

**George Mason University**  
**College of Education and Human Development**  
**Early Childhood Education**

EDUC 302.001 Human Growth and Development  
3 Credits, Fall 2017  
Tuesday & Thursday/ 10:30-11:45 a.m.  
Thompson L019 Fairfax Campus

**Faculty**

Name: Dr. Dana Shin  
Office Hours: By Appointment  
Office Location: Thompson Hall 1200  
Office Phone: 703-993-3844  
Email Address: [dshin4@gmu.edu](mailto:dshin4@gmu.edu)

**Prerequisites/Corequisites**

None

**University Catalog Course Description**

Introduction to educational issues; not applicable in graduate-level teacher education programs. Examines human development through life span with special emphasis on cognitive, language, physical, social, and emotional development of children. Emphasizes contemporary theories of human development and their relevance to educational practice.

**Notes:** Requires school-based field experience during the course. Offered by Graduate School of Education. May not be repeated for credit.

**Course Overview**

Not Applicable

**Course Delivery Method**

This course will be delivered using a lecture and discussion format.

**Learner Outcomes or Objectives**

This course is designed to enable students to do the following:

1. Discuss the developmental stages of human development in terms of the cognitive, affective, and psychomotor domains and understand the key theories.
2. Examine and explain the contributions of heredity, environment, and child-rearing practices to the total development of the child.
3. Understand the development and/or the application of theories as they apply to the instruction of children and adults.
4. Explain how people learn through active exploration and multiple interactions with materials, other people, and the adults or leaders in their environment.
5. Demonstrate knowledge of contemporary theories of human development and their relevance to educational practices in early childhood, middle, and adolescent education.

**Professional Standards** (Council of Exceptional Children and National Association for the Education of Young Children)

Upon completion of this course, students will have met the following professional standards:  
Not Applicable

**Required Texts**

Berk, L. (2014). *Exploring lifespan development* (3rd ed.). Boston, MA: Pearson.  
ISBN:9780205957385

**Recommended Texts**

American Psychological Association. (2010). *Publication manual of the American Psychological Association* (6th ed.). Washington, DC: Author. ISBN: 9781433805615

Supplemental materials will be posted on the Blackboard website.

**Course Performance Evaluation**

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

Assignments	Due Dates	Points
<b>Attendance &amp; Participation</b>	Ongoing	15
<b>Quizzes</b> (5 quizzes - 8 points each)		Total Points 40
Quiz 1 (Chapters 1 through 3)	Sept 12	8
Quiz 2 (Chapters 4 through 6)	Sept 21	8
Quiz 3 (Chapters 7 through 10)	Oct 12	8
Quiz 4 (Chapters 11 through 14)	Nov 7	8
Quiz 5 (Chapters 15 through 19)	Nov 30	8
<b>Article Share</b>		10
Prenatal Development, Birth & Newborn, or Toddlerhood	Sept 26	
Early Childhood or Middle Childhood	Oct 5	
Adolescence or Early Adulthood	Oct 26	
Middle Adulthood, Late Adulthood, or Death and Dying	Nov 16	
<b>Brief Research Report</b>	Nov 9	15
<b>Field Experience Portfolio</b>		20
Part 1: Pre-Observation Plan (1 point)	Sept 7	
Part 2: Post-Observation Record (2 points)	Oct 3	
Part 3: Report (12 points)	Oct 31	
Part 4: Presentation (5 points)	Dec 5 & 7	
<b>TOTAL</b>		100

- **Grading**

A = 95 – 100    A- = 90 – 94    B+ = 87 – 89    B = 83 – 86    B- = 80 – 82    C = 70 – 79  
 D = 60 – 69    F = < 60

All CEHD undergraduate and graduate students are held to the university grading policies as described in the Academic Policies section of the current catalog, which can be accessed at <http://catalog.gmu.edu>. Those students enrolled in a CEHD Licensure Graduate Certificate program, however, must earn a B- or better in all licensure coursework. A degree-seeking graduate student will be dismissed after accumulating grades of F in two courses or 9 credits of unsatisfactory grades (C or F) in graduate courses. A 3.0 grade point average is required for completion of the graduate degree.

- **Assignments and/or Examinations**

**Quizzes (40 points)**

Students will complete five quizzes (8 points each) across the semester to demonstrate knowledge of central aspects of human development and developmental theories. Quizzes may include a combination of multiple choice responses, short essays, and other test items.

Development Quiz 1 Following Chapters 1-3 (8 points)	<ul style="list-style-type: none"> <li>• History, Theory, and Research Strategies</li> <li>• Genetic and Environmental Foundations</li> <li>• Prenatal Development, Birth, and the Newborn Baby</li> </ul>
Development Quiz 2 Following Chapters 4-6 (8 points)	<ul style="list-style-type: none"> <li>• Physical, Cognitive, Emotional and Social Development in Infancy and Toddlerhood</li> </ul>
Development Quiz 3 Following Chapters 7-10 (8 points)	<ul style="list-style-type: none"> <li>• Physical, Cognitive, Emotional and Social Development in Early Childhood</li> <li>• Physical, Cognitive, Emotional and Social Development in Middle Childhood</li> </ul>
Development Quiz 4 Following Chapters 11-14 (8 points)	<ul style="list-style-type: none"> <li>• Physical, Cognitive, Emotional and Social Development in Adolescence</li> <li>• Physical, Cognitive, Emotional and Social Development in Early Adulthood</li> </ul>
Development Quiz 5 Following Chapters 15-19 (8 points)	<ul style="list-style-type: none"> <li>• Physical, Cognitive, Emotional and Social Development in Middle Adulthood</li> <li>• Physical, Cognitive, Emotional and Social Development in Late Adulthood</li> <li>• Death, Dying, and Bereavement</li> </ul>

**Article Share (10 points)**

Students will select a journal article (not a news article) from a variety of topics provided by the instructor that is related to human growth and development. This activity will take place during

predetermined class sessions. Article Share groups will be determined on the first day of class. There will be approximately four students to a group. Each group member will be responsible for leading one article share discussion.

#### Presenter's Responsibilities (7 points)

- Two days before the presentation, presenters will submit to Blackboard the title of the article they will share with their group (1 point).
- Two days before the presentation, presenters will submit to Blackboard the discussion handout they will use to facilitate their presentation and engage participants in a dialog about the article's relevance and findings (3 points).
- Following their presentation, presenters will submit a paragraph reflecting on their presentation experience (i.e., How well did the discussion go overall? What insights or thoughts did participants share during the discussion of the article?) (3 points).

#### Participant's Responsibilities (3 points)

- As a participant, students will be responsible for thoughtfully listening to and engaging in article shares. To demonstrate engagement each student will write a brief journal reflection following each presentation sharing thoughts about the research findings and relevance.

For the assigned session, students must bring about 5 copies of a discussion handout (no more than 2 pages long; include article reference) that they produced to share with their classmates in a small group. The small group will respond by discussing the presentation.

#### **Brief Research Report (15 points)**

This assignment allows students to pursue a topic of their choice and conduct some basic research on the topic. The topic can be anything they are interested in that relates to the content of the course.

Using the research skills demonstrated by the education librarian Anne Melville ([adrisco2@gmu.edu](mailto:adrisco2@gmu.edu)) or by the instructor, students are to find at least three scholarly, (peer-reviewed) journal articles (including at least 1 empirical-research article) that cover their topic of interest that have been published in the past decade. Students are to submit electronic copies (no links) of the articles for instructor approval prior to writing the paper. The paper should include a literature review, synthesis, and reflection guided by the following questions:

- How is the topic situated in the field of lifespan development? Specifically,
  - What developmental period is emphasized?
  - What theoretical perspectives inform the research? (Vygotsky, Piaget, Freud, Erikson, etc.)
  - What developmental domains (social and emotional, cognitive, and /or physical) are emphasized?
- How is this information helpful for practitioners?
- How is this information relevant for the general population?

Students will cite current research from the course textbook, class discussions, and other course materials, which may be supplemented with other relevant sources to support their conclusions

and assertions. Students will use in-text citations and include a reference list. The paper will be five to six double-spaced pages plus title and reference pages.

### **Field Experience Portfolio (20 points)**

Students will compile a Field Experience Portfolio based on a 10-hour field observation in a school or alternative educational setting. Students should work through CEHD's field experience coordinator ([fieldexp@gmu.edu](mailto:fieldexp@gmu.edu)) to find a site and/or register their site in the database. To initiate this assignment, students will visit <https://cehd.gmu.edu/endorse/ferf> and complete the online "Field Experience Request Form." On the form, they will be asked to indicate how their placement will be arranged. **They should arrange their field experience with the field experience coordinator as soon as possible.** If this is a concern, please see the instructor immediately.

#### ***Part 1: Pre-Observation Plan (1 point)***

Prior to the observation, students will submit a pre-observation plan that includes (a) information about the placement (e.g., school, age/grade level, teacher, etc.), types of artifacts that will be collected (e.g. pictures of children's work, quizzes etc), and (b) a one-page, double-spaced reflection on what they expect to learn from engaging in this field experience.

#### ***Part 2: Post-Observation Record (2 points)***

Students will submit a post-observation record that includes the following:

- a. A completed field experience documentation form signed by the teacher/supervisor,
- b. A log briefly describing the learning experiences observed during the observation period (e.g., 10/06/16 - 8:10 – 8:20 Morning Meeting, 8:20 – 9:20 Writing Workshop, 9:30 – 10:00 P.E. Volleyball).

#### ***Part 3: Report (12 points)***

The final Field Experience Report should be one document that includes the following:

- a. A description of what was observed (lessons, activities, methods, materials, assessments, etc.) and how these things supported students' physical, cognitive, and social-emotional development;
- b. A discussion of relevant theories/concepts of development regarding how the students' physical, cognitive, and social-emotional needs were supported by the learning environment; and
- c. An appendix of artifacts (e.g., field notes, pictures of learning environment, anonymous student work samples, etc.) that support observations captured during the field experience.

In the final report, students will cite current research from the course textbook, class discussions and other course materials, which may be supplemented by other relevant sources to support their conclusions and assertions. Students will use in-text citations and include a reference list. The full report should be four to five double-spaced pages plus separate title, reference, and appendix pages.

#### ***Part 4: Presentation (5 points)***

Students will spend a significant portion of the semester observing and reflecting on their field experience. Because everyone's experience will be different, students can learn from each other. Students will present their experiences in their field placement to the class. Students may use PowerPoint or other materials to convey their presentation. Presentations will be approximately 5 minutes.

- **Other Requirements**

#### **Attendance and Participation (15 points)**

Because active participation and engagement are imperative for optimal learning, preparation for and participation in in-class activities will be evaluated based on the following criteria:

- Students attend class, arrive on time, and stay for the entire class period.
- Students complete readings and prepare for class activities prior to class as is evidenced by their ability to discuss and write about the concepts presented and examined in the texts as well as participate fully in related activities.
- Students are actively involved in in-class and online learning experiences as is evidenced by (a) participating in all activities, (b) engaging in small- and large-group discussions, (c) completing written work related to the activities, and (d) supporting the participation and learning of classmates.
- Students show evidence of critical reflective thinking through in-class and online discussions, activities, and written reflections.

#### **Written Assignments**

All formal written assignments will be evaluated for content and presentation. The American Psychological Association, Sixth Edition (APA) style will be followed for all written work. All written work unless otherwise noted must be completed on a word processor and should be proofread carefully. (Use spell check!) If students are not confident of their own ability to catch errors, they should have another person proofread their work. When in doubt, they should check the APA manual. Portions of the APA manual appear at the Style Manuals link on the Mason library website at <http://infoguides.gmu.edu/content.php?pid=39979>. Students may consult the Writing Center for additional writing support.

Students will do the following:

1. Present ideas in a clear, concise, and organized manner. (Avoid wordiness and redundancy.)
2. Develop points coherently, definitively, and thoroughly.
3. Refer to appropriate authorities, studies, and examples to document where appropriate. (Avoid meaningless generalizations, unwarranted assumptions, and unsupported opinions.)
4. Use correct capitalization, punctuation, spelling, and grammar.

Type the paper with double spacing, indented paragraphs, 1-inch margins all around, and 12-point Times New Roman font.

## Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times.

## Class Schedule

Date	Topic and Associated Readings	Assignments Due
<b>Week 1</b>		
Tuesday, Aug 29	Introductions and overview of the course Establish sign up for article share permanent groups Artifacts Sharing	
Thursday, Aug 31	Chapter 1: History, Theory, and Research Strategies	
<b>Week 2</b>		
Tuesday, Sept 5	Chapter 2: Genetic and Environmental Foundations	
Thursday, Sept 7	Chapter 3: Prenatal Development, Birth, and the Newborn Baby	<i>Part I Pre-observation Plan</i>
<b>Week 3</b>		
Tuesday, Sept 12	Chapter 4: Physical Development in Infancy and Toddlerhood	Quiz 1
Thursday, Sept 14	Chapter 5: Cognitive Development in Infancy and Toddlerhood	
<b>Week 4</b>		
Tuesday, Sept 19	Chapter 6: Emotional and Social Development in Infancy and Toddlerhood	
Thursday, Sept 21	<i>Focus on how to select a topic and finding good articles (APA formatting lesson)</i>	Quiz 2
<b>Week 5</b>		
Tuesday, Sept 26	Chapter 7: Physical and Cognitive Development in Early Childhood	<i>Article Share I Infant &amp; Toddler</i>
Thursday, Sept 28	Chapter 8: Emotional and Social Development in Early Childhood	
<b>Week 6</b>		
Tuesday, Oct 3	Chapter 9: Physical and Cognitive Development in Middle Childhood	Part II Post-Observation
Thursday, Oct 5	Chapter 10: Emotional and Social Development in Middle Childhood	<i>Article Share II Early Childhood</i>
<b>Week 7</b>		
Tuesday, Oct 10	NO CLASS- Monday classes meet on Tuesday	
Thursday Oct 12	<i>Come prepared to discuss select research articles &amp; share ideas about your research report topics</i>	Quiz 3
<b>Week 8</b>		
Tuesday Oct 17	<i>Meet in Small Groups to talk about found research topics</i>	
Tuesday Oct 19	<i>Meet in Small Groups to talk about found research topics Turn in all topics for approval today <b>Submit by midnight</b></i>	

	<i>Optional Individual/Group Conferences to discuss Research Report/ Field Experience Portfolio</i>	
<b>Week 9</b>		
Tuesday Oct 24	Chapter 11: Physical and Cognitive Development in Adolescence	
Thursday Oct 26	Chapter 12: Emotional and Social Development in Adolescence	<i>Article Share III Adolescence</i>
<b>Week 10</b>		
Tuesday Oct 31	Chapter 13: Physical and Cognitive Development in Early Adulthood	Part III Report
Thursday Nov 2	Chapter 14: Emotional and Social Development in Early Adulthood	
<b>Week 11</b>		
Tuesday Nov 7	Chapter 15: Physical and Cognitive Development in Middle Adulthood	Quiz 4
Thursday Nov 9	Chapter 16: Emotional and Social Development in Middle Adulthood	Research Report
<b>Week 12</b>		
Tuesday Nov 14	Chapter 17: Physical and Cognitive Development in Late Adulthood	
Thursday Nov 16	Chapter 18: Emotional and Social Development in Late Adulthood	<i>Article Share IV Adulthood</i>
<b>Week 13</b>		
Tuesday Nov 21	Use this day to talk about final project	
Thursday Nov 23	<b>NO CLASS- Thanksgiving Holiday</b>	
<b>Week 14</b>		
Tuesday Nov 28	Chapter 19: Death, Dying, and Bereavement	ONLINE
Thursday Nov 30	Finalize Field Experience Portfolios	Quiz 5
<b>Week 15</b>		
Tuesday Dec 5	Field Experience Portfolio Presentation Day 1	Field Experience Portfolio
Thursday, Dec 7	Field Experience Portfolio Presentation Day 2	Attendance Rubric

Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.

### **Core Values Commitment**

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>.

## GMU Policies and Resources for Students

### *Policies*

- Students must adhere to the guidelines of the Mason Honor Code (see <http://oai.gmu.edu/the-mason-honor-code/>).
- Students must follow the university policy for Responsible Use of Computing (see <http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <http://ods.gmu.edu/>).
- Students must follow the university policy stating that all sound emitting devices shall be silenced during class unless otherwise authorized by the instructor.

### *Campus Resources*

- Support for submission of assignments to Tk20 should be directed to [tk20help@gmu.edu](mailto:tk20help@gmu.edu) or <https://cehd.gmu.edu/aero/tk20>. Questions or concerns regarding use of Blackboard should be directed to <http://coursessupport.gmu.edu/>.
- For information on student support resources on campus, see <https://ctfe.gmu.edu/teaching/student-support-resources-on-campus>.

**For additional information on the College of Education and Human Development, please visit our website <https://cehd.gmu.edu/>.**
