<b>Office Hours: email for appointment</b>	<b>Meeting Location: N/A; Online</b>
<b>Office Location: Zoom</b>	<b>Other Phone: N/A</b>

**Note: This syllabus may change according to class needs. Teacher Candidates/Students will be advised of any changes immediately through George Mason e-mail and/or through Blackboard.**

**Prerequisite(s):**

None

**Co-requisite(s):**

None

**Course Description**

Focuses on introduction of American Sign Language (ASL) and Deaf culture. Teaches basic person-to-person conversational signing. Emphasizes development of expressive and receptive skills. Increases knowledge of ASL vocabulary and the syntax, semantics, and pragmatics of the language.

**Advising Contact Information**

Please make sure that you are being advised on a regular basis as to your status and progress in your program. Students in Special Education and Assistive Technology programs can contact the Special Education Advising Office at 703-993-3670 or [speced@gmu.edu](mailto:speced@gmu.edu) for assistance. All other students should refer to their assigned program advisor or the Mason Care Network (703-993-2470).

## Course Delivery Method

### On-line

Learning activities include the following:

1. Class lecture and discussion
2. Application activities
3. Small group activities and assignments
4. Video and other media supports
5. Research and presentation activities
6. Electronic supplements and activities via Blackboard

This course will be delivered online (76% or more) using a synchronous format via the Blackboard Learning Management system (LMS) housed in the MyMason portal. You will log in to the Blackboard (Bb) course site using your Mason email name (everything before @masonlive.gmu.edu) and email password. The course site will be available on January 25.

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

## Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard's supported browsers see: [Browser support \(https://help.blackboard.com/Learn/Student/Getting\\_Started/Browser\\_Support#supported-browsers\)](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers)

To get a list of supported operation systems on different devices see: [Tested devices and operating systems \(https://help.blackboard.com/Learn/Student/Getting\\_Started/Browser\\_Support#tested-devices-and-operating-systems\)](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems)

- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download:
  - [Adobe Acrobat Reader \(https://get.adobe.com/reader/\)](https://get.adobe.com/reader/)
  - [Windows Media Player \(https://support.microsoft.com/en-us/help/14209/get-windows-media-player\)](https://support.microsoft.com/en-us/help/14209/get-windows-media-player)

- [Apple Quick Time Player \(www.apple.com/quicktime/download/\)](http://www.apple.com/quicktime/download/)

## Expectations

- **Course Week:**  
Our course week will begin on the day that our synchronous meetings take place as indicated on the Schedule of Classes.
- **Log-in Frequency:**  
Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least 4 times per week. In addition, students must log-in for all scheduled online synchronous meetings.
- **Participation:**  
Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- **Technical Competence:**  
Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.
- **Technical Issues:**  
Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- **Workload:**  
Please be aware that this course is not self-paced. Students are expected to meet *specific deadlines* and *due dates* listed in the Class Schedule section of this syllabus. It is the student's responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
- **Instructor Support:**  
Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Those unable to come to a Mason campus can meet with the instructor via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.
- **Netiquette:**  
The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.

- Accommodations:  
Online learners who require effective accommodations to insure accessibility must be registered with George Mason University Disability Services.

### **Learner Outcomes**

Upon completion of this course, students will be able to:

1. Develop minimal ASL conversational skills and vocabulary to effectively communicate with members of the Deaf community in the United States (DH1S2, C1.1).
2. Introduce self and produce correct handshape form for letters and numbers, fingerspell names, ask yes/no questions (C1.1).
3. Narrate language and home background (C1.1).
4. Identify person and give information about that person (C1.1).
5. Describe residence, use contrastive structures, tell about living arrangements (C1.1).
6. Talk about family and family relationships, tell similarities and differences between self and sibling, discuss information about relationship, marital status, age, etc (C1.1).
7. Develop a basic awareness of language and culture alive in the Deaf community today (DH1S2, C2.1).

### **Professional Standards**

Goals, objectives, and assignments in this class address NCATE Standard 1b/ Pedagogical Content Knowledge and 1c / Skills Professional and Pedagogical Knowledge and Skills, the Council for Exceptional Children (CEC) Knowledge and Skill Standards, the Council on Education of the Deaf, and the Virginia Department of Education teacher licensure competencies. Goals, objectives, and assignments in this class address the Council for Exceptional Children (CEC) Knowledge and the American Sign Language Teachers Association (ASLTA) competencies. Code for CEC Standards: DH = Deaf and Hard of Hearing; Code for ASLTA Standards: C1 = Communication, C2 = Culture, C3 = Connections, C4 = Comparisons, C5 = Communities.

### **Required Texts**

Smith, C., Lentz, E., & Mikos, K. (2008). *Signing naturally: Units 1-6 student set*. San Diego, CA: Dawn Sign Press.

### **Recommended Texts**

American Psychological Association. (2020). *Publication manual of the American Psychological Association* (7th ed.). <https://doi.org/10.1037/0000165-000>

### **Required Resources**

Open, register and pay through <https://get.goreact.com>. It is an online video recording platform and video feedback website for the lectures, assignments, journals, quizzes, and exams.

### **Course Performance Evaluation**

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, VIA, hard copy).

## **Assignments and/or Examinations**

### **Textbook Assignments**

Students are expected to complete all the assigned assignments that are listed on the course schedule. Do not complete and submit any assignments that have the answers in the Signing Naturally book. The parts that already have the answers in the book will benefit and help you understand better if you choose to work on them. Only focus on completing the assignments that have “Answer given in class” in the Signing Naturally book. It is important for students to keep up with the course schedule and complete all the assignments. The benefit of keeping up with the assignments is to have the confidence of taking the video journals, quizzes, and exams.

**Post:** Assignments submit through Blackboard 2 hours before class starts on due day

### **Video Journals**

Students will have to complete three video journals for this class. Student’s ASL production will be evaluated. The signs should be clear. The signs also should be formed correctly signed in a fluent manner and accompanied by appropriate facial grammar and spatial references, eye gazes, topicalization, appropriate pauses for both individual signs and ASL sentences. Rubrics are provided on GoReact. The video journal due dates are showed on the class schedule.

**Post:** Video Journals submit through GoReact by 11:59pm on due day

### **Research Paper**

For the research paper, students will need to find a website from ONE of these categories. Students will write a paper summarizing the website. The summary should be 1 to 2 pages long, size 12 font and double spaced and follows APA style. The website link must be included in the paper. The categories are included:

1. An organization dedicated to Deaf people
2. An educational program school or university that serves Deaf students
3. A website related to ASL learning the language or research

The plagiarism is not allowed. It will result in a zero on the research paper.

**Post:** Research Paper submit through Blackboard by 11:59pm on due day

### **Quizzes**

Students will have four-unit quizzes. These quizzes will consist of the following sections: receptive, expressive, grammar, vocabulary, and topics. If student miss a quiz, he/she will get a zero. The quizzes will take place in GoReact. There will be no make-up quizzes. The dates of quizzes are listed on the class schedule.

### **Final Exam**

The Final Exam will take place in GoReact. The final exam is listed in the course schedule. The Final Exam will be a comprehensive review of what students have learned in units 1 - 4. The instructor will either sign or show the PowerPoint slide through GoReact. The rubric grading will be used for this part. The exams are mandatory and cannot be rescheduled.

## **Course Policies and Expectations**

### **Attendance/Participation**

Language learning is performance based. The attendance is paramount. Unexcused absences and repeated tardiness will have a negative impact on your grade. Students must enter the zoom session 5 minutes within the start of class time otherwise they won't be allowed to enter. If you miss more than 5 classes, you will receive either a W or F for the course, depending on the date.

Students will be allowed 3 excused absences without penalty. The three excused absences should be used in case of emergency throughout the semester. Each absence afterwards will have a 2% deduction from the total grade as shown below:

### **Late Work**

\*\*\*Absolutely NO papers, videos, or assignments will be accepted past due dates.

If you miss the deadline, you will earn a zero, no discussion. Allowance will be made in the event of an unforeseen situation on the instructor's end.

### **Other Requirements**

#### **Zoom class etiquette policy**

Students must show same etiquette in the zoom class as if they are in the actual classroom. Students must adhere to the following rules below.

1. Always turn on the zoom video for the entire class from the start to end
2. Wear appropriate clothes for the virtual class. All students can see each other
3. Move and place the video area in the appropriate place away from the area you do not want others to see.
4. Position yourself so the camera is seeing you from the waist up to the top of head.
5. Always make sure your video has lighting in front of you, not in the back. It is easier to see your face and hands. The lighting in the back make it harder to see your face and hands.
6. Always look into the camera. Students and instructor will be able to see your facial expression, body language and signing.
7. Make sure you run a test run with zoom before you start. Zoom has a feature that lets you test your audio and video settings before the class starts. Go to [Zoom.us/test](https://zoom.us/test) and test your video.
8. Always mute your video. Voicing is not allowed in class. We are here to learn and communicate with each other using sign language.
9. Do not eat during the zoom class.
10. Do not do other private things while in the zoom class. It creates distraction for other students and instructor.
11. Do not wear earpiece to listen to music during the zoom class.
12. Stay focused otherwise you will miss important things during zoom class that may cover on the quizzes and exams

#### **ASL Program:**

No-Voicing Policy: This is a no voice class. During zoom class time, you would be muted automatically. You should keep your voice off and not whisper nor rely on "exaggerated mouthing." Always pay attention and participate in class. This is the way to gain the signing skill quickly if no voice is used.

**Making ASL videos:**

Tips for ASL Video assignments & ASL Lab assignments:

1. Make sure the video is centered and visible where the instructor can see the top of the student’s head and the bottom of the student’s chest area.
2. Make sure that the background is clean (one-colored wall) and free of “visual noise” (books, DVD’s, TV running, kitchen items, dog appearing, etc.).
3. Wear only solid-colored shirts free of logos. The color of the student’s shirt should contrast their skin tone. Avoid red, yellow, and orange shades. If students have tattoos on their arms, they should wear long-sleeved shirts.
4. Remove hats and excessive jewelry. Wedding rings and small earrings are ok.
5. If students are sitting, do not swivel.
6. Beds are not appropriate places to create videos.

**\*\*\*\*Videos that do not meet the following above will result in a grade reduction or redo. If this occurs more than once, result in a zero for the assignment.**

**Grading Scale**

<b>A+</b>	<b>97-100</b>
<b>A</b>	<b>94-96</b>
<b>A-</b>	<b>90-93</b>
<b>B+</b>	<b>87-89</b>
<b>B</b>	<b>84-86</b>
<b>B-</b>	<b>81-83</b>
<b>C+</b>	<b>79-80</b>
<b>C</b>	<b>76-78</b>
<b>C-</b>	<b>74-75</b>
<b>D</b>	<b>70-73</b>
<b>F</b>	<b>Below 70</b>

**Grade Distribution:**

- |                         |             |
|-------------------------|-------------|
| 1. Textbook Assignments | <b>10%</b>  |
| 2. Video Journals       | <b>30%</b>  |
| 3. Research Paper       | <b>5%</b>   |
| 4. Quizzes              | <b>30%</b>  |
| 5. <u>Final Exam</u>    | <b>25 %</b> |
| <b>Total</b>            | <b>100%</b> |

**If a student gets at 93.5% or above in class, the Final Exam will be waived.**

**Students’ grades will be based on percentage for each area as shown above, not total points. The graduate grading scale does not include a “D”.**

**\*Note:** The George Mason University Honor Code will be strictly enforced. See [Academic Integrity Site](https://oai.gmu.edu/) (https://oai.gmu.edu/) and [Honor Code and System](https://catalog.gmu.edu/policies/honor-code-system/) (https://catalog.gmu.edu/policies/honor-code-system/). Students are responsible for reading and understanding the Code. “To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.” Work submitted must be your own new, original work for this course or with proper citations.

**Professional Dispositions**

Students are expected to exhibit professional behaviors and dispositions at all times. See [Policies and Procedures](https://cehd.gmu.edu/students/polices-procedures/) (https://cehd.gmu.edu/students/polices-procedures/).

### Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: See [Core Values](http://cehd.gmu.edu/values/) (<http://cehd.gmu.edu/values/>).

### GMU Policies and Resources for Students

#### Policies

- Students must adhere to the guidelines of the Mason Honor Code. See [Honor Code and System](https://catalog.gmu.edu/policies/honor-code-system/) (<https://catalog.gmu.edu/policies/honor-code-system/>).
- Students must follow the university policy for Responsible Use of Computing. See [Responsible Use of Computing](http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/) (<http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their

Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.

- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor. See [Disability Services \(https://ds.gmu.edu/\)](https://ds.gmu.edu/).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

### Campus Resources

- Support for submission of assignments to either Tk20 or VIA should be directed to <https://cehd.gmu.edu/aero/assessments/>
