EDLE 620: *Organizational Theory and Leadership Development* (3:3:0) Studies basic organizational theories and models of leadership and management. Emphasizes shared leadership in professional environments, communication skills, systems thinking, and personal and organizational change. Bridges theory to practical applications in educational settings.

**General Goals: Organizational Theory and Leadership Development** is intended to provide students with an opportunity to explore meanings of leadership in schools, leaders' role in school change and restructuring; and ways school leaders make sense of school organization. Students will explore both how organizations function and leadership choices within organizations, and they will have an opportunity to begin to develop a vision of their leadership practice and situate this practice within a perspective of how school organizations work.

**Course Delivery Method**

This is a 100% online course using an asynchronous format via the Blackboard learning management system (LMS) housed in the MyMason portal. You will log in to the Blackboard course site using your Mason email name (everything before

@masonlive.gmu.edu) and email password. The course site will be available on August 26, 2019.

**Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.**

## **Grading**

Students can earn a total of 500 points in this course. Graded assignments account for 75% (375 points) of the overall grade, while online course participation accounts for 25% (125 points).

## ***Assignment Descriptions (75% or 375 points of total grade)***

The three graded assignments required for this course are as follows:

### ***1. Auto-ethnography - part 1 (20% or 100 points)***

Over the next couple of years, you will be asked at three points to reflect in writing on your life in relation to what you are learning or have learned over time and in this program. This assignment represents the first section of a three-part auto-ethnography that you will be asked to complete. **Parts two and three will be written about half-way through your internship and at the close of the internship respectively.**

An auto-ethnography is a blending of an autobiography (story of self) and ethnography (study of culture) that represents one form of qualitative research. The purpose of this three-part assignment (i.e., personal, professional, and transformational ethnographic moments) revolves around having you reflect on your own history as it relates to the development of your values and philosophy, and the impact of this program on your growth as a leader.

### **Process**

In this first section you are asked to impart your story growing up by reflecting on your family history, your school experiences and key moments in your life (leading to what some call “epiphanies”) that affected the ways you believe and act. Part two will treat your professional work history. Part three will address transformational experiences in this program.

### **Product**

The first part of this paper should be a provocative memory that brings the reader into your life story. Then provide an introduction that tells the reader your thesis (e.g., what experiences were most important to your development and why) and foreshadows how you

will go about supporting it, followed by the body of the paper which represents an account of your family history, school experiences and any key moments that impacted your life. Wrap up the paper with a conclusion that restates your thesis and summarizes the support you have provided for it.

**Submission Instructions:**

You will upload your Auto-ethnography using the portal provided in the Assignments link. **It must be uploaded no later than October 1, 2019 11:59 p.m.** The paper should be double spaced (APA format) and be approximately 6-9 pages long.

**2. Platform of Beliefs (15% or 75 points)**

The Platform of Beliefs assignment serves to help you “locate your compass” by identifying and reflecting on the core values and beliefs that will inform your leadership practice. For this assignment, you will prepare and post a 2 to 3-minute video presentation (using PowerPoint, Keynote, Prezi, or other presentation software to create the presentation and Kaltura to share a screencast of your presentation) that explains the type of school leader you want to be and why. You will also be expected to view your colleagues’ (minimum of three) Platform of Beliefs videos and offer feedback on the similarities and differences you observed between their Platform of Beliefs and your own.

**Submission Instructions:**

Part 1 – You will upload your final Platform of Beliefs video presentation to the class discussion board **by October 29<sup>th</sup>.**

Part 2 – You will provide your feedback on three other videos on the class discussion board **by November 5<sup>th</sup>.**

**3. Reframing Paper (40% or 200 points)**

In this assignment, you will write a paper that demonstrates your ability to use multiple frames from the four-frame model to analyze a **school improvement project** that has taken place at your school within the last two years. **This assignment is the Performance-Based Assessment (PBA) for this course and must be uploaded to Tk20. Your paper should reflect your understanding of the key theories and assumptions that support each of Bolman & Deal’s four frames** and their application to school leadership practice. Expected length: 8-10 pages.

**Submission Instructions:**

Upload your paper into Tk20 via the Assessment tab on the course site.

**DUE DATE: No later than Saturday, December 7, 11:59 p.m.**

**TK20 Performance-Based Assessment Submission Requirement**

Every student registered for any EDLE course with a required performance-based assessment is required to submit this assessment, The Reframing Paper, to Tk20 through Blackboard (regardless of whether the student is taking the course as an elective, a onetime course or as part of an undergraduate minor). Evaluation of the performance-based assessment by the course instructor will also be completed in Tk20 through Blackboard. Failure to submit the assessment to Tk20 (through Blackboard) will result in the course instructor reporting the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required Tk20 submission, the IN will convert to F nine weeks into the following semester.

***Participation Requirements (25% or 125 points of total grade)***

To maximize learning and engagement in the online environment, students are expected to participate actively in asynchronous class discussions, asynchronous and synchronous group activities, and serve as critical friends to other students. In this course, participation points are given by unit, rather than per learning activity. ### *Other reminders:*

**GMU Add/Drop Policy:** The last day to drop this class without any penalty is provided on the GMU academic calendar page <http://registrar.gmu.edu/calendar/>. It is the student's responsibility to check to verify that they are properly enrolled, as no credit will be awarded to students who are not.

**Plagiarism Statement:** Plagiarism means using the exact words, opinions, or factual information from another person without giving that person credit. Writers give credit through accepted documentation styles, such as parenthetical citation, footnotes, or endnotes; a simple listing of books and articles is not sufficient. Plagiarism is the equivalent of intellectual robbery and cannot be tolerated in an academic setting (Statement of English Department at George Mason University).

**Plagiarism and the Internet:** Copyright rules also apply to users of the Internet who cite from Internet sources. Information and graphics accessed electronically must also be cited, giving credit to the sources. This material includes but is not limited to e-mail (don't cite or forward someone else's e-mail without permission), newsgroup material, information from Web sites, including graphics. Even if you give credit, you must get permission from the original source to put any graphic that you did not create on your web page. Shareware graphics are not free. Freeware clipart is available for you to freely use. If the material does not say "free," assume it is not. Putting someone else's Internet material on your web page is stealing intellectual property. Making links to a site is, at this time, okay, but getting permission is strongly advised, since many Web sites have their own requirements for linking to their material.

If you have questions about when the contributions of others to your work must be acknowledged and appropriate ways to cite those contributions, please talk with the professor or utilize the GMU Writing Center.

**Academic Integrity & Inclusivity:** This course embodies the perspective that we all have differing perspectives and ideas and we each deserve the opportunity to share our thoughts. Therefore, we will conduct our discussions with respect for those differences, meaning we each have the freedom to express our ideas, but we should also do so keeping in mind that our colleagues deserve to hear differing thoughts in a respectful manner, i.e. we may disagree without being disagreeable. <http://integrity.gmu.edu/>

**Diversity, Religious Holiday:** Please refer to George Mason University's calendar of religious holidays and observations (<http://ulife.gmu.edu/calendar/religious-holiday-calendar/>). It is the student's responsibility to speak to the instructor in advance should their religious observances impact their participation in class activities and assignments.

**Student Privacy Policy:** George Mason University strives to fully comply with FERPA by protecting the privacy of student records and judiciously evaluating requests for release of information from those records. Please see George Mason University's student privacy policy <https://registrar.gmu.edu/students/privacy/>

**Other Concerns:** If you have concerns or issues relating to the content or conduct of the class, please talk with me directly. Although the specifics of these conversations are entirely confidential, they may provide me with useful suggestions that may be shared indirectly with the class to improve the learning experience for all students. As a matter of policy, I do not respond to anonymous e-mails.
