

George Mason University
College of Education and Human Development
Education Leadership Program

EDLE 610, Section 601 – Leading Schools and Communities
3 Credits, Fall 2018
Tuesdays 4:30-7:30 September 4, 2018 through December 4, 2018
TC Williams High School, Room A229

Faculty

Name: Alvin L. Crawley
Office Hours: By Appointment
Office Location: Thompson Hall, Suite 1300
Office Phone: 703-993-5944
Email Address: acrawle@gmu.edu

Prerequisites/Corequisites

EDLE 620, EDLE 690, and EDLE 791.

Recommended Resource:

American Psychological Association (2009). Publication manual of the American Psychological Association (6th edition). Washington, D.C. American Psychological Association.

Other Course Resources will be listed in the weekly schedule and will be available on Blackboard.

University Catalog Course Description

Examines critical functions of leadership and organizational management, complex decision making responsibilities of school executives, and constructive relationships between schools and communities. Incorporates historical, ethical, philosophical, and sociological foundations of American education and the impact of organizational structure on reform and student achievement. Practical and academic emphasis on leadership skill development and dispositions.

Course Overview

Students will deepen their understanding of (1) the use of research findings and tools to lead schools and communities, (2) the nature and strengths of diverse communities, (3) how organizations function, and (4) how leaders influence school and community change and improvement. Additionally, they will sharpen their oral and written communication, and reflection and general leadership skills.

Course Delivery Method

A variety of instructional methods are used in this course including: direct instruction, cooperative learning activities, media use, Internet assignments, lectures, group presentations, individual research, case studies, simulations, and written and oral assignments.

Learner Outcomes or Objectives

Students will emerge from the course able to:

1. Demonstrate knowledge and skills needed to collaborate with families and other community members, respond to diverse community interests and needs, and mobilize community resources to create and maintain a positive school culture.
2. Identify, assess, and apply elements of a constructive relationship between a school and its community to support the school's mission and vision.
3. Gain insight into power structures and pressure groups in the school community to create coalitions and increase support for school programs and goals.
4. Identify leadership knowledge and skills that promote success of all students through integrity, fairness, and ethical behavior on the part of faculty and staff.

Professional Standards (National Standards and Virginia Competencies)

The course addresses selected Virginia Department of Education (VDOE) Competencies, The Interstate School Leaders Licensure Consortium (ISLLC) Standards, and Educational Leadership Constituent Council (ELCC), and National Council for Accreditation of Teacher Education (NCATE) Standards. Specific ELCC standards addressed include:

ELCC Standard 1.0: A building-level education leader applies knowledge that promotes the success of every student by collaboratively facilitating the development, articulation, implementation, and stewardship of a shared school vision of learning through the collection and use of data to identify school goals, assess organizational effectiveness, and implement school plans to achieve school goals; promotion of continual and sustainable school improvement; and evaluation of school progress and revision of school plans supported by school-based stakeholders.

1.1 Candidates understand and can collaboratively develop, articulate, implement, and steward a shared vision of learning for a school.

1.2 Candidates understand and can collect and use data to identify school goals, assess organization effectiveness, and implement plans to achieve school goals.

ELCC Standard 4.0: A building-level education leader applies knowledge that promotes the success of every student by collaborating with faculty and community members, responding to diverse community interests and needs, and mobilizing community resources on behalf of the school by collecting and analyzing information pertinent to improvement of the school's educational environment; promoting an understanding, appreciation, and use of the diverse cultural, social, and intellectual resources within the school community; building and sustaining positive school

relationships with families and caregivers; and cultivating productive school relationships with community partners.

4.1 Candidates understand and can collaborate with faculty and community members by collecting and analyzing information pertinent to the improvement of the school's educational environment.

4.2 Candidates understand and can mobilize community resources by promoting an understanding, appreciation, and use of diverse cultural, social, and intellectual resources within the school community.

4.3 Candidates understand and can respond to community interests and needs by building and sustaining positive school relationships with families and caregivers.

4.4 Candidates understand and can respond to community interests and needs by building and sustaining productive school relationships with community partners

ELCC Standard 6.0: A building-level education leader applies knowledge that promotes the success of every student by understanding, responding to, and influencing the larger political, social, economic, legal, and cultural context through advocating for school students, families, and caregivers; acting to influence local, district, state, and national decisions affecting student learning in a school environment; and anticipating and assessing emerging trends and initiatives in order to adapt school-based leadership strategies.

6.3 Candidates understand and can anticipate and assess emerging trends and initiatives in order to adapt school-based leadership strategies.

Specific VDOE standards addressed in this course include: a7. Identification, analysis, and resolution of problems using effective problem-solving techniques; d2. Working collaboratively with staff, families, and community members to secure resources and to support the success of a diverse population; d3. Developing appropriate public relations and public engagement strategies and process; d4. Principles of effective two-way communication, including consensus building and negotiation skills; f3. Identify and respond to internal and external forces and influences on a school

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

Every student registered for any Education Leadership course with a required performance-based assessment are required to submit these assessment, **the School/Community Leaders Assessment of School Effectiveness and Parent Involvement assignments**, to Tk20 through Blackboard (regardless of whether the student is taking the course as an elective, a onetime course or as part of an undergraduate minor). Evaluation of the performance-based assessment by the course instructor

will also be completed in Tk20 through Blackboard. Failure to submit the assessment to Tk20 (through Blackboard) will result in the course instructor reporting the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required Tk20 submission, the IN will convert to an F nine weeks into the following semester.

□ **Assignments and/or Examinations** Students' grades are based on their proficiency with respect to the student outcomes stated above. Each outcome will have an oral (class participation) and/or a written component. Educational leaders must be able to use current research in making informed decisions and improving community relations. With this in mind, a primary objective of EDLE 610 is to have students deepen their understanding of the use of research and tools to lead schools and communities. Consequently you should find opportunity throughout the course and assignments to explore existing research on a specific topic, organize and evaluate that research, and then share your findings with your classmates and/or in your journals.

Below are the basic percentages for the various kinds of work required for the class. Students should always bear in mind that grading is primarily my judgment about your performance. Grades are designed to indicate your success in completing the course, not the level of effort you put into it.

Reflection, Research, Class participation	25 percent
Written assignments	75 percent

□ **Other Requirements**

Class participation

A large proportion of the work in this class will be done either individually and/or in small groups. Each student is expected to be an active, contributing member of her/his small group in every class session and outside of class. Every student is also expected to contribute to Blackboard discussions as necessary. If you are absent or miss part of a class session, you may lose participation points. If you are absent for an oral activity, there will be no alternative way to engage in the activity and you will not receive credit for it. Such an absence will cause you to lose participation points regardless of your overall attendance record. If you must be absent, please notify me by e-mail or phone. More than one absence may result in a reduction in participation points. Arriving at class more than 30 minutes late or leaving more than 30 minutes before the end of class will result in loss of points.

Attendance

Students are expected to attend every class for its entirety. Emergencies sometimes arise, however. If you need to be absent from class, you are expected to notify me in advance by telephone or e-mail. Any absence will result in two (2) points' reduction in participation. If you come to class more than 30 minutes late or leave more than 30 minutes early, you will lose participation points. Papers due on a day you are absent must be submitted via Blackboard by the due date.

Written assignments

Two performance-based assessments will be completed during the semester. The School/Community Leaders Assessment of School Effectiveness and Parent Involvement assignments represent the required program-level performance based assessments for this course. Each assignment relates to the application of educational research in your school setting. A description and directions for each assignment and a rubric for grading each assignment are included at the end of this syllabus.

□ **Grading**

A+	=	100 percent
A	=	95 – 99 percent
A-	=	90 – 94 percent
B+	=	86 – 89 percent
B	=	83 – 85 percent
B-	=	80 – 82 percent
C	=	75 – 79 percent
F	=	74 percent or below

Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times. See <https://cehd.gmu.edu/students/policies-procedures/> .

Plagiarism: Candidates must avoid plagiarizing the work of others. Specifically, when referencing a source or author, candidates must give appropriate source documentation; and when using direct quotes, candidates must use quotations, provide page numbers, and ensure that credit is given to the author of quoted material. If a candidate's work contains plagiarism, the candidate will receive no credit for the assignment.

Class Schedule (Fall 2018)

Please Note: Faculty reserves the right to alter the schedule as necessary, with notification to students. Please check announcements on the course website for any update to the schedule if you miss a class.

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>.

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see <https://catalog.gmu.edu/policies/honor-code-system/>)
- Students must follow the university policy for Responsible Use of Computing (see <http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All

communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.

- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <http://ds.gmu.edu/>).
- Students must follow the university policy stating that all sound emitting devices shall be silenced during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or <https://cehd.gmu.edu/aero/tk20>. Questions or concerns regarding use of Blackboard should be directed to <http://coursessupport.gmu.edu/>.
- For information on student support resources on campus, see <https://ctfe.gmu.edu/teaching/student-support-resources-on-campus>

For information on the College of Education and Human development, please visit our website <https://cehd.gmu.edu/students/>.

Course Assignments

I. School/Community Leaders Assessment of School Effectiveness (40 points)

Rationale

It is easy (and popular) to talk about school vision, but it is rare that we check whether or not others perceive our schools as achieving the vision they set out for themselves. This assignment requires you to determine how leaders in your school community perceive your school's performance. Taking focus group discussions as raw data and analyzing them through the frame of your school's vision statements requires you to determine if your school's theories in use are well aligned with its espoused theories—an important initial step toward school improvement. Weaving community perceptions into the school improvement process is critical to building community support for change and advancement. Presenting your analysis and action plan is a crucial part of the process of leading for school improvement.

Process

- Working with your intern supervisor/principal identify a minimum of 9 leaders in the school community, community at large or business community who have a stake in this issue.

- Develop an interview protocol to be used in the discussion with the identified leaders, with the major question being “How well is our school implementing its vision statement?”
- You will establish a meeting date and location and invite participants to attend. Provide a clear, concise summary of the purpose of the focus group, the nature of questions, how data will be used, the right to confidentiality of responses and the time needed for the interview meeting.
- After conducting the focus group, build a matrix with questions and significant responses. Look for common themes that will be summarized in the paper, along with contrasting points of view, lack of clarity of the issue, and other significant concerns.

Your paper will be 6-10 pages long (excluding the title and reference pages) and include:

- an introduction that includes a thesis statement
- a profile of the school and community
- a summary of the methods used and results of the focus group discussion, including a matrix of responses with the participant roles clearly labeled;
- a summary table of themes gathered from focus groups;
- significant findings;
- recommended areas for improvement;
- a plan of action aimed to align espoused theories and theories in use based on the data collected; and a summary.

Be sure to conclude with a restatement of your thesis and a brief discussion of the implications of what you learned from the focus group experience and your action plan.

School/Community Leaders Assessment of School Effectiveness Assignment Rubric

Criteria	Levels of Achievement			
	exceeds expectations	meets expectations	approaching expectations	falls below expectations
Thesis and introduction Weight 10.00%	90 to 100 % The introduction draws the reader into the paper and ends with a clear and compelling thesis. The introduction provides a clear roadmap for the reader, foreshadowing what the paper	80 to 89 % Paper starts with a brief introduction that alludes to the purpose of the paper, contains a thesis, and provides a general foreshadowing of what is to be included.	70 to 79 % The introduction provides some indication of the purpose of the paper, but lacks a thesis and/or provides inadequate or confusing information about what is to be shared.	0 to 69 % There is no clear introduction or purpose.

	is intended to cover.			
<p>ELCC 1.2</p> <p>Profile of the school and community: Candidates demonstrate that they understand and can collect and use data to identify school goals and assess effectiveness.</p> <p>Weight 10.00%</p>	<p>90 to 100 %</p> <p>The profile clearly defines demographic and performance data, instructional practices and programs, improvement goals, school community trends, and areas for potential change.</p>	<p>80 to 89 %</p> <p>The profile provides general information about demographic and performance data, instructional practices and programs, improvement goals, school community trends, and areas for potential change.</p>	<p>70 to 79 %</p> <p>The profile includes limited information about demographic and performance data, instructional practices and programs, improvement goals, school community trends, and areas for potential change.</p>	<p>0 to 69 %</p> <p>There is no profile provided.</p>
<p>ELCC 1.1</p> <p>The school vision: Candidates demonstrate that they understand and can collaboratively develop, articulate, implement and steward a vision</p> <p>Weight 10.00%</p>	<p>90 to 100 %</p> <p>The school's vision statement is included and assessed regarding the degree to which it relates to current instructional programs, SIP goals, and resources.</p>	<p>80 to 89 %</p> <p>The vision statement and its goals are identified and there is a general explanation of how its goals are supported.</p>	<p>70 to 79 %</p> <p>The vision statement is identified. Its goals and support are not clearly identified.</p>	<p>0 to 69 %</p> <p>There is no mention of the school vision and/or description of how the vision is supported.</p>

ELCC 1.4	90 to 100 %	80 to 89 %	70 to 79 %	0 to 69 %
Focus group planning: The focus group process demonstrates that candidates understand and can evaluate school progress and revise school plans supported by school stakeholders Weight 15.00%	The focus group process is powerfully designed, including an interview protocol that targets important school improvement issues, and selection of a variety of focus group participants that include key school stakeholders.	The focus group process is well designed, but has gaps either in terms of the construction of interview questions or limited involvement of some stakeholders.	The focus group process is usable as designed, but there are gaps in terms of either the interview protocol or invitation of participants.	The focus group design was poorly or haphazardly planned resulting in significant problems that affected the veracity of the data.
ELCC 4.1	90 to 100 %	80 to 89 %	70 to 79 %	0 to 69 %
Focus Group results: The focus group process demonstrates that candidates understand and can collaborate with faculty and community members to collect and analyze data pertinent to school improvement Weight 10.00%	The narrative and matrix present a comprehensive summary of all phases of the focus group discussions. Significant findings are specifically identified.	A narrative and matrix are presented. The narrative and/or findings are discussed in a general manner.	A narrative and matrix are presented. There is little detail in the narrative, matrix and findings.	The narrative, matrix and/or findings or missing
ELCC 4.4	90 to 100 %	80 to 89 %	70 to 79 %	0 to 69 %
Improvement areas: The focus group data analysis demonstrates that candidates understand and can respond to community interests issues.	Analysis of focus group evidence yields a clear and concise set of recommendations for improvement based on stakeholder suggestions and candidate analysis of existing school programs or practices.	Recommendations generally follow themes evident in focus group data, but are only loosely connected to stakeholder input.	Recommendations are evidence, but their connection to stakeholder input is vague or hard to discern.	Recommendations are incomplete or missing.

Weight 10.00%				
ELCC 1.3 Action Plan: The action plan demonstrates that candidates understand and can promote continual and sustainable improvement Weight 15.00%	90 to 100 % The Action Plan is fully developed. Its relationship to the data collected and steps toward improvement are explicitly stated.	80 to 90 % The Action Plan is outlined. There is some relationship shown between the plan and the data collected.	70 to 79 % The Action Plan is vague. There is little relationship between the plan and the data collected.	0 to 69 % The Action Plan is incomplete.
ELCC 4.3 Candidates demonstrate the ability to conduct a needs assessment of families and caregivers Weight 10.00%	90 to 100 % The project provides evidence of a superior ability to conduct a needs assessment and develop collaborative strategies and/or recommendations related to community interests and needs.	80 to 89 % The project provides evidence of an adequate ability to conduct a needs assessment and develop collaborative strategies and/or recommendations related to community interests and needs.	70 to 79 % The project provides evidence of some ability to conduct a needs assessment and develop collaborative strategies and/or recommendations related to community interests and needs.	0 to 69 % The project does not provide evidence of the ability to conduct a needs assessment and develop collaborative strategies and/or recommendations related to community interests and needs.
The Quality of support Weight 5.00%	90 to 100% The recommendations appear to be grounded in research about the topic in general and research about the specific elements of the school's program.	80 to 89 % The recommendations may be grounded in research about the topic but are unresponsive to actual school conditions or unresponsive to	70 to 79 % Recommendations are responsive neither to school conditions nor research.	0 to 69 % It is unclear what recommendations are proposed.

		research and responsive to school conditions.		
Mechanics	90 to 100 %	80 to 89 %	70 to 79 %	0 to 69 %
Weight 5.00%	The paper is error free.	There are only a few minor errors in the paper.	The paper has several errors indicating a lack of proofreading.	The paper contains many significant errors.

II. PARENTAL INVOLVEMENT (35 points)

Using Epstein’s framework of six types of parent involvement, conduct an assessment of the parent involvement program in your school, and then recommend how to improve it.

1. *The Written Assignment should include the following elements:*

Introduction

Describe in summary terms the current parent involvement program in your school and then foreshadow the results of your assessment and your recommendations to improve it.

Program Description and Assessment

Describe the parent involvement program in your school by indicating what the school is doing in regard to Epstein’s six types of parent involvement (parenting, communicating, volunteering, learning at home, decisionmaking, and collaborating with the community).

Assess each type of parent involvement by explaining a. the degree to which the program addresses each type of parent involvement, b. the degree to which the efforts satisfy the needs of the parents, and c. the degree to which the efforts satisfy the needs of the school. In your assessment, cite any evaluations of the efforts that may be available and the findings of your own investigation.

Program Improvement Recommendations

Write recommendations for improving the program based on your assessment of the greatest needs for improvement. The program improvement recommendation should include:

Recommendations and Rationale - Indicate your recommendations and why you are making the recommendations and the ways in which they respond to your assessment. A useful way to

establish the rationale is to conduct a discrepancy analysis in which you describe what the ideal program would look like and how your current program compares.

Outcomes - Specify in measurable terms two types of outcomes. *Process or implementation outcomes* describe major elements of what will change in the delivery of the program (e.g., the implementation of a new service, completing professional development efforts). *Substantive outcomes* refer to changes in behavior (e.g., levels of parent commitment and involvement, and student achievement).

Program Description - Describe the elements of your program changes and how they will be accomplished. Specify the essential attributes of your program by way of a program configuration checklist.

Implementation Plan - Provide the steps for implementation, assuring that you will address the functions of

- planning,
- building support,
- building capacity to conduct the program,
- securing resources if needed,
- implementing programmatic interventions or activities,
- evaluating the process and evaluating substantive outcomes. In addressing those functions, indicate
- the activity or task,
- who will be responsible for completing it,
- when (date) it will be completed,
- any resources required, and
- the evidence that will be accepted as a sign of accomplishment.

Evaluation Plan Describe how you will evaluate both process and substantive outcomes, indicating

- what measures will be used
- how the data will be collected
- how the analysis will be accomplished

The written assignment should be 7 pages (+/-) excluding title and reference pages

2. Presentation Assignment: Improving Parent Involvement

Using your written document, develop a 5-7minute presentation to be delivered to a simulated panel of experienced school administrators who will provide evaluative feedback.

The panel will evaluate the presentation on the basis of:

- Clarity of presentation
- Clarity and persuasiveness of rationale
- Quality of program recommendations (degree to which they are likely to accomplish the desired outcomes).
- Quality of implementation and evaluation plans (degree to which they are likely to result in a successful project).

Parental Involvement Assignment Rubric

Criteria	Levels of Achievement			
	exceeds expectations	meets expectations	approaching expectations	falls below expectations
Thesis and introduction Weight 10.00%	90 to 100 % The introduction draws the reader into the written assignment and ends with a clear and compelling thesis. The introduction provides a clear roadmap for the reader, foreshadowing what the written assignment is intended to cover.	80 to 89 % Written assignment starts with a brief introduction that alludes to the purpose of the written assignment, contains a thesis, and provides a general foreshadowing of what is to be included.	70 to 79 % The introduction provides some indication of the purpose of the written assignment, but lacks a thesis and/or provides inadequate or confusing information about what is to be shared.	0 to 69 % There is no clear introduction or purpose.

<p>ELCC 1.2 Program Description –</p> <p>The program description demonstrates that the candidate understands and can amass data to identify school goals, processes and program effectiveness.</p> <p>Weight 10.00%</p>	<p>90 to 100 %</p> <p>The written assignment describes the parent involvement program in your school by indicating what the school is doing in regard to Epstein’s six types of parent involvement.
