Course Description: Examines critical functions of leadership and organizational management, complex decision-making responsibilities of school executives, and constructive relationships between schools and communities. Incorporates historical, ethical, philosophical, and sociological foundations of American education and the impact of organizational structure on **reform, equity, inclusion, culturally responsive behavior and student achievement**. Practical and academic emphasis on leadership skill development and dispositions.

Course Overview

Students will deepen their understanding of (1) the use of research findings and tools to lead schools and communities, (2) the nature and strengths of diverse communities, (3) how organizations function, 4) how leaders influence school and community change and improvement; 5) cultural competence skills and social justice values needed in leadership.

Additionally, they will sharpen their oral and written communication, and reflection and general leadership skills, and (5) how to collaboratively design, communicate, and evaluate a district mission and vision that reflects a core set of values and priorities that include data use, technology, values, equity, diversity, digital citizenship, and community.

Course Delivery Method

This course will be delivered 100% fully online using an **asynchronous** (not “real time”) format via the Blackboard learning management system (LMS) housed in the MyMason portal. Please log in to the Blackboard course site using your Mason email name (everything before “@masonlive.gmu.edu) and email password.

This course will be available on or before Monday, May 17, 2021.

Program Vision: The Education Leadership Program is devoted to improving the quality of pre-K through 12 education through teaching, research and service. Candidates and practicing administrators engage in course work devoted to experiential learning, professional growth opportunities, and doctoral research that informs practice. We educate exceptional leaders who act with integrity as they work to improve schools.

Course Information

Class Location: Blackboard

Class Dates: May 17 through July 24, 2021.

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard’s supported browsers see:
https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers

To get a list of supported operation systems on different devices see:

https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#test-ed-devices-and-operating-systems

- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.

- Students will need a headset microphone for use with the Blackboard Collaborate web conferencing tool. [Delete this sentence if not applicable.]
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download: [Add or delete options, as desire.]
 - Adobe Acrobat Reader: <https://get.adobe.com/reader/>
 - Windows Media Player: <https://support.microsoft.com/en-us/help/14209/get-windows-media-player>
 - Apple Quick Time Player: www.apple.com/quicktime/download/

Video/Screencasting Tools: You may use Kaltura, Jing, to record your videos and Discussion Board/Journal assignments. **Discussion Board and Journal submissions may be submitted as video journals, podcasts, etc.**

Group Work: You may use Google Docs or Wikis to collaborate with colleagues on group assignments. Discussion Board group activities will be pre-assigned on Blackboard.

Bb Collaborate/Skype/Zoom: You may communicate also with colleagues using these platforms. Zoom is also an option for Office Hours.

Email: All candidates are required to activate and monitor their GMU e-mail accounts. I strongly recommend that you do not forward your Mason e-mail to a different account because attachments are often lost that way. It is best to check e-mail directly from your Mason account daily. Per university policy in compliance with federal law, I will only communicate with candidates via their GMU email accounts and will be unable to respond to emails sent from other accounts (i.e., gmail, yahoo, work email, etc.). Any announcements regarding the course will be sent to your GMU account. I will respond to emails within 24 hours, excluding weekends.

Expectations

- **Course Week:**

Because asynchronous courses do not have a “fixed” meeting day, our week will start on **Mondays, and finish on Fridays...** [example: May 17th through May 21st].

Journals and Discussion Boards are due on the Monday following the week assigned.

- **Log-in Frequency:**

Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least daily [or several times per week].

- **Participation:**

- Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.

- **Technical Competence:**

Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.

- **Technical Issues:**

Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.

- **Workload:**

Please be aware that this course is not self-paced. Students are expected to meet specific deadlines and due dates listed in the Class Schedule section of this syllabus. It is the student's responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.

- **Instructor Support:**

Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Those unable to come to a Mason campus can meet with the instructor via telephone, Zoom or Skype. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.

- **Netiquette:**

The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always reread their responses carefully before posting them, so as others do not consider them as personal offenses. Be positive in your approach with others and diplomatic in selecting your words. Remember that you are not competing with classmates but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.

- **Accommodations:**

Online learners who require effective accommodations to ensure accessibility must be registered with George Mason University Disability Services.

Learner Outcomes:

Students will emerge from the course able to:

1. Demonstrate knowledge and skills needed to collaborate with families and other community members, respond to diverse community interests and needs, and mobilize community resources to create and maintain a positive school culture.
2. Identify, assess, and apply elements of a constructive relationship between a school and its community to support the school's mission and vision.
3. Gain insight into power structures and pressure groups in the school community to create coalitions and increase support for school programs and goals.
4. Identify leadership knowledge and skills that promote success of all students through integrity, fairness, and ethical behavior on the part of faculty and staff.
5. Understand and demonstrate the capacity to evaluate, cultivate, and advocate for a supportive and inclusive district culture

Course Objectives:

Candidates taking this course will deepen their understanding of:

1. the use of research findings and tools to lead schools and communities,
2. the nature and strengths of diverse communities,
3. how organizations function, and
4. how leaders influence school and community change and improvement.

Relationships to Program Goals and Professional Organizations:

The importance of strengthening and guiding vision & mission, along with parent involvement & engagement in educational settings are leadership themes of academic and professional organizations alike. The purpose of the course is to strengthen the knowledge, skills and dispositions of EDLE candidates as visionary leaders capable of nurturing strong partnerships with all school stakeholders.

This course meets applicable competencies, standards, and guidelines set forth by the Virginia Department of Education (VA DOE), Interstate School Leaders Licensure Consortium (ISSLC), National Council for Accreditation of Teacher Education (NCATE), and Educational Leadership Constituent Council (ELCC), as shown below.

VA DOE Competencies (a7, d2, d3, d4 and f3)

NELP Standards [2020]: (1.1, 1.2, 3.1, 3.2, 3.3, 5.1, 5.2, 5.3, 7.1, 7.2, 7.3, 7.4)

Required Textbook[s]:

Course Submission Policies and Evaluation Criteria

Major Assignments [2] are due by 11:59 p.m. on the dates listed on the syllabus, electronically via Blackboard. Late assignments will not be accepted except in emergency situations that have been discussed and approved by the instructor in advance of the due date. Please take advantage of instructor office hours and availability to get assistance prior to assignment deadlines. **Late penalties may be assessed for persistently late work.**

TK20 Performance-Based Assessment Submission Requirement

Every student registered for any Education Leadership course with a required performance-based assessment is required to submit these assessments in EDLE 610—[i]

School/Community Leaders' Assessment of School Effectiveness [Vision], and [ii] Parent Involvement & Engagement, to Tk20 through Blackboard (regardless of whether the student is taking the course as an elective, a onetime course or as part of an undergraduate minor). Evaluation of the performance-based assessment by the course instructor will also be completed in Tk20 through Blackboard. Failure to submit the assessment to Tk20 (through Blackboard) will result in the course instructor reporting the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required Tk20 submission, the IN will convert to an F nine weeks into the following semester.

Grading

Students can earn a total of 500 points in this course. Graded assignments account for 75% (375 points) of the overall grade, while online course participation accounts for 25% (125 points).

Participation Requirements (25% or 125 points of total grade)

To maximize learning and engagement in the online environment, students are expected to participate actively in asynchronous class discussions & group activities, and serve as critical friends to other students. In this course, **participation points are given by unit**, rather than per learning activity. Participation points are divided into two parts:

[i] Reflections [Journals]—individual submissions [6]

[ii] Discussion Boards [4]: [i] Other than the introductory short video, most Discussion Board activities require **group responses** [ii] Journals are **individual submissions**.

Both Discussion Board and Journal submissions *may be in video or podcast format.*

Below is a list of all required learning activities, by unit, which will count toward your overall participation grade. Please refer to the Course Participation Rubric for details.

Introduction [20 points]

- Video Post [Course Introduction]- [20 points]

Unit 1 [40 points]

- Journal Reflections [4] -[40points]
- Discussion Board [see above]

Unit 2 [40 points]

- Journal Reflections [1] - [10 points]
- Discussion Boards-group [2]- [30 points]

Unit 3 [25 points]

- Journal Reflections [1] - [10 points]
- Discussion Boards -individual [1]- [15 points]
- Electronic Poster- individual [DB]...*points
- are included in overall Assignment score*

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>.

GMU Policies and Resources for Students

1. GMU Policies and Resources for students

Policies

- a. Students must adhere to the guidelines of the Mason Honor Code (see <https://catalog.gmu.edu/policies/honor-code-system/>).
- b. Students must follow the university policy for Responsible Use of Computing (see <http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- c. Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
- d. Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <http://ods.gmu.edu/>).
- e. Students must follow the university policy stating that all sound emitting devices shall be turned off during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or <https://cehd.gmu.edu/aero/tk20>. Questions or concerns regarding use of Blackboard should be directed to <http://coursesupport.gmu.edu/>.
- . For information on student support resources on campus, see <https://ctfe.gmu.edu/teaching/student-support-resources-on-campus>

Notice of mandatory reporting of sexual assault, interpersonal violence, and stalking:

As a faculty member, I am designated as a “Responsible Employee,” and must report all disclosures of sexual assault, interpersonal violence, and stalking to Mason’s Title IX Coordinator per University Policy 1202. If you wish to speak with someone confidentially, please contact one of Mason’s confidential resources, such as Student Support and Advocacy Center (SSAC) at 703-3801434 or Counseling and Psychological Services (CAPS) at 703-993-2380. You may also seek assistance from Mason’s Title IX Coordinator by calling 703-9938730, or emailing titleix@gmu.edu.

COURSE ASSIGNMENTS [2]

TWO graded assignments required for this course are as follows:

Performance Based-Assessment #1 - (175 Points) School/Community Leaders Assessment of School Effectiveness

Rationale

It is easy (and popular) to talk about school vision, but it is rare that we check whether or not others perceive our schools as achieving the vision they set out for themselves. This assignment requires you to determine how leaders in your school community perceive your school's performance. Taking focus group discussions as raw data and analyzing them through the frame of your school's vision statements requires you to determine if your school's theories in use are well aligned with its espoused theories—an important initial step toward school improvement. Weaving community perceptions into the school improvement process is critical to building community support for change and advancement. Presenting your analysis and action plan is a crucial part of the process of leading for school improvement.

Process

- Working with your intern supervisor/principal identify a minimum of 7 to 9 leaders in the school community, community at large or business community who have a stake in this issue.
- Develop an interview protocol to be used in the discussion with the identified leaders, with the major question being “How well is our school implementing its vision statement?” Interview questions should also include school improvement areas related to achievement, inclusion and equity.
- You will establish a meeting date and location and invite participants to attend. Provide a clear, concise summary of the purpose of the focus group, the nature of questions, how data will be used, the right to confidentiality of responses and the time needed for the interview meeting.
- After conducting the focus group, build a matrix with questions and significant responses. Look for common themes that will be summarized in the paper, along with contrasting points of view, lack of clarity of the issue, and other significant concerns.

Your paper will be 8-10 pages long (excluding the title & reference pages) & include:

- an introduction that includes a thesis statement
- a profile of the school and community
- a summary of the methods used and results of the focus group discussion, including a matrix of responses with the participant roles clearly labeled;
- a summary table of themes gathered from focus groups;

- significant findings;
- recommended areas for improvement;
- a plan of action aimed to align espoused theories and theories in use based on the data collected; and
- a summary.

Be sure to conclude with a restatement of your thesis and a brief discussion of the implications of what you learned from the focus group experience and your action plan.

*** A required program-level Performance-Based Assessment**

Performance-based Assessment #2*(200 points)
Parent Involvement & Engagement

Purpose

Using Epstein’s framework of six types of parent involvement and the 4 ‘C’s [capabilities, connections, confidence & cognition] of the **Dual Capacity Framework**, conduct an assessment of the parent involvement program in your school, select TWO deficit areas, and then recommend how to improve them.

Process

The Written Assignment should include the following elements:

[a] Introduction

[i] Briefly describe, in summary terms the current parent **involvement** program in your school –using Epstein’s framework--and then foreshadow the results of your assessment and your recommendations to improve two areas.

[ii] Select those same TWO areas that need improvement. Discuss and analyze using the 4 ‘C’s of the Dual Capacity Framework and suggest how the School might close the gap between *what is and what could be*.

NOTE: In assessing the two areas of parent involvement, explain

[a]. the degree to which the program addresses each type of parent involvement,

[b]. the degree to which the efforts satisfy the needs of the parents, and

[c]. the degree to which the efforts satisfy the needs of the school. Provide a short summary and assessment (links to learning) of the Dual Capacity Framework and at least two strategies to build capacity in your school.

[b] Program Improvement Recommendations

Write recommendations for improving TWO deficit areas of the program based on your assessment of the greatest needs for *improvement* moving towards *engagement*. The program improvement recommendation should include:

Recommendations and Rationale - Indicate your recommendations and why you are making the recommendations in the TWO identified areas and the ways in which they respond to your assessment. A useful way to establish the rationale is to conduct a discrepancy analysis in which you describe what **the ideal program** [what could/might be] would look like and how your current program compares [what is]. Recommendations should feature a plan to include both DCF process and organizational changes.

Outcomes - Specify in measurable terms **two types of outcomes**.

[i] *Process or implementation outcomes* describe major elements of what will change in the delivery of the program (e.g., the implementation of a new service, completing professional development efforts).

[ii] *Substantive outcomes* refer to changes in behavior (e.g., levels of parent commitment and involvement, and student achievement).

Program Description - Describe the elements of your program changes for the TWO identified areas, and how they will be accomplished. Specify who will drive the essential attributes of your program by way of a program configuration matrix [e.g. Proposed change[s]; person[s] responsible; tentative timeline; etc.]

Evaluation Plan-- Create an Electronic Poster [with balanced text/graphics, and with optional links] that highlights the following:

[i] summarizes Parent Involvement and identifies 2 deficit areas

[ii] provides clear pathways from involvement to engagement

[iii] illustrates how the outcomes for the 2 areas will be accomplished

[iv] connects to current research as support

The written assignment should be 10 pages (+/-) excluding title and reference pages and an Electronic Poster.
