

**College of Education and Human Development  
Division of Special Education and disAbility Research**

Spring 2022

EDSE 361 DL1: Characteristics of Students with Severe Disabilities

CRN: 15837, 3 – Credits

<b>Instructor:</b> Maureen Howard	<b>Meeting Dates:</b> 1/18/22 – 5/11/22
<b>Phone:</b> Email for appointment	<b>Meeting Day(s):</b> N/A
<b>E-Mail:</b> : mhowar16@gmu.edu	<b>Meeting Time(s):</b> N/A
<b>Office Hours:</b> Mondays 6:30-7 via Google Meet	<b>Meeting Location:</b> Online; Asynchronous
<b>Office Location:</b> N/A	<b>Other Phone:</b> N/A

**Note: This syllabus may change according to class needs. Teacher Candidates/Students will be advised of any changes immediately through George Mason e-mail and/or through Blackboard.**

**Prerequisite(s):**

None

**Co-requisite(s):**

None

**Course Description**

Examines the academic, social, medical, and behavioral characteristics of individuals with severe disabilities such as intellectual disability, autism, traumatic brain injury, and severe/multiple cognitive, physical and/or sensory disabilities. Focuses on etiology, contributing factors, impact on life and family, the challenges of identifying students with disabilities, and the need for intensive instruction, accommodations, and support.

**Course Overview**

EDSE 361 focuses on the academic, social, medical and behavioral characteristics of individuals with severe disabilities and the impact these characteristics have on school, family, and life outcomes. The course examines the etiology, contributing factors, identification process, and required intensive instruction of these disabilities.

## **Advising Contact Information**

Please make sure that you are being advised on a regular basis as to your status and progress in your program. Students in Special Education and Assistive Technology programs can contact the Special Education Advising Office at 703-993-3670 or [speced@gmu.edu](mailto:speced@gmu.edu) for assistance. All other students should refer to their assigned program advisor or the Mason Care Network (703-993-2470).

## **Advising Tip**

Did you know there is a student organization on campus for teacher candidates? Educators Rising Collegiate is a student organization for undergraduate students dedicated to the promotion of matters that educators are facing today. Join at Mason360.

## **Course Delivery Method**

Learning activities include the following:

1. Module readings
2. Module lectures
3. Video and other media supports
4. Application activities and participation
5. Discussion board posts and responses
6. Class meetings and discussion

This course will be delivered online (76% or more) using an asynchronous format via the Blackboard Learning Management system (LMS) housed in the MyMason portal. You will log in to the Blackboard (Bb) course site using your Mason email name (everything before [@masonlive.gmu.edu](mailto:@masonlive.gmu.edu)) and email password. The course site will be available on 1/23/2022. There will also be 4 synchronous meetings via Zoom with dates listed below.

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

### **Technical Requirements**

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard's supported browsers see: [Browser support \(https://help.blackboard.com/Learn/Student/Getting\\_Started/Browser\\_Support#supported-browsers\)](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers)

To get a list of supported operation systems on different devices see: [Tested devices and operating systems \(https://help.blackboard.com/Learn/Student/Getting\\_Started/Browser\\_Support#tested-devices-and-operating-systems\)](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems)

- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download:
  - [Adobe Acrobat Reader](https://get.adobe.com/reader/) (<https://get.adobe.com/reader/>)
  - [Windows Media Player](https://support.microsoft.com/en-us/help/14209/get-windows-media-player) (<https://support.microsoft.com/en-us/help/14209/get-windows-media-player>)
  - [Apple Quick Time Player](http://www.apple.com/quicktime/download/) ([www.apple.com/quicktime/download/](http://www.apple.com/quicktime/download/))

### Expectations

- **Course Week:**  
Because asynchronous courses do not have a “fixed” meeting day, our week will start on Mondays and finish on Sundays. We also have 4 required synchronous meetings scheduled throughout the semester. See dates listed in table.
- **Log-in Frequency:**  
Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least 1 time per week. In addition, students must log-in for all scheduled online synchronous meetings.
- **Participation:**  
Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- **Technical Competence:**  
Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.
- **Technical Issues:**  
Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- **Workload:**  
Please be aware that this course is not self-paced. Students are expected to meet *specific deadlines* and *due dates* listed in the Class Schedule section of this syllabus. It is the student’s responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
- **Instructor Support:**  
Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Those unable to come to a Mason campus can meet with the instructor via telephone or web conference. Students should email the

instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.

- **Netiquette:**  
The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.
- **Accommodations:**  
Online learners who require effective accommodations to ensure accessibility must be registered with George Mason University Disability Services.

### **Learner Outcomes**

Upon completion of this course, students will be able to:

1. State the federal definitions of students with severe disabilities including students with autism, developmental delay, intellectual disability, traumatic brain injury, and multiple disabilities - including sensory, deaf-blindness, speech-language, orthopedic and other health impairments as an additional disability.
2. Describe the history and evolution of severe disability.
3. Describe the characteristics of individuals with severe disabilities whose cognitive impairments or adaptive skills require adaptations to the general curriculum and whose functional skills are significantly different from typically developing peers and therefore require adaptations to the general curriculum for an appropriate education.Â Describe how the following characteristics impact education, behavior, and social interactions:
  - a. Age-span and developmental issues;
  - b. Levels of severity;
  - c. Medical and health needs and positioning and handling needs;
  - d. Cognitive functioning;
  - e. Speech, language development, and communication;
  - f. Emotional and behavioral development and supports;
  - g. Social development; and
  - h. Cultural, ethnic, and socio-economic factors.
4. Describe the impact of disability on self-determination and self-advocacy skills.
5. Describe historical and legal perspectives, models, theories, philosophies, and trends related to specific student populations.
6. Describe how educational environments impact students with severe disabilities.
7. Describe how to build strong parental connections and relationships for families with severe disabilities.

### **Professional Standards**

(Council for Exceptional Children [CEC] and the Interstate Teacher Assessment and Support Consortium [InTASC]). Upon completion of this course, students will have met the following professional standards: CEC Standard 1: Learner Development and Individual Learning

Differences (nTASC 1,2); CEC Standard 3: Curricular Content Knowledge (InTASC 4,5) & CEC Standard 6: Professional Learning and Ethical Practice (InTASC 9).

### **Required Texts**

Agran, M., Brown, F., Hughes, C., Quirk, C. & Ryndak, D. (2014). *Equity & full participation for individuals with severe disabilities: A vision for the future*. Paul H. Brookes.

Available online in the library: <https://ebookcentral-proquest-com.mutex.gmu.edu/lib/gmu/detail.action?docID=1787398>

### **Recommended Texts**

American Psychological Association. (2020). *Publication manual of the American Psychological Association* (7th ed.). <https://doi.org/10.1037/0000165-000>

### **Course Performance Evaluation**

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, VIA, hard copy).

### **VIA Performance-Based Assessment Submission Requirement**

It is critical for the special education program to collect data on how our students are meeting accreditation standards. Every teacher candidate/student registered for an EDSE course with a required Performance-based Assessment (PBA) is required to upload the PBA to VIA (regardless of whether a course is an elective, a one-time course or part of an undergraduate minor). A PBA is a specific assignment, presentation, or project that best demonstrates one or more CEC, InTASC or other standard connected to the course. A PBA is evaluated in two ways. The first is for a grade, based on the instructor's grading rubric. The second is for program accreditation purposes. Your instructor will provide directions as to how to upload the PBA to VIA.

For EDSE 361, the required PBA is Disability Case Study. Please check to verify your ability to upload items to VIA before the PBA due date.

Assignments and/or Examinations

#### **Performance-based Assessment (VIA submission required)**

The performance-based assessment for this course is the *Disability Case Study*. Please see the Module 8 folder for assignment description.

#### **College Wide Common Assessment (VIA submission required)**

This course contains at least one Common Assessment developed by the College of Education and Human Development to assess our candidates' performance on nationally accepted standards for beginning teachers (InTASC) and our programs' performance on national accreditation standards (CAEP).

The required college-wide common assessment in EDSE 361 is the dispositions self-assessment. Towards the beginning of their licensure programs, all teacher candidates complete a self-rating of dispositions, which reflect one's attitudes and deeply held beliefs. The self-assessment will be an online survey, which can be accessed via the Assessments page of the course Blackboard site. Your instructor will notify you when the link is available. The self-assessment has 12 items that ask you to reflect on your professional responsibility, collaboration and leadership, cultural responsiveness, and high expectations for learning. Please note that in addition to this initial self-rating in EDSE 361, your dispositions will also be assessed at least 2 other times during your program: a mid-point self-rating during a designated course (EDSE 465) and an instructor-rated evaluation by a university supervisor during internship (EDSE 483). Instructors may complete instructor-rated disposition evaluations other times throughout your program. For more information on dispositions, see <https://cehd.gmu.edu/epo/candidate-dispositions>.

### **Other Assignments**

There are 8 assigned learning modules. All modules will open on Mondays at 9:00 am and all work must be submitted by Sundays at 11:59 pm on the specified due date. Within any learning module, students will be presented with a series of readings and activities. Required assignments/activities will have a red target beside them within the module. All activities identified as the target assignments must be submitted on time and be of satisfactory quality to receive full credit. The points for assignments will be listed on Blackboard within each module. Modules will open as the semester progresses; therefore not all modules will be available on the first day of class.

- Module discussion board posts (8 discussion boards x 20 points each = 160 points): Each module will include 1 discussion board post. Read the directions for each post carefully and complete for full points. At times, students may be required to make an initial post by a particular date and respond to peers by the end of the module.
- Short answer assignment (2 assignments x 40 points each= 80 points): Students will be asked to reflect on questions pertinent to the specified module. Directions for short answer assignments are located within selected modules. These are to be turned in via Blackboard.
- Inclusion Table (Module 6= 60 points): ***See detailed instructions within the listed Module.*** The purpose is to provide general education teachers information needed to implement instructional programming that accommodates the medical and educational needs of a child with a specific condition who will be included in their classroom. You will complete a table for this assignment.
- Disability Case Study (Module 8= 100 points): ***See detailed instructions within the listed module.*** Students will complete a table related to a specific disability. Students will provide an overview of the specified disability as well as outline how the specified disability

impacts families, and what cultural differences must be addressed; describe the complete needs of individuals with this disorder/disability, presents a range of special education and community-based supports and services that are needed to maximize their achievement and capacity, and discusses the impact of the disability on normal growth and development and the ability to learn, interact socially and live as fulfilled and contributing members of the community.

- Synchronous Class Meetings In-class Assignment: (4 class meetings x 25 points each= 100 points): As part of each synchronous class meeting, there will be a short assignment to complete and turned in via Blackboard. Students must be present during class to earn credit for the in-class assignment. Further details will be shared during each synchronous meeting.

### Assignment Summary

<b>Assignment</b>	<b>Points possible</b>
Module discussion boards	160 (20 points each)
Short answer assignments	80 (40 points each)
Inclusion table	60
Disability case study	100
Synchronous Class Meetings In-Class Assignment	100 (25 points each)
<b>Total Points Possible</b>	<b>500</b>

## Course Policies and Expectations

### Attendance/Participation

Students are expected to actively engage in all course activities throughout the semester, which include viewing of all course materials, completing course activities and assignments, and participating in course discussions and group interactions. Please note that while only certain learning elements are assessed through “grades”, the instructor can still assess student involvement and engagement using other measures. Blackboard enables the instructor to view such data as login dates, duration of time spent online, access to specific content elements, and more. The instructor will use this data along with course grades to ensure that students are actively engaged in the course. Students struggling to complete work on time or who appear to not be engaging fully with course content will be asked to conference with the instructor. Students are also expected to attend all synchronous class sessions during the course. As adult learners, you make personal decisions about enacting professional responsibilities, including those as a student. Students are expected to log in on time and stay for the duration of class time. Attendance, timeliness, and professionally relevant, respectful and active participation are expected. In the unlikely event that you are

not able to attend, it is your responsibility to ensure that you have covered the material missed. Students who are absent are held responsible for the material covered including assignment discussions/clarifications/explanations and assignments given and due. If you anticipate that you will miss more than two sessions, it is recommended that you drop the class and take it in a semester where you can ensure appropriate attendance.

### Late Work

All assignments (e.g., discussion boards original posts, responses, tables, etc.) must be submitted via Blackboard on or before 11:59pm on the stated due date. In fairness to students who submit work on time, points will be deducted for late submissions (up to 10% per day). Assignments will not be accepted more than 1 week late unless prior arrangements with the instructor have been made.

### Grading

A	93-100%
A-	90-92%
B+	87-89%
B	80-86%
C+	77-79%
C	73-76%
C-	70-72%
D	60-69%
F	<60%

**\*Note:** The George Mason University Honor Code will be strictly enforced. See [Academic Integrity Site](https://oai.gmu.edu/) (<https://oai.gmu.edu/>) and [Honor Code and System](https://catalog.gmu.edu/policies/honor-code-system/) (<https://catalog.gmu.edu/policies/honor-code-system/>). Students are responsible for reading and understanding the Code. “To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.” Work submitted must be your own new, original work for this course or with proper citations.

### Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times. See [Policies and Procedures](https://cehd.gmu.edu/students/policies-procedures/) (<https://cehd.gmu.edu/students/policies-procedures/>). Students are expected to exhibit professional behaviors and dispositions at all times. Professional dispositions are an essential function of a special educator’s job, indicating that these dispositions are critical to develop and assess in special education licensure programs. In the College of Education and Human Development, dispositions are formally and separately evaluated in at least three points in each student’s program – a self-evaluation at the start of their program, a self-evaluation at the mid-point of their program, and a university supervisor’s evaluation during internship. In special

education graduate licensure programs, the initial self-evaluation is completed in designated courses (EDSE 241, EDSE 361, EDSE 311), the mid-point self-evaluation is completed in designated courses (EDSE 445, EDSE 465, and EDSE 419), and the internship evaluation is completed by instructors in EDSE 482, EDSE 483, and EDSE 484. In addition to these three designated evaluation times, instructors may complete instructor-rated disposition assessments other times throughout the program. When dispositions are assessed, it is important that for areas where a positive disposition is rated as “not proficient,” the student takes steps to grow as an educator. See <https://cehd.gmu.edu/epo/candidate-dispositions>.

### Class Schedule

\*Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.

Module	Module Opens	Module Topic	Module Due
1	1/24	Orientation and course overview	1/30
2	1/31	The historical treatment and outcomes for individuals with severe disabilities	2/6
3	2/7	Understanding and planning for individuals with severe disabilities	2/20
4	2/21	The developing child	3/6
5	3/7	Developmental and intellectual disabilities/Down Syndrome	3/27
6	3/28	Cerebral Palsy/Traumatic Brain Injury	4/10
7	4/11	Autism Spectrum Disorders/Behavioral and psychiatric disorders	4/17
8	4/18	Disability case study	5/8

### Synchronous Meeting Dates

January 27, 2022	4:30-7:10	Zoom- see link on Blackboard
February 24, 2022	4:30-7:10	Zoom- see link on Blackboard
March 31, 2022	4:30-7:10	Zoom- see link on Blackboard
April 28, 2022	4:30-7:10	Zoom- see link on Blackboard

### Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: See [Core Values](http://cehd.gmu.edu/values/) (<http://cehd.gmu.edu/values/>).

## **GMU Policies and Resources for Students**

### **Policies**

- Students must adhere to the guidelines of the Mason Honor Code. See [Honor Code and System](https://catalog.gmu.edu/policies/honor-code-system/) (<https://catalog.gmu.edu/policies/honor-code-system/>).
- Students must follow the university policy for Responsible Use of Computing. See [Responsible Use of Computing](http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/) (<http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor. See [Disability Services](https://ds.gmu.edu/) (<https://ds.gmu.edu/>).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

### **Campus Resources**

- Support for submission of assignments to VIA should be directed to [viahelp@gmu.edu](mailto:viahelp@gmu.edu) or <https://cehd.gmu.edu/aero/assessments>.
- Questions or concerns regarding use of Blackboard should be directed to [Blackboard Instructional Technology Support for Students](https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/) (<https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/>).

## **Notice of mandatory reporting of sexual assault, interpersonal violence, and stalking:**

As a faculty member, I am designated as a “Non-confidential Employee” and must report all disclosures of sexual assault, interpersonal violence, and stalking to Mason’s Title IX Coordinator per University Policy 1202. If you wish to speak with someone confidentially, please contact one of Mason’s confidential resources, such as Student Support and Advocacy Center (SSAC) at 703-380-1434 or Counseling and Psychological Services (CAPS) at 703-993-2380. You may also seek assistance from Mason’s Title IX Coordinator by calling 703-993-8730, or emailing [titleix@gmu.edu](mailto:titleix@gmu.edu).

**For additional information on the College of Education and Human Development, please visit our website [College of Education and Human Development](http://cehd.gmu.edu/) (<http://cehd.gmu.edu/>).**

## Appendix

### Assessment Rubric(s): *Disability Case Study*

Criteria	Does Not Meet Expectations	Meets Expectations	Exceeds Expectations
Disability Overview and Etiology: Definitions and Characteristics	<b>1 Point</b> Candidate's description of definitions and characteristics of learners with moderate to severe exceptionalities including typical and atypical development in cognitive, physical, and sensory functioning is limited.	<b>2 Points</b> Candidate provides definitions and characteristics of learners with moderate to severe exceptionalities including typical and atypical development in cognitive, physical, and sensory functioning.	<b>4 Points</b> Candidate provides definitions and characteristics of learners with moderate to severe exceptionalities including typical and atypical development in cognitive, physical, and sensory functioning. In addition, candidate discusses the effect of the exceptionality across the student's lifespan.
Disability Overview and Etiology: Medical Complications and Implications	<b>1 Point</b> Candidate partially identifies etiologies and medical complication and implications of conditions related to learners with moderate to severe exceptionalities and discusses the impact those conditions can have on a learner's life is limited.	<b>2 Points</b> Candidate identifies etiologies and medical complication and implications of conditions related to learners with moderate to severe exceptionalities and discusses the impact those conditions can have on a learner's life.	<b>4 Points</b> Candidate identifies etiologies and medical complication and implications of conditions related to learners with moderate to severe exceptionalities and discusses the impact those conditions can have on a learner's life including psychological and social-emotional characteristics of individuals with exceptionalities.
Disability Overview and Etiology: Identification	<b>1 Point</b> Candidate discusses issues related to the identification of learners with moderate to severe	<b>2 Points</b> Candidate discusses issues related to the identification of learners with moderate to severe exceptionalities including	<b>4 Points</b> Candidate discusses issues related to the identification of learners with moderate to severe exceptionalities including

	<p>exceptionalities, however does not identify issues related to those from culturally and linguistically diverse backgrounds.</p>	<p>those from culturally and linguistically diverse backgrounds.</p>	<p>those from culturally and linguistically diverse backgrounds and how those issues effect placement and services available for students with exceptionalities.</p>
<p>Impact on Families</p>	<p><b>1 Point</b> Candidate’s discussion of the impact of learners with moderate to severe exceptionalities on family systems and the role of families in supporting development within the educational process is limited. Candidate’s discussion of the impact of differences in values, languages, and customs that can exist between the home and school as well as the effect of personal cultural biases and differences that affect one’s teaching is limited.</p>	<p><b>2 Points</b> Candidate discusses the impact of learners with moderate to severe exceptionalities on family systems and the role of families in supporting development within the educational process. Candidate discusses the impact of differences in values, languages, and customs that can exist between the home and school as well as the effect of personal cultural biases and differences that affect one’s teaching.</p>	<p><b>4 Points</b> Candidate discusses the impact of learners with moderate to severe exceptionalities on family systems and the role of families in supporting development within the educational process. Candidate discusses the impact of differences in values, languages, and customs that can exist between the home and school as well as the effect of personal cultural biases and differences that affect one’s teaching. In addition, candidate discusses their own cultural biases and differences that affect their teaching.</p>
