# George Mason University College of Education and Human Development

HEAL 230 001/P01 Intro to Health Behavior 3 credit hours, Fall 2017 Tues. 4:30-7:10p Salon B

**Faculty** 

Name: Avinash Patwardhan, MD

Office hours: Tues, and Thurs, 8:30-10:30a

Office location: RAC 2107 Office phone: 703-993-2066

Email address: <a href="mailto:apatward@gmu.edu">apatward@gmu.edu</a>

Prerequisites/Corequisites: (None)

## **University Catalog Course Description**

Introduces health behavior in context of health psychology. Explores various theoretical models to understand health, illness and sick-role behaviors. Studies health and disease from a biopsychosocial perspective. Examines means of preventing and treating health problems.

#### **Course Overview**

This course meets the social/behavioral science\_requirement, one of the *core requirements* of the University General Education program: to help ensure that students are introduced to the broad range of intellectual domains that contribute to a liberal education. By gaining exposure to the subject matter and ways of knowing in a variety of fields, students will be better able to synthesize new knowledge, respond to fresh challenges, and meet the demands of a complex world. The overall goal of this course is to provide students with an understanding of the social and behavioral sciences. Students will be engaged in reasoning using the scientific method, the use of quantitative and qualitative information, and the analysis of empirical observations in relation to theory, among other methods. The development of major ideas in social science is also addressed. Expected learning outcomes are: students will be *able to* explain how individuals, groups or institutions are influenced by contextual factors; demonstrate awareness of changes in social and cultural constructs; and use appropriate methods and resources to apply social and behavioral science concepts, terminology, principles, or theories in the analysis of significant human issues, past and present. For more information, please see the University Catalog, and the Provost's Office's Mason Core website, http://provost.gmu.edu/general-education/

## **Course Delivery Method**

This course will be delivered using a lecture format with class discussion and activities.

## **Learner Outcomes or Objectives**

This course is designed to enable students to do the following:

- 1. Identify biological, psychological, and sociological factors influencing health behavior as well as health problems, diseases and injuries;
- 2. Describe the components comprising health behavior;
- 3. Differentiate health promoting (well), protecting (ill, injured and sick), and preserving (impaired) behaviors;
- 4. Recognize various health behavior research designs;
- 5. Examine and discuss health behavior theories (e.g., reasoned action/planned behavior, behavior modification, self-efficacy, social cognitive learning and others) and models (e.g.,

- health belief, precaution adoption, transtheoretical) and how they can be used to understand and predict health behavior as well as change unhealthy behavior;
- 6. Demonstrate an understanding of psychometric instruments used to measure health behaviors and conditions/diseases related to not practicing health behaviors;
- 7. Describe health outcomes in terms of risk, functionality and life satisfaction;
- 8. Explore and explain determinants of seeking and adhering to conventional and alternative health care;
- 9. Examine the relationship of stress, immune response and disease;
- 10. Describe pain experience, pain syndromes and pain management;
- 11. Explore and explain determinants of adjusting to and recovering from injuries, chronic unhealthy conditions and diseases (e.g., Alzheimer's disease, asthma, diabetes and HIV/AIDS);
- 12. Describe the theoretical aspects of selected health behaviors: managing stress, having a healthy heart, reducing cancer risk, not using tobacco, responsible drinking and drugging, healthy eating, and exercising; and
- 13. Demonstrate a basic understanding of health behavior change techniques such as motivational interviewing, behavioral modification, social inoculation, irrational belief dismissal, and others.

# **Required Texts**

Brannon, L., & Feist, J. (2017). <u>Health psychology: An introduction to behavior and health</u> (9th ed.). Belmont, CA: Wadsworth/Cengage Learning.

ISBN: 9781337094641.

Additional course material at Blackboard.

## **Course Performance Evaluation**

Students are expected to complete tests and submit all assignments on time through Blackboard.

Tests and Assignments	Possible Points
<u>Tests</u>	60 points
Test 1 (covers chapters 1-5/6)	
Test 2 (covers chapters 7-11)	
Test 3 (covers chapters 12-16)	
Each Blackboard online exam is composed of 50 multiple-choice items. The tests are	
based on the content of the text as organized and presented in PowerPoint™ lectures.	
Each test will be graded 0-100 points. Each test is weighted .20 of overall grade. To best	
prepare for the tests, students should use their textbook-based notes as well as	
PowerPoint lecture slides. Multiple-choice items will measure students' abilities to	
identify/recall, differentiate, apply and analyze subject material. The theory question will	
measure students' abilities to analyze, synthesize and evaluate.	
Short Essay Quizzes	40 points
There will be 10 short essay quizzes based on subject material covered in lecture and	
found in the textbook. Each short essay quiz will be graded 0-4 points with a total of 40	
possible points that will be factored directly into the overall grade. The short essay	
questions will measure students' abilities to apply and analyze subject material.	

TOTAL 100 points

**Grading Scale** 

Α	= 94 – 100	B+	= 88 - 89	C+ = 78 - 79	D = 60 - 69
A-	= 90 - 93	В	= 84 - 87	C = 74 - 77	F = 0 - 59
		B-	= 80 - 83	$C_{-} = 70 - 73$	

**Professional Dispositions** Students are expected to exhibit professional behaviors and dispositions at all times.

# **Class Schedule**

Each class session will be a combination of lecture, small group work, video discussion and other class activities.

	WEEK	TOPIC	READINGS/ASSIGNMENT DUE

## **Core Values Commitment**

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: http://cehd.gmu.edu/values/.

## **GMU Policies and Resources for Students**

## **Policies**

- Students must adhere to the guidelines of the University Honor Code (see http://oai.gmu.edu/the-mason-honor-code/).
- Students must follow the university policy for Responsible Use of Computing (see http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/).
- Students are responsible for the content of university communications sent to their Mason email
  account and are required to activate their account and check it regularly. All communication from
  the university, college, school, and program will be sent to students solely through their Mason
  email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see http://ods.gmu.edu/).
- Students must follow the university policy stating that all sound emitting devices shall be silenced during class unless otherwise authorized by the instructor.

## Campus Resources

- Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or <a href="https://cehd.gmu.edu/aero/tk20">https://cehd.gmu.edu/aero/tk20</a> Questions or concerns regarding use of Blackboard should be directed to http://coursessupport.gmu.edu/.
- The Writing Center staff provides a variety of resources and services (e.g., tutoring, workshops, writing guides, handbooks) intended to support students as they work to construct and share knowledge through writing (see http://writingcenter.gmu.edu/).
- The Counseling and Psychological Services (CAPS) staff consists of professional counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students' personal experience and academic performance (see http://caps.gmu.edu/).
- The Student Support & Advocacy Center staff helps students develop and maintain healthy lifestyles through confidential one-on-one support as well as through interactive programs and resources. Some of the topics they address are healthy relationships, stress management, nutrition, sexual assault, drug and alcohol use, and sexual health (see http://ssac.gmu.edu/). Students in need of these services may contact the office by phone at 703-993-3686. Concerned students, faculty and staff may also make a referral to express concern for the safety or well-being of a Mason student or the community by going to http://ssac.gmu.edu/make-a-referral/.

For additional information on the College of Education and Human Development, please visit our website https://cehd.gmu.edu/.

# **Assessment Rubric**

Name Short essay qu	Short essay quiz rubric						
	Points are deducted if submission is not composed in: • minimum (5) complete sentences using proper grammar and spelling • essay format (no outlining/listing), and/or • students' own words (no direct use of authors' writing from text).						
Rubric Detail							
	Levels of Achievement						
Criteria	Unsatisfactory	Needs improvement	Competent	Highly competent	Excellent		
Answered question correctly and adequately (consistent with lectures and textbook)	2 Points	2.5 Points	3 Points	3.5 Points	4 Points
