**Course Description**

SEED 667: *Advanced Methods of Teaching Social Sciences in the Secondary School*. 3 credits.

Emphasizes interdisciplinary curriculum and instruction and implementing national state standards, authentic assessment, and adaptations for diverse populations. Notes: School-based clinical experience required. Offered by School of Education. May not be repeated for credit. **Recommended**

**Prerequisite:** SEED 522 and SEED 540 **Recommended Corequisite:** EDRD 619 **Registration Restrictions: Required**

**Prerequisites:** (SEED 567<sup>B</sup> or 567<sup>XS</sup>). <sup>B</sup> Requires minimum grade of B. <sup>XS</sup> Requires minimum grade of XS.

**Course Overview**

This course provides pre-service teachers with a comprehensive overview of effective approaches to planning, implementing, managing, and assessing successful social studies learning experiences for students. Emphasis will be placed on exploring the relationship between educational theory and the development of practical teaching techniques for everyday use in the secondary social studies classroom.

**Course Delivery Method**

All SEED classes have designated delivery modes and specific modes for each class session (e.g., face-to-face, virtual synchronous, virtual asynchronous). The majority of SEED classes are held in a face-to-face mode. **Students are expected to attend every class session in the mode that it is offered.** If you must miss a class session for illness or another valid reason, you are expected to proactively communicate (ahead of the class session) with your instructor about your expected absence. **This course has a face-to-face delivery method.** Material will be presented, and course objectives met in a variety of ways, including through class discussions, small and large group activities, individual and group work sessions, lecture, student presentations, and clinical experience in a face-to-face format. Visual aids and various uses of technology will be used to complement an interactive approach to learning. A few synchronous and asynchronous teaching methods will be employed during the semester. **As the teacher of this class, I am available for discussion and support during office hours, via phone and by e-mail. Let's keep in touch!!!** Under no circumstances, may candidates/students participate in synchronous and asynchronous class sessions (either by phone or Internet) while operating motor vehicles.

**Learner Outcomes/Objectives**

This course is designed to enable students to do the following:

Upon successful completion of this course students will be expected to: meet these course objectives:	Methods by which your acquisition of each objective are measured:
Understand that effective social studies teaching requires knowing your subject matter and understanding how to connect your content to students; knowing different teaching and assessment approaches; knowing the school culture and understanding how to make space for yourself in that culture; knowing students, engaging students in critical and higher-order thinking, teaching students "life-long learner" skills, and presenting students with multiple perspectives (ethical leadership, collaboration, content – NCSS – I, II, III, VI, VII, VIII, IX, X)	<ul style="list-style-type: none"> <li>• Active Participation in class activities and discussions</li> <li>• Professional Development of a Social Studies Educator</li> <li>• Graphic Novel Literature Circle and Creation</li> <li>• Social Studies UNIT Plan with Microteaching &amp; Reflection</li> <li>• Clinical Experience hours with classroom roundtable discussion with artifact</li> <li>• Dispositions Assessment (VIA)</li> <li>• Textbook and article readings</li> <li>• VTS Bell Ringer</li> </ul>
Understand that learning to teach is a complex process involving continuous reflection	<ul style="list-style-type: none"> <li>• Active Participation in class activities and discussions</li> <li>• Social Studies UNIT Plan with Microteaching &amp; Reflection</li> <li>• Clinical Experience hours with classroom roundtable discussion with artifact</li> <li>• Dispositions Assessment (VIA)</li> <li>• Textbook and article readings</li> <li>• VTS Bell Ringer</li> </ul>
Understand content related to standards and accountability, engaging teaching approaches, assessment in the social studies, epistemology of and approaches to teaching history, and the theories behind culturally responsive classrooms (innovation, NCSS I, II, IX)	<ul style="list-style-type: none"> <li>• Active Participation in class activities and discussions</li> <li>• Professional Development of a Social Studies Educator</li> <li>• Graphic Novel Literature Circle and Creation</li> <li>• Social Studies UNIT Plan with Microteaching &amp; Reflection</li> <li>• Clinical Experience hours with classroom roundtable discussion with artifact</li> </ul>

#### Graduate Grading Scale:

Grade	Standards	Grading	Graduate Courses
A	Meets Standard	95 – 100	Satisfactory / Passing
A-	Meets Standard	90 – 94	Satisfactory / Passing
B+	Approaches Standard	87 – 89	Satisfactory / Passing
B	Approaches Standard	83 – 86	Satisfactory / Passing
B-	<b>Does Not Meet Standard</b>	80 – 82	<i>B- is not a passing course grade for licensure</i>
C	<b>Does Not Meet Standard</b>	70 – 79	<i>C is not a passing course grade for licensure</i>
F	<b>Does Not Meet Standard</b>	Below 70	<i>F is not a passing course grade for licensure</i>

- “A” level score = Student work is well-organized, exceptionally thorough, thoughtful, candid, and completed in a professional and timely manner. Student followed all format and component guidelines, as well as including additional relevant component. Student supports assertions with multiple concrete examples and/or explanations. Significance and/or implications of observations are fully specified and extended to other contexts. Student work is exceptionally creative, includes additional artifacts, and/or intentionally supports peers’ efforts.
- “B” level score = Student work is well organized, thorough, thoughtful, candid, and completed in a professional and timely manner. Student followed all format and component guidelines. Student supports assertions with concrete examples and/or explanations. Significance and/or implications of observations are fully specified.
- “C” level score = Student provides cursory responses to assignment requirements. Student did not follow all format and component guidelines. Development of ideas is somewhat vague, incomplete, or rudimentary. Compelling support for assertions is typically not provided.
- “F” level score = Student work is so brief that any reasonably accurate assessment is impossible.
- Incomplete (IN): This grade may be given to students who are passing a course but who may be unable to complete scheduled course work for a cause beyond reasonable control. The student must then complete all the requirements by the end of the ninth week of the next semester, not including summer term, and the instructor must turn in the final grade by the end of the 10th week. Faculty may grant an incomplete with a contract developed by the student with a reasonable time to complete the course at the discretion of the faculty member.

### ASSIGNMENTS: CRITERIA FOR MEETING COURSE REQUIREMENTS

#### Assignment 1: Active Participation/ Protocol Adherence

**DUE:** Ongoing

**POINTS:** 100

**PURPOSE:** Continuous attendance, active participation in class activities and discussions, and adherence to protocol procedures are the attributes that allow our class sessions to be collaborative, maintain high standards, and encourage learning to take place. This course is designed to provide ongoing opportunities to learn through conversation. These conversations provide spaces for you to think out loud, to explore your conceptual understandings, to share uncertainties and successes, to ask questions, and to learn from each other. Like written assignments, class participation is both a central means of learning and an assessment tool.

**PROCEDURE:** Attendance is a prerequisite for class participation, **absences will have a negative impact** on your participation grade. Attend each class session and actively participate in class discussions and activities without extraneous distractions (i.e., texting, reading email, etc....) This applies to in person and online classes. Active participation and protocol adherence is determined by the rubric below:

Rubric for Participation		
	Acceptable	Unacceptable
<b>ACTIVE PARTIC. /75</b>	<ul style="list-style-type: none"> <li>-participates <b>actively</b> in each class discussions and activities (asks questions, engages in topics conversation, partakes in hands-on activities, etc...).</li> <li>-participation is respectful and inclusive of others in the class.</li> <li>-spends time only on the tasks associated with this course and the instructor's directions.</li> <li>-comes to class with knowledge of prepared readings and pre-class assignments</li> <li>- clear evidence of completion of course tasks</li> <li>-online classes: Student maintains video "on" status</li> <li>-follows GMU's policies on attendance and code of conduct as indicated in the University Catalog</li> </ul>	<ul style="list-style-type: none"> <li>-does not participate <b>actively</b> in each class discussions and activities</li> <li>-participation is not respectful and inclusive of others in the class.</li> <li>-does not spend time only on the tasks associated with this course and the instructor's directions.</li> <li>-did not come to class with knowledge of prepared readings and pre-class assignments</li> <li>- no evidence of completion of course tasks</li> <li>-online classes: Student maintains video "off" status</li> <li>-does not follow GMU's policies on attendance and code of conduct as indicated in the University Catalog</li> <li>-absent from ____ class session</li> <li>-tardy to ____ class sessions</li> <li>-departed ____ class sessions early</li> </ul>

**Assignment 2:  
Professional Development of a Social Studies Educator**

**DUE:** January 30  
**POINTS:** 50

**PURPOSE:**

Teaching excellence is promoted by professional organizations and knowledge of content curriculum. Membership in the National Council for the Social Studies (NCSS) will expose you to resources specific to Social Studies such as current research, lesson plans, unit plans, professional events, and primary sources as well as continued engagement in Social Studies beyond your time at Mason. **You will use this membership when writing your lesson plans for this course.** In addition, it is imperative that you can access, know, and assess NCSS C3 Framework, VDOE Standards of Learning (SOL), and VDOE Curriculum Framework.

**PROCEDURE:**

1. Read the article: "State Academic Standards: What You Need to Know" (located on Blackboard)
2. Complete the WebQuest: You will complete all questions on the Social Studies WebQuest for the NCSS C3 Framework and VDOE Standards of Learning and Curriculum Framework. You will individually complete this WebQuest. The WebQuest document is located on Blackboard. Access to a computer vs. a smartphone/tablet is recommended.
3. Join NCSS ([www.socialstudies.org](http://www.socialstudies.org)) as a STUDENT MEMBER. Subscribe to the journal that most aligns with your interests: Social Education, Middle Level Learning, Social Studies and the Young Learner, Theory and Research in Social Education. *A confirmation email or membership card must be presented by the due date to receive credit for this assignment.*
4. The assignment grade is determined by the rubric below:

**Assignment 3:  
Graphic Novel Literature Circle, Creation, and Museum Walk**

**DUE:**  
Literature Circle Reading: February 13  
Museum walk: February 20

Flip grid completed: February 20

Elements of the Story graphic organizer and Graphic novel (PDF) upload to Blackboard: February 20

POINTS: 200

**PURPOSE:** Graphic novels are an effective means to connect students with content. We will explore two methods to implement graphic novels into the content area: novel literature circles and graphic novel creation. These methods allow students to connect to the content by expressing their thoughts and opinions and concepts via writing and drawing.

**PROCEDURE:** Complete the following procedures for this assignment, which is graded using the rubric below:

1. **Read:** Griffith, P. E. (2010). Graphic Novels in the Secondary Classroom and School Libraries. *Journal Of Adolescent & Adult Literacy*, 54(3), 181-189. Located on Blackboard
2. **Literature Circles:** You will be placed in literature circle with other classmates. In your assigned discussion group read the graphic novel: *They Call Us Enemy* by George Takai before the due date. During class time you will meet in your graphic novel discussion group and discuss the following questions:
  - o What is your historical knowledge involving this period (World War II)?
  - o What is your historical knowledge involving this topic (Japanese Internment Camps)?
  - o What are your overall thoughts regarding the novel?
  - o In what ways do you predict secondary education students will relate to this novel?
  - o How is the novel appropriate for middle school? High school?
  - o What would you change about the graphic novel if you could?
  - o What are your personal feelings toward the novel?
3. **Create a graphic novel.** Choose one (1) topic you would teach in social studies (the dust bowl, microeconomics, salt/gold trade in Mali, the philosophy of the American Founding Fathers, writing a check, the life of Eleanor Roosevelt, exploration, causes of WWI, the art of the Renaissance, etc....). This topic may be for any grade level but must connect to a current, VDOE SOL. Recommendation: use your unit topic. Not recommended: use of online drawing programs. *Not allowed: Storyboardthat online program.* Do the following:
  - o Complete the Elements of the Story graphic organizer located on Blackboard. This organizer will assist you in creating your graphic novel. Upload final version to Blackboard for grade.
  - o You will create a graphic novel that will teach a VDOE SOL topic by telling a compelling story using historically accurate information through a script, narration, and visuals. The format and writing should flow well, is easy to read, no grammatical errors, and look as neat as possible.
  - o Page 1-3 will be the beginning of your graphic novel.
    - These pages should introduce your characters, setting, and topic. It should provide enough of the story for the reader to have a good idea about the focused topic.
    - Be sure to keep in mind your elements of the story from your Elements of the Story graphic organizer.
    - You may hand draw or use a digital program to create your graphic novel. You will print out a copy of your graphic novel no matter which method you choose.
  - o Page 4: Describe, in narrative form, how your story continues and ends using no more than 200 words.
  - o You will upload the graphic novel to Blackboard
4. **Flip Grid.** You will record yourself in a 10-minute Flip Grid. You will find a link to the class flip grid on Blackboard. You will share graphic novel in your Flip Grid by:
  - Reading through your graphic novel on the flip grid, page by page, word for word.
  - Sharing your responses to the following:
    - Describe your overall experience creating the graphic novel.
    - What did you learn as you created the novel, either historical information or the process of creating the graphic novel.?
    - How would you incorporate graphic novels into your classroom setting?
5. **Museum Walk:** You will bring a physical copy of your created graphic novel to class for a museum walk for your peers to view your graphic novel.

#### Assignment 4: VTS Bell-Ringer

**DUE:** March 6

**POINTS:** 50

**PURPOSE:** Practice! Practice! Practice! It is important to practice our craft to improve. You will conduct a bell ringer to practice being in front of your peers and to visualize how a section of one of your lessons will play out in a classroom setting. This is an opening activity that connects students to the content either through a content connection **without** direct instruction

**PROCEDURE:**

You will conduct a bell-ringer on any topic from your unit plan with an interactive, historically accurate, student focused Visual Thinking Strategy (VTS) activity to our class. Your VTS will be no longer than 5 minutes. You will submit the visual used for the VTS and procedures you will follow to blackboard. The procedures will follow VTS procedures we will review during our class procedures. Your procedure list will be numbered and have the exact questions you will ask during the VTS. You will use this procedure list during your presentation in hardcopy form. Peers will provide written glow/grow comments on index cards for feedback. Assignment grade is determined by the rubric below.

#### Rubric for VTS Bell-Ringer

	<b>Excellent</b>	<b>Emerging</b>	<b>Unacceptable</b>
<b>VTS Bell Ringer /50</b>	- student conducts one (1) VTS on a topic from their unit plan in an interactive, historically accurate, student focused manner -bell ringer is no longer than 5 minutes. -student is prepared with all materials -student uploads VTS visual and procedure list to blackboard by due date -student uses hardcopy procedure list during VTS with class -procedure is numbered with exact questions to be asked during VTS -student asked exact questions during VTS with class -student appears practiced, organized	- student conducts one (1) VTS on a topic not from their unit plan in an interactive, historically accurate, student focused manner -student is mostly prepared with all materials -student uploads VTS visual and procedure list to blackboard with approved extension -student has hardcopy procedure list during VTS with class but does not use it -procedure is not numbered with exact questions to be asked during VTS -student asked some of the exact questions during VTS with class -student mostly appears practiced, organized -student somewhat tells peers (lecture) what the lesson is instead of conducting the VTS -student appears somewhat practiced	-Student does not teach conduct VTS -Student lectures the class about the visual and does not conduct the VTS -information presented is not historically accurate -student is not prepared with materials -student does not upload visual or procedure list -student does not appear practiced, is unorganized -student does not bring hardcopy procedure list to class to conduct VTS -student does not ask any of the exact questions during the VTS with class

#### Assignment 7: Social Studies Unit Plan with Microteaching

**DUE:**

Section	Due date	Points
Unit Section 1 draft	February 13	complete/incomplete
Draft Lesson 1 draft	February 27	complete/incomplete

Draft Lesson 2 draft	March 13	complete/incomplete
Draft Lesson 3 draft	March 20	complete/incomplete
Draft Lesson 4 draft	March 27	complete/incomplete
Draft Lesson 5 draft	March 27	complete/incomplete
Micro teaching of lesson plan	April 10, 17, 24	40
Unit plan (all 5 sections) uploaded to Blackboard	May 1	360

**PURPOSE:** The SEED program's purpose is to prepare you to teach social studies. Unit planning is an integral part of teaching. Determining the VDOE SOL, backwards planning a unit plan, determining the components of lesson plans, and implementation all connect to unit planning.

**PROCEDURE:**

You will individually design a 5-lesson unit of instruction as a way of demonstrating your learning from this course and to gain practice in planning in your subject area. This unit should reflect your responsiveness to diverse learners, effective instructional strategies and assessment, and successful lesson and unit plan design. I challenge you to work hard and thoughtfully on these lessons to achieve a cohesive unit plan that is useful and highlights your learning for the semester. The unit plan assignment consists of: **title/purpose/outline page, an email to your students, 5 lesson plans, a summative assessment and micro teaching of one lesson.** This assignment will be graded using the provided rubric below. **Do not wait until the last minute to complete this assignment – it will show in your final product!!!!**

There are specific requirements for each section of this unit plan:

<p><b>SECTION 1: Title, Purpose, Outline</b></p>	<p>Write the following on page one, section 1, of your unit:</p> <ul style="list-style-type: none"> <li>▪ Your name, our course number, date, course instructor's name</li> <li>▪ Title of unit (example: Unit on Explorers of the Western Hemisphere)</li> <li>▪ Grade level</li> <li>▪ 5 lesson topics taught in chronological order</li> <li>▪ Answer to: Why this unit of instruction is important to student learning?</li> </ul>
<p><b>SECTION 2: Email to your students</b></p>	<p>You will write an "email" to your students explaining why this unit of instruction is important to their learning experience. The email should have a <b>salutation</b> and <b>closing</b>. There should be 3 paragraphs, no more than 400 words. You may use bulleted points. Remember your audience – this is written TO students.</p> <ul style="list-style-type: none"> <li>▪ The first paragraph will address the unit topic and explain lesson topics covered. (What topic are you teaching?)</li> <li>▪ The second paragraph will explain why the lessons are important to the student's life and the content area. (Why is it important that your students are learning these lessons?)</li> <li>▪ The third paragraph will provide <b>SPECIFIC</b> ways the student can supplement their learning of the topic outside of the classroom setting. It is <b>not</b> enough to write "review your homework" or "read the textbook". Provide at <b>least 2 SPECIFIC, DETAILED ways</b> the student can learn more about the lesson topic outside of school. It is important that you provide the link to any websites or addresses to any locations. BE SPECIFIC why these websites/locations can supplement the unit. (How can students learn more about these lesson topics outside of our classroom?)</li> </ul>
<p><b>SECTION 3: Five (5) lessons</b></p>	<p>You will create FIVE (5) interdisciplinary, culturally responsive, consecutive social studies lesson plans that focus' on a topic of your liking that is aligned with the newest, most current Virginia Standards of Learning (SOL).</p> <p>You will use the below guidelines and those outlined in the following rubric:</p> <ul style="list-style-type: none"> <li>• The unit can be focused on either a high school or middle school SOLs.</li> <li>• These lesson plans must be new, independently designed by you and have not been used in other coursework.</li> <li>• You must use the specified unit plan template that includes lesson plan format given (found on Blackboard).</li> <li>• You should assume your class time is ~90 minutes in length for each lesson plan.</li> <li>• You will submit drafts of your lesson plans for feedback to improve your final lesson plans. Each draft is not graded for points. Providing detailed lesson plans will allow for more extensive feedback and result in an improved final unit grade.</li> <li>• You will create objectives that are measurable. The objectives must follow Bloom's Taxonomy.</li> <li>• <b>The following must be present in the entire unit. You may use 2 or more required items in the same lesson:</b> <ul style="list-style-type: none"> <li><input type="checkbox"/> <b>2 different technology sources that a student uses (i.e., a WebQuest, smartboard activity, QR find, video, jamboard, etc....)</b></li> <li><input type="checkbox"/> <b>3 different graphic organizers</b></li> <li><input type="checkbox"/> <b>2 different pieces of literature (poem, song, graphic novel, comic book, novel, passage from a piece of literature, etc....)</b></li> <li><input type="checkbox"/> <b>3 cooperative learning activity and/or learning stations</b></li> <li><input type="checkbox"/> <b>5 primary sources (at least one in each lesson).</b></li> </ul> </li> <li>• All lessons plans, primary sources, supplemental material, and student handouts such as graphic organizers must be included in the final written assignment <b>AS ONE UPLOAD TO BLACKBOARD</b>. PowerPoints may be uploaded as additional uploads.</li> <li>• The lessons must be grade/age appropriate and have multiple instructional strategies utilizing multiple types of interdisciplinary learning experiences and be student centered. (E.g., constructivist techniques, cooperative learning, learning stations, literature, technology, etc....) <b>This means no direct, extended lecturing.</b></li> <li>• It is acceptable to borrow ideas from sources as long as you cite the source. <b>You must rewrite any lesson activities using your own voice and syntax. You must provide a source for any borrowed material....even material from your mentor. Failure to do so is considered plagiarism.</b> You must provide a reference source for any photograph, video, book, website, etc....This CANNOT be a hyperlink but must be the URL.</li> <li>• Lesson design may include opportunities for students to seek out resources and conduct independent investigations. These research strategies must be explained, and students must be provided with and directed to specific sources not just instructed to "research" and/or "google it"; graphic organizers and student direction handouts will aid in this process.</li> </ul>

	<ul style="list-style-type: none"> <li>Write out the questions you will ask students. Teacher directed questions are clearly stated throughout. Teacher questions must be written within the lesson plan. <b>***EACH reading, video, discussion, graphic organizer, etc...must have 3-5 associated teacher questions.</b> Avoid questions beginning with "Is", "Do", "Are", "Can" since these questions will only elicit Yes/No responses.</li> <li>Your lesson plan must have enough detail that someone can replicate it in a classroom setting.</li> <li>Lesson evaluations are evidently connected to lesson objectives. Lesson evaluations must be clearly connected to lesson objectives and overall unit theme. Each lesson must have an evaluation that will indicate that the student met the lesson objectives. How will you know the student learned what you were teaching? These evaluations can be written response to the essential question, a student created poem or comic strip, a dramatic art strategy, etc....</li> <li>The lesson must address ways to incorporate MLL/Special Education students in the learning process. You may indicate in the lesson plan's accommodation section the student you are accommodating. Ex/ Student 'J' has dyslexia and student 'M' is a MLL. For J, I will.... For M, I will...</li> <li>Lessons must be factually and historically accurate.</li> <li><b>Do not wait until the last minute to complete this assignment – it will show in your final product!!!!</b></li> <li><b>As you create each lesson ask yourself: Why is this important?</b></li> </ul>
<b>SECTION 4: Summative Assessment for the Unit plan</b>	<p>This assignment will have you create a summative assessment (summarizes student's learning) for the five lesson plans in your unit plan. Think project here.</p> <ul style="list-style-type: none"> <li>Students will create a product for you (as their teacher) to assess their knowledge of the unit topic OUTSIDE of the 5 lesson plans.</li> <li>You will create a handout that you would provide to your students that has a proper heading and explains the goals, the directions, needed materials, timeframe, and expectations of the project.</li> <li>The handout will also have a rubric you created to assess the project and grade student's performance on the assessment.</li> <li>Blackboard has student exemplars of summative assessment handouts</li> </ul>
<b>Lesson plan Micro-teaching Presentation</b>	<p>You will <b>TEACH</b> an interactive segment of your lesson plan to our class that focuses on one lesson plan.</p> <ul style="list-style-type: none"> <li>You will BRIEFLY explain the unit topic and one sentence on each lesson topic (1 minute).</li> <li>You will teach a segment of ONE lesson from the unit to the class.</li> <li>Your main objective will be to have the class <b>participate</b> in ONE lesson activity. The lesson may begin with your bell ringer and progress until you reach your time limit OR you may begin with the procedure section of your lesson and continue until you reach your time limit.</li> <li>Microteaching will be <span style="background-color: yellow;">      </span> minutes in length.</li> </ul>

**Assignment 6:  
Unit plan and micro teaching reflection**

**DUE:** May 1  
**POINTS:** 50

**PURPOSE:** You have planned, taught your unit plan. Every effective teacher must also assess the planning and teaching process to improve their teaching praxis. This assignment challenges you to use introspection to evaluate your unit plan and micro teaching in a reflective manner.

**PROCEDURE:**

Write a 300-word essay reflecting on your unit plan (including the student email and summative assessment) and your micro-teaching experience. Use the below questions to help guide your reflection:

- In what ways did your micro-teaching go, or not go, according to plan? What surprises did you encounter during your micro-teaching?
- What did you learn about yourself as a teacher?
- What were your strengths during your unit planning process?
- If you were to teach and/or design this unit again, what would you do differently?
- What knowledge, skills or disposition do you want to target for your own future development to improve your ability to teach Social Studies?
- How has this unit plan helped you learn about the process of teaching?
- Describe a professional learning goal that emerged from your insights and experiences with the entire unit planning and micro-teaching experience.

**Assignment 8:**

**Clinical Experience hours with classroom roundtable discussion with artifact**

**DUE:** Artifact/discussion: May 1    **Clinical Experience Hours Activities Log for SEED 667** with co-teaching strategies: May 1  
**POINTS:** 150

**PURPOSE:** You are **required** to *observe and participate* in a secondary social studies classroom. Your clinical experience objectives are: observe the role of the teacher, to assess one’s potential to assume the responsibilities of a teacher; evaluate the implementation of a secondary school’s curriculum; and research the array and availability of resources/materials/technology used. *Current classroom teachers: You may not observe yourself; you must complete all of the requirements for this assignment regardless of your position.*

**PROCEDURE:**

1. **Clinical experience assigned:** The SEED program will match you with a mentor in a SEED partner school. Respond to SEED and teacher track communications regarding clinical experiences in a timely manner to ensure you are placed quickly and efficiently.
2. **Participate in Clinical Experience:** You are required to participate in **30 hours of clinical experience**. You will document these hours using: **Clinical Experience Hours Activities Log for SEED 667** located on Blackboard. Complete this form in detail with specific references each time you observe and participate in your clinical experience. Specific directions are on the form.
3. **Retrieve 2 classroom artifacts:** Bring 2 classroom artifacts from your clinical experience to class. The artifact can be any item you observe while in placement, such as a student’s work, a picture of notes on the board, a graphic organizer, etc....(all student names must be blacked out). The item must be physically brought to class to share with your peers. You must be reflective in your peer sharing and discussion. Suggested discussion questions are:
  - Describe the classroom as a learning environment
  - In what ways did you participate in the class?
  - Describe your artifact
  - Describe how your artifact was used in the classroom setting
  - What is your assessment of the artifact?
  - How does the artifact connect to the lesson’s objectives?
  - Assess the effectiveness of the artifact.
  - What would you have done the same/differently using the artifact if you were the classroom teacher?
4. **Engage in two (2) co teaching activities:** You will engage with your mentor teaching in two co-teaching activities during your clinical experience. We will review co-teaching strategies in class. You will discuss these co-teaching strategies with your mentor and decide how you will co-teach 2 lessons during a pre-determined clinical experience date/time. You will document these experiences on your **Clinical Experience Hours Activities Log for SEED 667**.
5. **Complete the disposition self-assessment:** You will complete a self-assessment of your professional dispositions at the end of the semester on VIA. For more information please see: <https://cehd.gmu.edu/epo/candidate-dispositions>

### VIA Performance-Based Assessment Submission Requirement

Every student registered for any Secondary Education course with a required VIA performance-based assessment(s) (designated as such in the syllabus) is required to submit this/these assessment(s) to VIA through 'Assessments' in Blackboard (regardless of whether a course is an elective, a one-time course or part of an undergraduate minor). For SEED 667, these assessments include the following items: \*Unit Plan \*Self-Assessment of Dispositions. A student's grade cannot be posted unless all of items have been completed/submitted.

### Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>.

### GMU Policies and Resources for Students

#### Policies

- Students must adhere to the guidelines of the Mason Honor Code (see <https://catalog.gmu.edu/policies/honor-code-system/> ).
- Students must follow the university policy for Responsible Use of Computing (see <https://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.

- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <https://ds.gmu.edu/>).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

**Campus Resources**

- Support for submission of assignments to VIA should be directed to [viahelp@gmu.edu](mailto:viahelp@gmu.edu) or <https://cehd.gmu.edu/aero/assessments>. Questions or concerns regarding use of Blackboard should be directed to <https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/>.
- For information on student support resources on campus, see <https://ctfe.gmu.edu/teaching/student-support-resources-on-campus>

**Notice of mandatory reporting of sexual assault, sexual harassment, interpersonal violence, and stalking:**

As a faculty member, I am designated as a “Non-Confidential Employee,” and must report all disclosures of sexual assault, sexual harassment, interpersonal violence, and stalking to Mason’s Title IX Coordinator per [University Policy 1202](#). If you wish to speak with someone confidentially, please contact one of Mason’s confidential resources, such as [Student Support and Advocacy Center](#) (SSAC) at 703-380-1434 or [Counseling and Psychological Services](#) (CAPS) at 703-993-2380. You may also seek assistance or support measures from Mason’s Title IX Coordinator by calling 703-993-8730, or emailing [titleix@gmu.edu](mailto:titleix@gmu.edu). For additional information on the College of Education and Human Development, please visit our website <https://cehd.gmu.edu/students/>.

**Expectations and Protocols**

Below are class protocols which govern our time together, whether during in person or during online instruction.

**Written Assignments:**

- Written assignments are to be submitted on Blackboard by the due date at the start of class. Blackboard time stamps all submitted work.
- Written assignment rubrics indicate “format and writing are of professional quality”. This refers to the assignment being an overall piece of quality work that is: grammatically correct with no errors; well composed and articulated; typed with 12-point font, double-spaced, and one-inch margins; contains appropriate diction and usage such as “students” instead of “kids”; appropriate usage of homonyms (i.e. there/their/they’re); and is PROOFREAD. Work not proofread, or that has extensive grammatical errors, will not be graded and you will be advised to revise the assignment.
- All work should be your own and original. Copyright law is to be respected in all assignments. **Any item taken from another source (the internet, classroom teacher, or a curriculum guide) must be noted and cited.** Incorporating an idea or using another’s material and not indicating the source is PLAGIARISM. GMU and I support strong academic integrity. Please note that: “Plagiarism encompasses the following:
  - 1) Presenting as one’s own the words, the work, or the opinions of someone else without proper acknowledgment.
  - 2) Borrowing the sequence of ideas, the arrangement of material, or the pattern of thought of someone else without proper acknowledgment.” (from Mason Honor Code online at <https://catalog.gmu.edu/policies/honor-code-system/>)
  - 3) Paraphrasing involves taking someone else’s ideas and putting them in your own words. When you paraphrase, you need to cite the source using APA format.
  - 4) When material is copied word for word from a source, it is a direct quotation. You must use quotation marks (or block indent the text) and cite the source.
  - 5) Electronic tools (e.g., SafeAssign) may be used to detect plagiarism if necessary.
  - 6) Plagiarism and other forms of academic misconduct are treated seriously and may result in disciplinary actions.
- **Assignments will not be accepted after the due date. Any assignment, except the final Unit Plan, may be RESUBMITTED for an improved grade WITH PRIOR PERMISSION. All re-written assignments MUST be submitted by \_\_\_\_\_ – without exception.**

**Protocol and Expectations:**

- Internet, mobile devices, and social media: While in class your attention should be focused on class related activities and discussion. The legitimate educational purpose of our class is to help prepare you for your professional career. This includes demonstrating courtesy and respect for your peers and myself by practicing and modeling the effective use of technology. Your attention in class is important for your learning. Your participation grade will be reduced accordingly for failing to follow these guidelines:
- Laptop Computers, Netbooks, Handheld Tablets Use
  - Engaging in personal emails, instant messaging, texting, social media, games, and web surfing are not appropriate during class time.
  - Unless you are using your device for notetaking, your laptops or other device should be off or in sleep mode until we are ready to use them.
  - Demonstrate ethical and responsible behavior during class and on the GMU network.
  - When in class, spend time only on the tasks associated with this course and the instructor’s directions.
  - In general, use your laptops and other devices in class as you would expect your students to use theirs.
  - **Online synchronous classes: Students must maintain webcam “on” status**

**SEED Program “Seeds”**

As illustrated by the model above, the SEED program is guided by five “Seeds” or principles that students are expected to understand and learn to apply in their teaching and professional lives: Social Justice, Inquiry and Reflection, Advocacy and Agency, Partnership and Collaboration, and Respect and Relationship. SEED students address each Seed in a developmental fashion, twice during their licensure program and once again during the master’s teacher research capstone experience:

- Each Seed is introduced and students demonstrate initial understandings and consider initial applications to teaching of the Seeds (as determined by the program and course instructor) during one of the five pre-licensure courses (Foundations, Methods I, Human Development, Methods II, Content Literacy)
- All five Seeds are revisited and students demonstrate deeper conceptual understandings of and identify applications to their teaching of the Seeds (in a manner they determine) during internship and internship seminar
- All five Seeds are explored more deeply, and students demonstrate mastery understandings of, applications to their teaching and teaching inquiries (via their teacher research Methodologies), and future integrations of the Seeds into their teaching and teaching inquiries (via their teacher research Discussions)

Course	Seed/Definition	Key Assignment Description
--------	-----------------	----------------------------

<b>Foundations of Secondary Education</b>	<p align="center"><b>Advocacy and Agency</b></p> <p>The SEED program educates teachers to develop a commitment to advocating for and developing agency in every young person. Teachers' advocacy activities begin with pedagogical interactions and extend into school and community contexts. Similarly, teachers' consideration of youths' agency begins with enabling them to act independently and make choices in their own best interests—in the classroom and beyond.</p>	<p align="center"><b>Teacher Candidate Digital Portfolio</b></p> <p>This digital portfolio is a website the teacher candidate creates to begin assembling products and artifacts that illustrate their emerging philosophy of teaching, experiences designing instructional materials, interviews and reflections from clinical experiences, and professional documents such as resumes and work experience. Pieces that teacher candidates add to the digital portfolio demonstrate their agency as educators inside and outside of classrooms, candidates' advocacy of critical issues relevant to secondary education, and candidates' thinking on how educators, their learners, policy makers, and community members all have different agency in making choices related to secondary education.</p>
<b>Methods I</b>	<p align="center"><b>Social Justice</b></p> <p>The SEED program educates teachers to develop a commitment to social justice. Such a commitment encompasses the belief that all members of our school, university, and broader communities can contribute to disrupting inequitable interactions, practices, and structures, with a focus on enhancing each individual's opportunity to learn and succeed. Social justice is also closely aligned with "equity," which involves the implementation of anti-oppressive and antiracist interactions, practices, and structures that ensure that every individual has an unbiased, impartial, responsive, and appropriately-scaffolded opportunity for academic and professional success.</p>	<p align="center"><b>Lesson Plan</b></p> <p>Using a provided format, the lesson plan must include objectives, standards, instructional plans, assessments, classroom layout(s), a teacher script, and all materials that would be given to students as part of the lesson. The lesson must demonstrate the teacher candidate's ability integrate justice concepts/content into their instruction.</p>
<b>Human Development and Learning</b>	<p align="center"><b>Relationships with and Respect for Youth</b></p> <p>The SEED program educates teachers to develop relationships with and respect for youths. When a school culture promotes respect, support for students' identities, senses of belonging, and tolerance, students are able to work as active participants in the classroom and the community. Secondary teachers who create a welcoming environment in their classrooms; who strive to know and honor students' backgrounds, preferences, and perspectives; who build relationships with young people based on trust and mutual understanding; and who connect curriculum to students' cultures hold key to effective instruction. Their instruction will contribute to developing unique individuals who will be able to connect their life experiences to learning.</p>	<p align="center"><b>Case Study/Student Application Project</b></p> <p>The case study/student application project is a summative assessment of the teacher candidate's ability to use psychological theory to analyze problems in a classroom and practice approaches a thoughtful, ethically principled teacher would use to solve problems. The case study/student applicant project must demonstrate the teacher candidate's understanding of how and why teachers can use psychological theories and principles to develop relationships with and demonstrate respect for youths, with an ultimate goal of enhancing adolescents' school and life success.</p>
<b>Methods II</b>	<p align="center"><b>Inquiry and Reflection</b></p> <p>The SEED program educates teachers who appreciate and know how to ask questions about their practices and who are critically reflective of their pedagogies, empowered by evidence. The ability to inquire and reflect on one's teaching practice is foundational to educators' ongoing and self-directed professional growth across their professional lifespans. Educators who can inquire into and consistently implement effective instructional practices--and who can critically reflect on and evaluate their pedagogies--will be the most responsive teachers and will best inspire students to learn.</p>	<p align="center"><b>Unit Plan/Lesson Implementation</b></p> <p>Teacher candidates will use the "backwards design" process to develop a plan for teaching a unit which actively involves students in meaningful learning; individualizes learning to accommodate the strengths and needs of students; and provides authentic assessments. Unit plans will include objectives, a calendar, and an outline of each day in the unit. One lesson of the unit must be taught/co-taught in the teacher candidate's clinical experience classroom, and the unit plan and lesson implementation must demonstrate the candidate's understanding of how and why teachers use inquiry and reflection to improve their pedagogical practices and enhance student learning.</p>
<b>Content Literacy</b>	<p align="center"><b>Collaboration and Partnership</b></p> <p>The SEED program educates teachers who value collaborative engagement in learning and teaching and supporting collaboration through different forms of partnership. Collaboration takes on many forms, including collaboration amongst teacher candidates and their peers, course instructors and faculty advisors, mentor teachers in schools, their students and their students' families and caregivers, and amongst experts in their fields of teaching. These collaborations occur through a shared understanding of partnership. By spanning multiple boundaries, the SEED program supports partnerships with local schools and their divisions, with state and national professional associations, and with international experiences in other countries.</p>	<p align="center"><b>Disciplinary Literacy Inquiry Project</b></p> <p>Teacher candidates complete an inquiry into methods of supporting students' comprehension in their respective content areas. Using resources from class and peer-reviewed articles, candidates develop an understanding of how to guide and deepen students' comprehension, addressing questions including "Why is it important to be literate in our respective subject areas?". The inquiry project must demonstrate the candidate's understanding of how why teachers collaborate with other education professionals, students, families and caregivers and others to support students' subject area comprehension and literacy learning.</p>
<b>Internship and Internship Seminar</b>	<p align="center"><b>All SEED Seeds: Applications to Teaching</b></p> <p>All five Seeds are revisited and students demonstrate deeper conceptual understandings of and identify applications to their teaching of the Seeds during internship and internship seminar.</p>	
<b>Teacher Research (for Master's students only)</b>	<p align="center"><b>All SEED Seeds: Applications to Teaching and Teaching Inquiries</b></p> <p>All five Seeds are explored more deeply, and students demonstrate mastery understandings of, applications to their teaching and teaching inquiries (via their teacher research Methodologies), and future integrations of the Seeds into their teaching and teaching inquiries (via their teacher research Discussions)</p>
