# **Course Policies & Expectations**

#### Attendance.

You are expected to arrive on time for all class sessions, attend all class sessions, remain in class for the duration of each session, and to participate actively throughout the session. It is the student's responsibility to make up all missed work if they are absent for any reason. Course

materials will be available on Blackboard for those who either missed class or need additional time with the materials. You may also contact a classmate regarding notes and other activities that took place in your absence. A sign-in sheet will be circulated at the beginning of each session. Each student signing in will receive 2 points for attendance. Signing in after the sheet has been returned to the instructor (e.g., arriving late) will earn 1 point.

One excused absence will be allowed per semester. This excused absence will not result in loss of attendance points. To be considered excused, you must contact the instructor as soon as possible and you must have a valid excuse.

Perfect Attendance will be awarded 2 extra credit points at the end of the semester.

If you were scheduled to be one of the discussion leaders, you must still upload any presentations and/or supporting materials by the time start of class. Your chapter will be rescheduled for the next class period.

Other than the one excused attendance, missed attendance points may not be made up. 12 opportunities to earn up to 2 points, for a total of 24 points possible.

#### **Inclement Weather Procedures.**

If GMU is closed due to weather conditions, class will be canceled. If GMU is not closed but, in your judgment, travel poses a substantial risk, you may choose to skip class as an excused absence.

If class is canceled, scheduled presentations will be rescheduled over several upcoming class periods. The instructor will be in contact individually to reschedule the presentations.

#### **Electronics**.

Cell phones must be turned off and/or set on vibrate. Computers are allowed for note taking and course-related work ONLY.

# Late Work.

Work is considered on-time if it is submitted by 11:59pm on the date that it is due. Work submitted after the assigned due date will be assessed a 10% possible point penalty.

#### **Assignment Submission.**

Students are responsible for following these guidelines for grading.

• All assignments must be submitted through Blackboard. <u>Emailed and hard copies of assignments will not be graded unless approved in advance by the instructor, as these methods of submission lead to a high probability of lost student work.</u>

- Written assignments, whenever possible, should be in Word format and in one continuous file. Preferred presentation style is Powerpoint, although other formats (e.g., Prezi) are acceptable
- Questions about assignments should be posted on the Forums in Blackboard, so that everyone has the benefit of your questions.
- Detailed information about each assignment is posted on Blackboard.

#### **TaskStream Submission**

Every student registered for any Special Education course with a required performance-based assessment is required to submit this assessment, (*NO ASSESSMENT REQUIRED FOR THIS COURSE*) to TaskStream (regardless of whether a course is an elective, a onetime course or part of an undergraduate minor). Evaluation of the performance-based assessment by the course instructor will also be completed in TaskStream. Failure to submit the assessment to TaskStream will result in the course instructor reporting the course grade as Incomplete(IN). Unless the IN grade is changed upon completion of the required TaskStream submission, the IN will convert to an F nine weeks into the following semester.

If you have never used TaskStream before, you MUST use the login and password information that has been created for you. This information is distributed to students through GMU email, so it is very important that you set up your GMU email. For more TaskStream information, go to <a href="http://cehd.gmu.edu/api/taskstream">http://cehd.gmu.edu/api/taskstream</a>.

# **Grading Scale**

Point values are assigned to quizzes and assignments. Letter grades will subsequently be assigned on the basis of overall class performance. That is, percentages will be determined by dividing the TOTAL number of points earned by the total possible points.

# Assignments

Performance-based Assessment (TaskStream submission required).

No TaskStream Assessment required for this course.

Performance-based Common Assignments (No TaskStream submission required).

\*\*Review & Analysis Paper. Each student will prepare a review and analysis paper. This paper will be an analysis of a behavior "problem" and will include a search of the peer-reviewed, behavior analytic literature for at least 10 articles relevant to problem. All papers must be formatted in APA 6<sup>th</sup> edition style. A draft of the paper must be submitted prior to submission of the final draft (see schedule below). Feedback on the content will be provided this draft; however, the draft will not be graded for content. Instead, 20 points will be awarded for submission and inclusion of all relevant sections. The final review paper is worth up to 100 points; the draft is worth up to 20 points. Details/rubric will be distributed during the 2<sup>nd</sup> week of class.

\*\*Review & Analysis Paper presentation. During the final session, students will present their Review & Analysis Papers as though they were being presented at a professional conference.

Students must use appropriate visual and other aids, and must lead the class through their paper as though they were conducting a training session on the topic of the paper. Students may earn up to 10 points for accurately delivering the topic, up to 5 points for functional use of materials, and up to 5 points for involving the audience in the presentation. These presentations are expected to be 15-20 min – presentations falling short or exceeding this timeframe (by 5 or more minutes) will be penalized 2 points. 1 opportunity at 24 possible points.

\*\*Discussion Leader. Each student will present a portion of an evening's readings, as indicated in the schedule, below, three times. Presenters must prepare a lesson based on the portion of the evening's readings assigned that teaches their classmates the content of that reading. These lessons may involve lecture, powerpoint presentations, activities, demonstrations, or other activities. Discussion leaders must generate discussion about their topic among their classmates. Each presentation should be approximately 30 minutes in duration. Presentation materials should be uploaded to Blackboard as soon as possible after class – all presentation materials will be made available to classmates via Blackboard. Instructions/grading rubric will be provided at first class meeting. 3 opportunities at up to 30 points per opportunity for up to 90 possible points.

\*\*Weekly Quizzes. Each week, students will be responsible for a 10 item Multiple Choice quiz based on the readings and class presentations. Quizzes will be delivered online through Blackboard. (11 Quizzes at 10 points each for up to 110 possible points)

\*\*Discussion Board Post. During the first week, a writing prompt will be posted on the discussion board. The prompt will be open-ended enough that there will be room for discussion. You are responsible for posting a response that answers the writing prompt as it relates to your experience in clinical and educational settings (5 points). You must also leave a comment on the post of *at least* one of your classmates (5 points). Any questions posted on *your* thread should be answered. Comments should build upon the blogger's ideas. *No client, student or school personnel should be referred to by name.* When posting or commenting, it is important to stay on-topic, and to treat other individuals in the class with respect. Flames or other derogatory conversation will not be tolerated, and may result in a 0 for the poster. (1 opportunity at 5; 1 opportunity at 5 points each for response to peer)

# Other Assignments.

\*\*Discussion participant. Clearly, the discussion leader isn't entirely responsible for the discussion. The discussion leader's classmates must also discuss! Two points per

session may be earned for making comments, asking or answering questions, or otherwise participating in discussion on the topics presented. Missed points due to absence may not be made up. 11 opportunities at 2 points each for a total of 22 possible points.

\*\*Extra Credit. There are no explicit extra credit opportunities. However, periodically throughout the semester, the instructor will randomly provide opportunities that may include extra quiz questions and additional discussion board questions. There will be no more than 10 possible extra credit points distributed throughout the semester.
