University Catalog Course description

Provides students with advanced knowledge and skills in Pilates techniques and exercises.

Course Overview:

The course will provide a combination of lecture and activity within the framework of each class. Students will expand upon their knowledge of mat Pilates learning a variety of variations which will intensify the workout. In addition, the course will give students an overview of the basic anatomy associated with Pilates exercises. Students will also discuss various postural deviations and how they may affect the individual

Course Delivery Method: This course is an activity-based course.

Learner Outcomes or Objectives

At the conclusion of the course, students will be able to:

1. Perform intermediate to advanced Pilates exercises
2. Explain the anatomy associated with Pilates mat exercises
3. Observe and identify different postural deviations based on class observation
4. Provide feedback to peers related to the quality of their movements
5. Complete journals throughout the duration of the course to measure growth and improvement in relation to specific exercises.

Course Performance Evaluation:

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Email, hard copy)

Assignments and Examinations

- Practical Exam: Students will be given the opportunity to demonstrate to the instructor the intermediate/advance exercise order which they were able to learn during the course of the semester. The exercises should be presented in a manner where Pilates Principles are shown.
- Pilates Journal and Workout Plan: Students will record a short reflection of their progress at the end of each class period. This will be an in-class assignment. During the course of the semester students will create a personal workout plan which will contain the exercises which they have practiced during the course of the semester. The workout plan will vary depending on specific needs of each particular student. This will also be recorded in the student's journal.
- Final Written Exam: The final exam will cover the basic concepts of Pilates and the anatomy associated with many of the exercises. Exam will be multiple choice and take home.
- Postural Evaluation/Peer Feedback: The students will provide a postural evaluation on a fellow student or family member. The guidelines for the evaluation will be provided in the class setting. Each student will have the opportunity to assess the quality of movements as performed by fellow students. This will be done in a small group setting within the class time. The students will complete a short evaluation of the exercises they observed.

Other Requirements

- Participation and Attendance: The students will receive 5 points for every class attended. Students who arrive late will receive only 4 points for that day. It is the student's responsibility to make sure the instructor has marked them present on days they arrive late. Absences are only excused with a doctor's note which needs to be submitted to the instructor immediately upon return to class. Phone calls, emails, and texts do not excuse an absence.

Class Information:

1. Students must come to class adequately dressed for activity. Sweats, shorts, t-shirts or exercise clothing may be worn. Shoes will not be worn during class. Socks with grips are recommended but not required.
2. Attendance is a major part of the student's grade. Students are expected to be at each class. Any absences must be arranged with instructor.
3. Students will be allowed one excused absence. For each additional absence 5 points will be deducted from their participation grade.
