Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, VIA, hard copy).

- **Assignments and/or Examinations**

Research Proposal

Students will select a research topic of interest and complete the three components of a research proposal: introduction, literature review, and methods sections. An annotated bibliography will be used to begin the development of the proposal and introduce students to literature on their topic of interest. Research topics are expected to reflect student interests and an aspect of the Counseling program mission, which emphasizes social justice, multiculturalism, advocacy, leadership, and internationalism in counseling.

Annotated Bibliography (CACREP Standard 2, 4)

The annotated bibliography is a one of the first steps in the research process. The purpose is to become familiar with literature related to your topic of interest. In this assignment, you will develop skills in locating appropriate articles, as well as summarizing and evaluating the content. Using your database search skills (and assistance as necessary) you will locate five research articles from peer-review (scholarly) journals. Review each article and write an annotation for each (between 150 and 170 words each, not including the citation). Following the article citation, each annotation should include a summary of the content *and* an evaluation of the article's usefulness and rigor. Include the total word count for the annotation at the end of each annotation. You must adhere to current edition of APA guidelines.

Introduction and Review of the Literature

The *introduction* component of a research paper introduces the reader to your research issue. The purpose of the introduction is to provide a clear and concise overview of your research study including: the research issue/problem in counseling, a rationale for examining this research issue, and the purpose of your study. The introduction should be one page. The *review of the literature* will allow you to integrate the knowledge developed from your annotated bibliography to more fully understand your research topic. The literature review should conclude with a restatement of your purpose and your research question(s). The literature review should be four pages. In addition to the one-page introduction and four-page review of the literature, you will include a title page and reference page(s). You must adhere to current edition of APA guidelines.

Methods Paper (Key Assignment: KPI A.8.a.1; CACREP 2.F.8.g & 2.F.8.i)

In this section, you will describe the research methods that you will use to address your research question. You will apply course material and additional readings as necessary. This section should allow other researchers to replicate your study. The methods section should be between two and three pages (not including title and reference pages). You must adhere to current edition of APA guidelines.

APA Style Quiz

To ensure understanding and retention of APA style, students will be given an APA style quiz. The quiz can be taken twice.

Reading and Content Quizzes

To ensure understanding of readings on research and content presented, students will be given open-book quizzes that can be taken twice. The quizzes are as follows:

1. Reading Quiz ER Ch. 1 & 2 and Qual./Quant. Designs (CACREP 3)
2. Reading Quiz ER Ch. 3
3. Reading Quiz ER Ch. 4 & 6 and Qual./Quant. Sampling
4. Reading Quiz ER Ch. 5 and Believability and PCL
5. Reading Quiz ER Ch. 7, Quant. Designs, & Mixed Methods (CACREP 3)
6. Reading Quiz ER Ch. 9 (CACREP 8)
7. Reading Quiz ER Ch. 8 & 10 (CACREP 3)
8. Reading Quiz ER Ch. 11

Writer Development

To facilitate the development of scholarly writing skills, all students will virtually visit the GMU Writing Center. Students may choose when and for what purpose based on what would be most helpful (e.g., meeting one-on-one to edit a specific paper, attending a workshop on APA format if available, etc.). Students are encouraged make plans early in the semester, but have until the end of class to turn in the confirmation of their Writing Center visit via Bb.

Participation & Reflection Activities

Students in Counseling courses are expected to demonstrate a high level of participation consistent with graduate-level education. Students are expected to: be on time and present for the duration of the class; demonstrate engagement (ask questions, share thoughts); be respectful and attentive; demonstrate preparedness for each class meeting; and demonstrate completion of online tasks. This component includes activities in and out of class, such as written reflections and memos. Points can be earned as follows:

- Memo #1 – 2 points
- Memo #2 – 2 points
- SJ Reflection – 4 points
- CITI training certificate – 4 points
- TSE Reflection – 4 points
- Action Research and Program Evaluation Reflection – 6 points
- Attending synchronous sessions – 10 points (2 points per session)
- Participating meaningfully in synchronous sessions – 10 points (2 points per session)

Professional Dispositions

See <https://cehd.gmu.edu/students/polices-procedures/>

Students must adhere to program professional dispositions: <https://cehd.gmu.edu/assets/docs/forms/Professional%20Dispositions.pdf>

Professional Dispositions Assessment

Professional Dispositions are assessed in all required courses. The minimum score (benchmark) is based on the level of the course, as described below.

Level of Assessment	CMHC	SC	Minimum Score
Basic	602, 609, 606, 601, 525, 603, 604, 656 654, 652, 658	602, 606, 609, 601, 525, 603, 604, 656 613, 611, 626	2

Intermediate	608, 750, 660, 628, 619, 610, 797	608, 751, 660, 628, 619, 610, 797	3
Advanced	792, 793	794, 795	4

Professional Dispositions assessments are scored as follows:

- **4: Consistently Evident** – The student demonstrates the disposition all or almost all of the time. This rank is considered exceptional, particularly for students who are at the beginning of their program. Students who are advanced in the program (i.e., in their last year of the program and enrolled in Internship I or II) should expect to achieve this rank.
- **3: Frequently Evident** – The student demonstrates the disposition often or most of the time. It is expected that students in the middle of the program (i.e., usually the second year for full time or third year for part time students) will achieve this rank. This reflects that they have moved beyond the initial phase of counselor training and are developing well towards being a professional counselor.
- **2: Sometimes Evident** – The student demonstrates the disposition sometimes or inconsistently. It is expected that students at the beginning of the program (i.e., first year for most students) will achieve this rank. Students at the beginning of the program are expected to be developing towards these professional dispositions as a part of their counselor training and preparation for their future as a professional counselor.
- **1: Seldom Evident** – The student demonstrates the disposition rarely or not at all. In some instances, this may also indicate a harmful demonstration of professional disposition(s). Students at the beginning of their program may achieve this rank, which can be developmentally appropriate as they learn the expectations for students and future professional counselors. Should this occur, students should expect to meet with their advisor, who will assist them in addressing the area of concern.
- **N/A: Not Applicable** – An instructor or supervisor may use this to note that they did not have the opportunity to observe the disposition or that it was not relevant in the given context. This is most likely to occur at the beginning of the program when some dispositions may not be germane to the particular class.
