**Early Childhood Education for Diverse Learners**

ECED 402.004 Foundations of Language and Literacy for Diverse Prekindergarten and  
Kindergarten Learners  
3 Credits, Spring 2022  
1/24/2022–5/18/2022, Thursdays/ 4:30–7:10 pm  
Horizon Hall 3014, Fairfax Campus

**Faculty**

Name: Samita B. Arora, PhD  
Office Hours: By appointment  
Office Location: Thompson Hall 1200, Fairfax Campus  
Office Phone: 703-993-3844  
Email Address: [sarora6@gmu.edu](mailto:sarora6@gmu.edu)

**Prerequisites/Corequisites**

None

**University Catalog Course Description**

Examines complexity of language acquisition and literacy development of diverse young learners. Emphasizes language acquisition, reading, and writing in prekindergarten and kindergarten contexts. Focuses on evidence-based assessment and instructional practices that promote prekindergarten and kindergarten children's language and literacy development. Explores social, cultural, affective, cognitive, and educational factors that play a role in language acquisition and literacy learning. Notes: Field experience required.

**Course Delivery Method**

This course will be delivered using a lecture/discussion format and Blackboard (Bb).

**Learner Outcomes or Objectives**

This course is designed to enable students to do the following:

1. Describe the complex nature of language acquisition as a precursor to literacy and the typical and atypical development of linguistic competence in the areas of phonetics, semantics, syntax, morphology, phonology, and pragmatics (i.e., use of language to get needs and wants met and use of functional communication for social interaction) with a focus on the language development of diverse prekindergarten and kindergarten learners.
2. Identify and describe (a) specific language-based conditions, such as dyslexia, dysgraphia, dyscalculia, and auditory processing disorders; (b) at-risk learning-related issues due to attention deficit disorders; and (c) the effects of disabling and at-risk conditions on young children, including on dual language and English learners' language acquisition.
3. Identify and discuss intervention methods to promote speech and language development and literacy (reading and writing) development in children with varied abilities and from diverse cultural, linguistic, and socioeconomic backgrounds.
4. Identify and describe effective, evidence-based, culturally responsive assessment and instructional strategies and materials, including explicit instruction, differentiated instruction,

flexible grouping, and the use of technologies, to promote diverse prekindergarten and kindergarten learners' development in the following areas:

- a. Oral Language for Diverse Prekindergarten and Kindergarten Learners
    - speaking and listening
    - phonemic and other phonological awareness skills, including phonemes, syllables, and rhyming
    - learning of standard English by speakers of other languages and dialects
    - creative thinking and expression, including storytelling, drama, choral and oral reading
  - b. Reading and Literature Appreciation for Diverse Prekindergarten and Kindergarten Learners
    - phonemic and other phonological awareness skills, including phonemes, syllables, and rhyming
    - concepts of print
    - phonics, including an understanding of sound and symbol relationships, syllables, phonemes, morphemes, word analysis, and decoding skills
    - fluency
    - vocabulary and concept development
    - structure of the English language, including an understanding of syntax
    - listening and reading comprehension strategies across content areas, including fiction and nonfiction text predicting, retelling, summarizing, and making connections with and beyond the text
    - appreciation of a variety of literature, including fiction and nonfiction texts
    - independent reading, including selecting fiction and nonfiction texts of appropriate yet engaging topics and reading levels
    - visual literacy, including viewing, interpreting, analyzing, and representing information and concepts in visual form with or without the spoken or written word
  - c. Writing for Diverse Prekindergarten and Kindergarten Learners
    - composing, including imaginative writing
    - written expression
    - usage and mechanics
    - spelling, including stages of development, generalization of spelling study to writing, systematic spelling instruction, and purposes and limitations of invented spelling
    - handwriting
    - writing processes, including planning, drafting, revising, editing, and publishing
    - writing and drawing for a variety of purposes and in a variety of modes, including narrative, descriptive, persuasive, and explanative
  - d. Technology for Diverse Prekindergarten and Kindergarten Learners
    - using technology for process and product work with reading and writing, to communicate, and to learn
5. Plan, implement, and reflect on evidence-based, culturally responsive assessment and instruction that (a) recognizes the reciprocal nature of reading and writing; (b) promotes oral language (speaking and listening), reading, and writing in diverse prekindergarten and kindergarten learners; and (c) uses knowledge of how standards provide the core for teaching English to support prekindergarten and kindergarten learners' achievement of the *Virginia*

*Standards of Learning in English and Virginia's Early Learning and Development Standards.*

6. Explain the importance of play-based learning in diverse prekindergarten and kindergarten learners' language and literacy development and describe ways to promote language and literacy development during conversation and play.
7. Adapt task and interactions to maximize language development, conceptual understanding, and skill competence within each learner's zone of proximal development.
8. Use strength-based language to discuss factors (e.g., social, cultural, linguistic, family, socioeconomic, affective, cognitive, and educational) that play a role in monolingual and multilingual language acquisition and literacy learning (reading and writing) in learners with varied abilities and from diverse cultural, linguistic, and socioeconomic backgrounds.
9. Identify and discuss formal and informal assessment for diverse prekindergarten and kindergarten learners, including screening, diagnostic, and progress monitoring measures for (a) oral language; (b) reading, including phonemic awareness and other phonological awareness, letter recognition, vocabulary, reading levels, and comprehension; and (c) writing.
10. Discuss ways to use assessment data, including diagnostic and progress monitoring data, to inform instruction for acceleration, intervention, remediation, and differentiation.
11. Exhibit standards of professionalism, ethical standards, and personal integrity with children, families, and professionals in the field experience setting and in interactions with classmates, the instructor, the field experience coordinator, and others.
12. Use writing as an instructional and assessment tool to generate, gather, plan, organize, and to communicate for a variety of purposes; integrate correct written conventions (i.e., grammar, usage, mechanics, and spelling); and format using current APA style.

**Professional Standards** – Interstate Teacher Assessment and Support Consortium (InTASC) Standards, Division of Early Childhood (DEC) Professional Preparation Standards, National Association for the Education of Young Children (NAEYC) Professional Standards and Competencies, and Virginia Professional Studies Competencies

Upon completion of this course, students will have met the following professional standards:

**Virginia Professional Studies Competencies**

Language and Literacy  
Supervised Clinical Experiences

**Virginia Early Childhood Special Education Endorsement Competencies**

Speech and Language Development and Intervention Methods

**Virginia Early/Primary Education PreK-3 Endorsement Competencies**

Methods  
Knowledge and Skills in English/Reading

**Required Texts**

- American Psychological Association. (2020). *Publication manual of the American Psychological Association* (7th ed.). Author.
- Casbergue, R. M., & Strickland, D. S. (2016). *Reading and writing in preschool: Teaching the essentials*. The Guilford Press.

Morrow, L. M., Roskos, K. A., & Gambrell, L. B. (2016). *Oral language and comprehension in preschool: Teaching the essentials*. The Guilford Press.  
 Paley, V. G. (1990). *The boy who would be a helicopter*. Harvard University Press.

**Course Performance Evaluation**

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, VIA, hard copy).

• **Assignments and/or Examinations**

**Field Experience (20 points)**

This course requires a minimum of 15 hours of field experience. Students in the Early Childhood Special Education Licensure Concentration will complete their field experience in a preschool special education classroom setting. Students in the Early/Primary Education PreK-3 Licensure Concentration will complete their field experience in a prekindergarten or kindergarten classroom setting. Students with a dual licensure concentration or without a concentration may complete the field experience in a preschool special education classroom setting or in a prekindergarten or kindergarten classroom setting. To initiate this assignment, students will visit <https://cehd.gmu.edu/endorse/ferf> and complete the online “Field Experience Request Form.” On the form, students will be asked to indicate how their placement will be arranged. Students have two options for fulfilling their field placement requirement.

**Option 1**

- Students may arrange their own field experience if they are a full-time contracted school system employee and are able to complete their field experience at their workplace.
- Students will need to have access to a preschool early childhood special education classroom setting or a prekindergarten or kindergarten classroom setting.

### **Option 2**

- Students may request a placement in a preschool special education classroom setting or a prekindergarten or kindergarten general education setting through the field placement office <https://cehd.gmu.edu/endorse/ferf>.
- The field placement office will arrange a placement for students in a specific school with a specific teacher.

### **Documenting the Field Experience (5 points)**

- Students will upload the **Field Experience Placement Approval Form**. In this form, they will provide a statement confirming that they have completed the online “Field Experience Request Form.” They also will provide information to the instructor about where and how they will complete the field experience (1 point).
- Upon completion of their field experience hours, students will provide documentation of their experience (4 points).
  - If students complete the field experience within their own setting, they will upload the **On-the-Job Placement Documentation Form** to Blackboard. This form requires verification from the principal or supervisor on site.
  - If students attended a field placement other than where they work, they will upload the **Field Experience Documentation Form** to Blackboard. This form requires verification from the mentoring teacher on site.

Students will exhibit standards of professionalism, ethical standards, and personal integrity throughout the Field Experience process with the instructor, field experience coordinator, classroom teacher, students, administrators, etc. Students will refer to Blackboard for CEC, DEC, and NAEYC standards in early childhood education and early childhood special education.

**Field Experience Reflection Portfolio (15 points).** Students will use the *Early Language & Literacy Classroom Observation Pre-K/K Tool (ELLCO)* to strategically analyze a variety of literacy components evidence in their field placement. To support their analysis, students will do the following:

- Collect artifacts related to each of the ELLCO rubrics to demonstrate how children are engaging in a variety of literacy experiences that promote children’s language, reading, and writing development. Artifacts may include clear photographs of children’s work samples, photographs of children engaged in literacy experiences, photographs of the learning environment, and flip grid recordings of children engaged in literacy experiences.
- Evaluate children’s literacy opportunities using the ELLCO rubric.
- Make thoughtful and strengths-based recommendations for enhancing children’s literacy experiences.
- Reference course texts and materials to justify their recommendation using APA format.

### **Interactive Reading and Writing Experiences Plan (50 points)**

Students will plan and conduct a reading and writing experience for culturally and linguistically diverse prekindergarten or kindergarten children. Students will collect a variety of artifacts to

document children's literacy engagement throughout the interactive reading and writing experience. They will include the following parts in the lesson plan:

- **Phase 1 (5 points):** Evaluate three potential books for an early childhood read aloud experience using the guidelines described in class. Select one book to read to a group of culturally and linguistically diverse prekindergarten or kindergarten children and write a one paragraph rationale for the selection of this book.
- **Phase 2 (10 points):** Write a read aloud lesson plan designed for instruction using the lesson plan template provided by the instructor (see Bb).
- **Phase 3 (5 points):** Plan and describe at least two extension activities that extend the read aloud and respond to the cultural and linguistic diversity of the children. These extension activities will include at least one play-based learning activity and one writing experience.
- **Phase 4 (10 points):** Support instructional decisions (i.e., rationale for the book selection, the lesson plan activities, and the extension activities) by citing class readings, handouts, resources, and discussions. Include a reference list of the sources formatted in APA style.
- **Phase 5 (5 points):** Design and describe how learning will be assessed. Include any templates that are designed and describe how they will be utilized during and after the lesson.
- **Phase 6 (5 points):** Implement the lesson with the selected field experience children who are culturally and linguistically diverse. Provide a one-paragraph description of the context and the children who engaged in the lesson. Gather diverse artifacts documenting children's literacy enactments as they engaged in the planned interactive reading and writing experiences.
- **Phase 7 (10 points):** Provide a three-page, double-spaced reflection on the implementation of the above lesson plan. Students will use rubrics from the *Early Language & Literacy Classroom Observation Pre-K/K Tool* to support their reflective analysis. Students will note how the lesson was designed and implemented, and provide suggested revisions to improve the lesson for future implementation. Students will reflect on how this lesson would be received by culturally and linguistically diverse young children. Include diverse artifacts documenting children's literacy enactments as they engaged in the planned interactive reading and writing experiences.

Students will cite current research from the course textbooks, class discussions and handouts, and/or other relevant peer-reviewed sources to support the information they provide for each Part of the Interactive Reading and Writing Experiences Plan. They will use in-text citations and include a reference list per APA style guidelines.

### **Dyslexia Module (5 points)**

Students will complete the [Dyslexia Module/Training](#) required by the VDOE (see link below) and will submit the certificate of completion to Blackboard.

<http://www.doe.virginia.gov/teaching/licensure/dyslexia-module/story.html>.

- **Other Requirements**

### **Attendance and Participation (25 points)**

Because active participation and engagement are imperative for optimal learning, preparation for and participation in in-class and online activities will be evaluated based on the following criteria:

- Students attend class, arrive on time, and stay for the entire class period.
- Students use laptops and personal devices for instructional purposes only.
- Students complete readings and prepare for class activities prior to class as evidenced by their ability to discuss and write about the concepts presented and examined in the texts as well as participate fully in related activities.
- Students are actively involved in in-class and online learning experiences as evidenced by (a) participating in all activities, (b) engaging in small- and large-group discussions, (c) completing written work related to the activities, and (d) supporting the participation and learning of classmates.
- Students show evidence of critical reflective thinking through in-class and online discussions, activities, and written reflections.
- Students display professional dispositions at all times while interacting with the instructor and other students.
- Students complete participation activities across the semester that complement the scheduled course topic. Instructors will periodically collect artifacts from the activities. Students in attendance and who actively engage in the learning experience will receive credit for their efforts. Graded participation activities are not announced and are implemented at the discretion of the instructor.
- Students submit an attendance and participation self-evaluation.

### **Written Assignments**

All formal written assignments will be evaluated for content and presentation. The American Psychological Association, Seventh Edition (APA) style will be followed for all written work. All written work unless otherwise noted must be completed on a word processor and should be proofread carefully. (Use spell check!) If students are not confident of their own ability to catch errors, they should have another person proofread their work. When in doubt, they should check the APA manual. Students may consult the Writing Center for additional writing support.

Students will do the following:

1. Present ideas in a clear, concise, and organized manner. (Avoid wordiness and redundancy.)
2. Develop points coherently, definitively, and thoroughly.
3. Refer to appropriate authorities, studies, and examples to document where appropriate. (Avoid meaningless generalizations, unwarranted assumptions, and unsupported opinions.)
4. Use correct capitalization, punctuation, spelling, and grammar.
5. Type the paper with double spacing, indented paragraphs, 1-inch margins all around, and 12-point Times New Roman font.

### **Grading**

A+ = 98 – 100 A = 93 – 97 A- = 90 – 92 B+ = 87 – 89 B = 83 – 86 B- = 80 – 82

C+ = 77 – 79 C = 70 – 76 D = 60 – 69 F = < 60

Incomplete (IN): This grade may be given to students who are passing a course but who may be unable to complete scheduled coursework for a cause beyond reasonable control.

All CEHD students are held to the university grading policies as described in the Academic Policies section of the current catalog, which can be accessed at <http://catalog.gmu.edu>. Those

students seeking Virginia initial teaching licensure must earn a C or better in all undergraduate licensure coursework.

**Professional Dispositions**

Students are expected to exhibit professional behaviors and dispositions at all times. See <https://cehd.gmu.edu/students/policies-procedures/>.

### Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>.

### GMU Policies and Resources for Students

#### *Policies*

- Students must adhere to the guidelines of the Mason Honor Code (see <https://catalog.gmu.edu/policies/honor-code-system/>).
- Students must follow the university policy for Responsible Use of Computing (see <https://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <http://ds.gmu.edu/>).
- Students must follow the university policy stating that all sound emitting devices shall be silenced during class unless otherwise authorized by the instructor.

#### *Campus Resources*

- Support for submission of assignments to VIA should be directed to [viahelp@gmu.edu](mailto:viahelp@gmu.edu) or <https://cehd.gmu.edu/aero/assessments>. Questions or concerns regarding use of Blackboard should be directed to <https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/>.
- For information on student support resources on campus, see <https://ctfe.gmu.edu/teaching/student-support-resources-on-campus>.

**Notice of mandatory reporting of sexual assault, interpersonal violence, and stalking:** As a faculty member, I am designated as a “Responsible Employee,” and must report all disclosures of sexual assault, interpersonal violence, and stalking to Mason’s Title IX Coordinator per University Policy 1202. If you wish to speak with someone confidentially, please contact one of Mason’s confidential resources, such as Student Support and Advocacy Center (SSAC) at 703-380-1434 or Counseling and Psychological Services (CAPS) at 703-993-2380. You may also seek assistance from Mason’s Title IX Coordinator by calling 703-993-8730, or emailing [titleix@gmu.edu](mailto:titleix@gmu.edu).

**For additional information on the College of Education and Human Development, please visit our website: <http://cehd.gmu.edu>.**
