

College of Education and Human Development Division of Special Education and disAbility Research

Spring 2018

EDSE 629 639: Secondary Curriculum and Strategies for Students with Disabilities who Access the General Curriculum CRN: 21361, 3 – Credits

Instructor: Carmen Rioux-Bailey	Meeting Dates: 03/14/18 – 05/16/18
	(No class March 28)
Phone : 202-302-3223	Meeting Day(s): Wednesday
E-Mail: criouxba@gmu.edu	Meeting Time(s) : 5:00 pm - 9:30 pm
Office Hours: W and R by appointment	Meeting Location: Woodson HS, 9525 Main St, Fairfax 22031;
	room G120
Office Location: Finley 100D	Other Phone : (If applicable, if not N/A)

*Note: This syllabus may change according to class needs. Teacher Candidates/Students will be advised of any changes immediately through George Mason e-mail and/or through Blackboard.

Prerequisite(s): None
Co-requisite(s): None

Course Description

Applies research on teacher effectiveness, accountability, and instructional approaches at the secondary level for individuals with mild disabilities. Includes instructional methods necessary for teaching reading, writing, math, and other content areas across the curriculum. Note: Field experience required. Offered by Graduate School of Education. May not be repeated for credit. Registration Restrictions:

Enrollment limited to students with a class of Graduate or Senior Plus.

1

Enrollment is limited to Graduate or Undergraduate level students.

Schedule Type: Lecture

Advising Contact Information

Please make sure that you are being advised on a regular basis as to your status and progress through your program. Mason M.Ed. and Certificate teacher candidates/students should contact the Special Education Advising Office at (703) 993-3670 for assistance. All other teacher candidates/students should refer to their faculty advisor.

Advising Tip

Did you know that Mason email is the primary method of communication used by university offices including those arranging internships, reviewing records for graduation, etc.? Check your Mason email regularly or use the instructions at http://masonlive2.gmu.edu/tutorials/forwardemail.cfm to forward to an email account you check frequently.

Course Delivery Method

Learning activities include the following:

- 1. Class lecture and discussion
- 2. Application activities
- 3. Small group activities and assignments
- 4. Video and other media supports
- 5. Research and presentation activities
- 6. Electronic supplements and activities via Blackboard

Learner Outcomes

Upon completion of this course, teacher candidates/students will be able to:

- 1. Demonstrate knowledge of the federal and state laws that require and provide for instructional services for students with disabilities.
- 2. Demonstrate the ability to develop a comprehensive unit that includes instructional strategies and adaptations for students with disabilities at the secondary level.
- 3. Identify and infuse into the curriculum differentiation strategies for successfully including students with disabilities at the secondary level in both regular (math, science, social studies, English, etc.) and special education classroom environments.
- 4. Demonstrate the ability to assess, plan for, and address the content area literacy needs of students with disabilities who are accessing the general curriculum
- 5. Describe components of Individual Education Plans that successfully address the needs of secondary students with disabilities.
- 6. Identify research efforts, organizations, services, networks, and the variety of state and local resources aimed at dropout

prevention and improving the outcomes of secondary students with disabilities.

Course Relationship to Program Goals and Professional Organizations

This course is part of the George Mason University, Graduate School of Education (GSE), Special Education Program for teacher licensure in the Commonwealth of Virginia in the special education areas of Special Education: Students with Disabilities who Access the General Curriculum K-12. This program complies with the standards for teacher licensure established by the Council for Exceptional Children (CEC), the major special education professional organization, as well as those established by the Interstate Teacher Assessment and Support consortium (InTASC). The standards addressed in this class include CEC Standard 2: Learning environments (InTASC 3); CEC Standard 4: Assessment (InTASC 6) & CEC Standard 5: Instructional planning and strategies (InTASC 7,8). This course contains at least on Common Assessment developed by the College of Education and Human Development to assess our candidates' performance on nationally accepted standards for beginning teachers (InTASC) and our programs' performance on national accreditation standards (CAEP).

Evidence-Based Practices

This course will incorporate the evidence-based practices (EBPs) relevant to secondary curriculum learning strategies and content area planning. Evidence for the selected research-based practices is informed by meta-analysis, literature reviews/synthesis, the technical assistance networks which provide web-based resources, and the national organizations whose mission is to support students with disabilities. We address both promising and emerging practices in the field of special education. This course will provide opportunities for teacher candidates/students to take an active, decision-making role to thoughtfully select, modify, apply, and evaluate EBPs in order to improve outcomes for students with disabilities.

Recommended Textbooks

American Psychological Association. (2010). Publication manual of the American Psychological Association (6th ed.). Washington, DC: Author.

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

Tk20 Performance-Based Assessment Submission Requirement

It is critical for the special education program to collect data on how our students are meeting accreditation standards. Every teacher candidate/student registered for an EDSE course with a required Performance-based Assessment (PBA) is required to upload the PBA to Tk20 (regardless of whether a course is an elective, a one-time course or part of an undergraduate minor). A PBA is a specific assignment, presentation, or project that best demonstrates one or more CEC, InTASC or other standard connected to the course. A PBA is evaluated in two ways. The first is for a grade, based on the instructor's grading rubric. The second is for program accreditation purposes. Your instructor will provide directions as to how to upload the PBA to Tk20.

For EDSE 629, the required PBA is Secondary Curriculum Unit Plan. Failure to submit the assignment to Tk20 will result in reporting the course grade as Incomplete (IN). Teacher candidate/students have until five days prior to the University-stated grade change deadline to upload the required PBA in order to change the course grade. When the PBA is uploaded, the teacher candidate/student is required to notify the instructor so that the "IN" can be changed to a grade. If the required PBA is not uploaded five days prior to the University-stated grade change deadline and, therefore, the grade not changed, it will become an F. Please check to verify your ability to upload items to Tk20 before the PBA due date.

Assignments and/or Examinations

Performance-based Assessment (Tk20 submission required)

I. Secondary Unit Plan—see Appendix (41 points)

The Secondary Curriculum Unit Plan provides you with the opportunity to demonstrate your ability to prioritize essential concepts and skills, write lesson plans and assessments, and adapt existing lesson plans within a curriculum unit. As a group member, you are required to write two comprehensive lesson plans that address state standards and include students with disabilities. You are also required to adapt one lesson plan to be delivered in a co-taught classroom that addresses similar state standards. You will write two assessments that provide opportunities for the learners to demonstrate their understanding of the core concepts of the unit for either classroom. Your focus should be on the integration of evidence-based practices that meet the unique needs of learners with mild to moderate exceptional learning needs at the secondary level in a given content area using the appropriate state standards. Groups: You will complete this assignment in small groups. Groups should consist of four or fewer people. The groups will work together and submit one complete unit plan with each group member's name on it. The group will work together to adapt 1 lesson plan and then create 2 additional, original lesson plans. The group must ensure that all lesson-plans work together and flow within the sequence of concepts of the unit.

College Wide Common Assessment (TK20 submission required)

Lesson Plan-part of Secondary Unit Plan (not an additional assignment)

Performance-based Common Assignments (No Tk20 submission required.) None

Other Assignments

II. Research Review (25 points)

Each student will locate and analyze 5 articles from peer-reviewed special education journals that summarize research on a given facet of **secondary** instruction for students with disabilities who access the general curriculum. *Select 5 research articles from professional special education journals*

• The focus of the articles must pertain to a secondary level study with a focus on iterventions for teaching reading, language arts, math, science, social studies, or behavioral supports for secondary-age students with mild disabilities.

or

• the focus must be on cognitive strategies in self-regulation, metacognition, study skills, attention, memory, or motivation for individuals with mild disabilities of secondary age.

Prepare an **introduction** to the topic and a needs statement (**why** is this important to students with disabilities?), a written **summary of each research article**, including the complete citation, with a special emphasis on the findings. Do not simply copy the abstracts, but write in your own words what was undertaken in the study and the results. Finally, write a **conclusion** of the summaries **as a whole**, AND what the **implications for practice** are for the secondary special education teacher—in other words, based on your research review, what should the secondary special education teacher consider implementing as evidence-based practice in the classroom for students with mild disabilities? Be sure to use APA style and include a reference page.

III. Secondary Issues Project (25 points)

This small group project will develop your understanding of the particular issues or barriers relevant to serving secondary students with disabilities. Your topic (drop- out prevention, substance abuse, need for self-advocacy, block scheduling, case management, etc.) will identify the issue, explore causes and effects, and identify potential solutions from the literature and evidence-based practices. Your 30-minute presentation will provide learners with a solid foundation of knowledge on your topic.

Course Policies and Expectations Attendance/Participation

All course participants are granted one full *or* partial class session absence; however, all work still is due on Blackboard according to the course calendar. Class session participation points are not awarded if a teacher candidate/student has not attended class or misses more than one (1) hour. A second absence will result in the final grade dropping by 8 points. A third absence means the student cannot pass this class and will need to retake it. (See more under Other Requirements: IV).

Late Work

• All assignments are required to be completed and submitted on time.

• For late submissions of assignments: 25% of the points will be deducted from your assignment grade for late submissions unless the professor has agreed to an extension (which may be used one time only and only for one assignment). The maximum extension is 7 days, after which the assignment is not awarded any points toward a final grade.

Other Requirements

IV. Class Attendance and Participation (1 point each; there are 9 total)

This is an important part of this class due to the compact schedule. Class attendance and participation is demonstrated by being psychologically available to learn, completing and handing in weekly class assignments, and participating in class discussions/activities throughout the semester. Points are negatively affected by being late to class, demonstrating a disinterest in the material/discussions (e.g., reflection activities, small group activities, discussions, etc.), and/or absences. Points are positively impacted by thoughtful contributions made in class, listening to the ideas of other peers, respectively, and demonstrating an enthusiasm for learning.

Please display digital etiquette during class sessions. Use of laptops may be limited to observe the class PowerPoint/materials or engage in class activities, specifically. Each class (9 sessions; points earned if assigned tasks are completed): .25 = on time; .25 = psychologically invested, prepared, and present; .50 = participation, thoughtful contributions, demonstrating respect and consideration for all individuals in our community of learners and completed in-class assignments). If you are unable to make any class session during the semester, please contact the instructor by phone or through gmu e-mail before the class session where you will be absent/arrive late/leave early.

Grading Scale

95-100% = A 90-94% = A-84-89% = B 83-79% = C

< 79% = F

Summary of Points for Final Grade

Participation/Attendance: 9 Unit Plan: 41 Research Review: 25 Secondary Issues Project : 25 TOTAL= 100

*Note: The George Mason University Honor Code will be strictly enforced. Students are responsible for reading and understanding the Code. "To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work." Work submitted <u>must</u> be your own or with proper citations (see https://catalog.gmu.edu/policies/honor-code-system/).

Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times. See <u>https://cehd.gmu.edu/students/polices-procedures/</u>

Class Schedule

*Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <u>http://cehd.gmu.edu/values/</u>

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see https://catalog.gmu.edu/policies/honor-code-system/).
- Students must follow the university policy for Responsible Use of Computing (see http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.

- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see http://ods.gmu.edu/).
- Students must follow the university policy stating that all sound emitting devices shall be turned off during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to Tk20 should be directed to <u>tk20help@gmu.edu</u> or <u>https://cehd.gmu.edu/aero/tk20</u>. Questions or concerns regarding use of Blackboard should be directed to <u>http://coursessupport.gmu.edu/</u>.
- For information on student support resources on campus, see <u>https://ctfe.gmu.edu/teaching/student-support-resources-on-campus</u>

For additional information on the College of Education and Human Development, please visit our website https://cehd.gmu.edu/students/.

Appendix

Assessment Rubric(s)

RUBRIC: Lesson Planning Assessment

Scoring Guidelines

4-Exceeds Standard: Candidates receive a score of 4 if they perform beyond the expectations of candidates at this point in their programs. There is evidence that candidates have done additional research, identified additional resources, and/or demonstrate exceptional understanding and application of the standard.

3-Meets Standard: This is the **TARGET** score. This score reflects that candidates have met the standard at the level expected at this point in their program. Candidates who receive a 3 have successfully met the standard.

2-Approaching Standard: Candidates receive this score when their understanding and effort does not meet the Target but shows basic understanding of the content being assessed.

1-Does not meet standard: Candidates who do not submit work, and/or who submit work that is clearly below the expectations for a candidate at this point in their program.

ways to demonstrate knowledge and skill. <i>InTASC 7</i> <i>VDOE 2</i>	Tasks, methods, strategies are not stated.	stated and/or not appropriate or effective for the lesson.	and/or are appropriate and effective for the lesson.	strategies include a variety of creative, active learning, instructional strategies that address learner differences to maximize learning.
The candidate uses a variety of instructional strategies to encourage learners to develop an understanding of the content and to apply knowledge in meaningful ways. <i>InTASC 8</i> <i>VDOE 3</i>	The instructional strategies used by the candidate do not encourage an understanding of content .	The candidate uses a limited instructional strategies to encourage learners to develop an understanding of the content.	The candidate uses a variety of instructional strategies that encourage learners to develop an understanding of the content and to apply that knowledge in meaningful ways.	The candidate uses pedagogical content knowledge to use a variety of instructional strategies that encourage all learners to develop both an understanding of the content and apply knowledge that in authentic ways.
The candidate engages learners in multiple ways of demonstrating knowledge and skill as part of the assessment process. <i>InTASC 6</i>	The candidate does not use assessment as closure to check for comprehension and learner knowledge and skills.	The candidate uses assessment as closure to demonstrate knowledge and skills to check for comprehension however, they are inappropriate	The candidate uses appropriate assessment strategies as closure to allow learners to demonstrate knowledge and skills to check for understanding.	The candidate uses creative, appropriate assessments throughout the lesson to allow learners to demonstrate knowledge and

Criteria	Does Not Meet Standard 1	Approaching Standard 2	Meets Standard 3	Exceeds Standard 4
VDOE 4		and/or ineffective (or misaligned).		skills to check for comprehension.
The candidate designs assessments that match learning objectives with assessment methods. <i>InTASC 6</i> <i>VDOE 4</i>	The candidate's lesson design does not include post- assessment strategies or methods.	The candidate's lesson design includes post- assessment strategies or methods but the strategies/methods were not effective.	The candidate's lesson design includes post- assessments that are appropriate to effectively assess learning.	The candidate's ongoing assessments and post-assessment matches learning objectives and includes creative strategies to effectively assess learning and check comprehension throughout the lesson.
Section 4: REFLECT	TION: IMPACT ON LI	EARNING		
The candidate understands and knows how to use a variety of self- assessment and problem-solving strategies to analyze and reflect on his/her practice and to plan for adaptations/adjust ments. <i>InTASC 9</i> <i>VDOE 6</i>	The candidate's reflection does not demonstrate the use of self-assessment or problem-solving strategies to analyze and reflect on his/her practice.	The candidate's reflection demonstrates the use of self- assessment and/or problem-solving strategies to analyze and reflect on his/her practice but does not plan for adaptations/adjustm ents.	The candidate 's reflection demonstrates a variety of self- assessment and problem-solving strategies to analyze and reflects on his/her practice and to plan for adaptations/adjustm ents.	The candidate's reflection demonstrates the application of a variety of appropriate self- assessment and problem-solving strategies to analyze and reflect on his/her practice and to effectively plan for adaptations/adjustm ents.

		condary Curriculum Unit Plan	1
	Does Not Meet Expectations 1	Meets Expectations 2	Exceeds Expectations 3
Curriculum Analysis CEC/IGC Standard 3 Candidate uses knowledge of general and specialized curricula to individualize learning for individuals with exceptionalities.	 Candidate does not clearly identify a secondary grade level, content area, AND/OR one standard (and/or component thereof) from a specific state or common general curriculum (i.e., Virginia Standards of Learning). Candidate does not clearly identify and describe ANY of the following related to the standard: Critical concepts, Critical vocabulary, or Skills (e.g., what the student must do to acquire, organize, recall, and/or express mastery of the information) Required for a student to meet the standard. Candidate identifies and/or describes critical concepts, critical vocabulary, or skills that are irrelevant to the identified standard. 	 Candidate clearly identifies a secondary grade level, content area, and one standard (and/or component thereof) from a specific state or common general curriculum (i.e., Virginia Standards of Learning). Candidate clearly identifies, describes, and prioritizes the relevant: Critical concepts, Critical vocabulary, and Skills (e.g., what the student must do to acquire, organize, recall, and/or express mastery of the information) Required for a student to meet the standard. 	 Candidate clearly identifies a secondary grade level, content area, and one standard (and/or component thereof) from a specific state or general curriculum (i.e., Virginia Standards of Learning). Candidate clearly identifies, describes, and prioritizes the relevant: Critical concepts, Critical vocabulary, and Skills (e.g., what the student must do to acquire, organize, recall, and/or express mastery of the information) Required for a student to meet the standard. Candidate provides further evidence of task analysis of the standard by: Identifying priorities or sequencing of the critical content, Identifying sources of specialized materials, curriculum, or resources related to the critical content.
Development of Unit Planning Visual Organizer CEC/IGC Standard 3 Candidate uses knowledge of general and specialized curricula to individualize learning	 Candidate develops a unit planning visual organizer which omits any of the following: make explicit connections between prior knowledge and future learning (scope and sequence); make connections between essential concepts; identify, prioritize and sequence key concepts from the unit; and 	 Candidate develops a unit planning visual organizer which: makes explicit connections between prior knowledge and future learning (scope and sequence), makes connections between essential concepts, identifies, prioritizes and sequences key concepts from the unit, and 	 Candidate develops a unit planning visual organizer which: makes explicit connections between prior knowledge and future learning (scope and sequence), makes connections between essential concepts, identifies, prioritizes and sequences key concepts from the unit, and
