur between instructor/supervisor and two students, with supervisees taking turns sharing a taped counseling interaction with a student/client. Because of the serious nature of this work, it is essential that students discuss their reactions and feelings. Such discussions, however, cannot take place outside the context of a supervised class or appropriate site circumstance. Students may not discuss cases in other classes, with friends or relatives, or in social situations. It is essential to maintain confidentiality. Violations of this principle in any form will be treated as a serious ethical/legal infraction. Please do discuss cases in class. That is the primary purpose for meeting. It is also imperative that students discuss cases with their on-site supervisor. If students have questions or concerns that need immediate attention, please contact your university instructor.

Contracts will be signed at the first Site Supervisor, University Supervisor and student counselor meeting.
4. **Satisfactory mid-semester and final evaluations from Site Supervisor.** These evaluations should be completed by the site supervisor, and practicum students should meet with their site supervisors to process these evaluations and receive verbal feedback on strengths and successes as well as areas for growth and goals for second half of the semester.
5. **Evaluation of Clinical Field Experience,** to be completed by practicum student.

Internship Site Requirements:

1. Student counselors are responsible for **downloading Practicum/Internship documents and providing copies to site supervisors**. *We encourage you to ask your site supervisor whether they would like an electronic copy or a print copy, and make it your responsibility that they have a copy in their desired format.* The following documents are located on the Community Blackboard site: [<https://gmucommunity.blackboard.com>] Overview of Practicum/Internship; School Counseling Practicum/Internship Contract; Log of Hours; Mid-semester Evaluation; Final Evaluation of Site Experience. Students are expected to give their site supervisors copies of all the documents **before the University supervisor's initial site visit**.
2. All C&D students must work at their practicum and internship sites for the full 15 weeks of the semester.
3. A minimum of 200 hours must be spent at the school placement. Hours spent on off-site training experiences may be counted only if prior approval from instructor has been obtained. 4. Students are expected to stick to their agreed-upon internship schedule. Any changes of schedule without consent from site supervisor or students' not following their schedule could result in failing this course.
5. A Log of Activities listing and briefly describing all practicum activities and hours is to be maintained, signed by both the student and the on-site supervisor at the completion of the practicum, and submitted on the last day of class. *The Log of Activities should be reviewed during weekly supervision sessions with the site supervisor.*

2. Active class participation, including providing constructive feedback and suggestions for classmates.
3. Completion of all assignments of acceptable quality, turned in by date due.

Course Grading and Assignments:

EDCD 791 is graded on a Pass/Fail basis. The following assignments must be met to receive a passing grade:

- a) **Successful compliance with all requirements listed above (General, Site, and Class requirements)**
- b) **Participation**
As a class that focuses on learning from practical experiences of the students, this class places a heavy emphasis on processing of information through class discussion, small

group discussion, and participating in experiential activities. Therefore thoughtful, additive participation (beyond just attendance) both in group meetings and in triadic supervision is a requirement for passing this course.

c) Cover Letter

Students will write a cover letter applying for a job as a professional school counselor. Students will provide and receive feedback from other class members on their letters.

d) Introductory Letter

In anticipation of your new job, students will each write a letter to use at a new school, to serve as an introduction to your new school community (Students, faculty, administration, and/or parents)

e) Two student presentations (with recordings)

Students will present at least two individual counseling sessions with students. At least one counseling session will be presented in the larger group, and the other will be presented during triadic supervision. **Written custodial or parental permission must be obtained before recording counseling sessions.** Permission forms should be kept on file with the Site Supervisor, and students should keep a copy for her/his records.

f) Professional Portfolio

Students will complete a professional electronic portfolio, which they will use as a portfolio of professional experiences during the job application and interview process. The portfolio should be an evolving record that authenticates the students knowledge, skills, experiences, and growth as a professional school counselor and educator. Portfolios are expected to have some basic content (Some Introductory Statement, such as Mission, Vision, Philosophy, etc.; Links to relevant course syllabi, links to class artifacts demonstrating students' knowledge and skills) as well as be able to communicate something about the person and the professional. Keep in mind that this is part of your interview process, so think about how you want to express yourself and represent yourself.

g) School Counseling Curriculum/Small Group Action Plan and Results Report

Using the ASCA National Model (3rd ed) as a guide, students will develop an action plan for either a school counseling curriculum unit or a small group experience. Students may collaborate with their supervisor or other educators in developing the Unit or group, but the project should be the intern's primary responsibility. Students will collect data on the Unit or small group, and complete a Results Report (ASCA National Model, 3rd ed) to analyze the program's effectiveness and make suggestions for future implementation of the program.

TASKSTREAM REQUIREMENTS

Every student registered for any C&D course with a required performance-based assessment is required to submit this assessment, *School Counseling Curriculum or Small Group Results Report*, to TaskStream. Evaluation of the performance-based assessment by the course instructor will also be completed in TaskStream. Failure to submit the assessment to TaskStream will result in the course instructor reporting the course grade as an Incomplete (IN). Unless the IN grade is changed upon completion of the required TaskStream submission, the IN will convert to an F nine weeks into the following semester.
