Promoting Learning & Development Across the Lifespan

***EDUC 301 Section DL1***  
***Educating Diverse and Exceptional Learners (3 credits)***  
Spring 2023 (January 23 – May 17)  
Synchronous Online: Tuesdays, 4:30pm-7:10pm

**Faculty Name:** Kaleigh O'Donnell

**Virtual Office Hours:** By appointment (Virtual only. Please email to schedule.)

**Office Location:** Thompson 1800 (Please note, that I will not be on campus as I live in Richmond. The office hours will be virtual)

**Office Phone:** Please email to request phone number

**Email:** [kodonne9@gmu.edu](mailto:kodonne9@gmu.edu)

**Recommended Prerequisites:** None

**University Catalog Course Description:** Introduction to educational issues; not applicable in graduate-level teacher education programs. Introduces psychological, sociological, educational, and physical aspects of diverse populations in today's schools for early and middle education. Emphasizes litigation and legislation pertaining to education of diverse populations.

**Course Overview:** This course provides an introduction to the sociocultural factors (e.g., race, ethnicity, religion, language, gender, sexual orientation, socioeconomic status) intersect to shape cultural identity and influence the educational experience of culturally and linguistically diverse and exceptional learners. Laws and policies that affect education along with instructional approaches and strategies that value diverse learners through a strengths-based lens and support inclusive classrooms are explored. This course provides a springboard for deeper learning around these critical topics.

**Note:** This course requires 15 hours of school-based field experience during the semester. Students will need to register for all field work experiences for any class at the same time. Access the registration forms and more information at the TEACHERtrack@Mason Officer (<https://education.gmu.edu/teacher-track-office/student-field-experience/>)

**Please be aware of and follow all policies and procedures for Mason's Safe Return to Campus:** <https://www2.gmu.edu/Safe-Return-Campus>

**Course Delivery Method:** This course will be delivered online (75% or more) using both synchronous and asynchronous formats via Blackboard Learning Management system (LMS) housed in the MyMason portal. You will log in to the Blackboard (Bb) course site using your Mason email name (everything before @masonlive.gmu.edu) and email password. The course site will be available on or before January 17, 2023. This course will use a combination of Zoom and Google Slides for synchronous online course delivery. Synchronous class sessions will include small/large group discussions and tasks, lecture, and student-led activities. A detailed schedule is included below.

**Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.**

#### *Technical Requirements*

To participate in this course, students will need to satisfy the following technical requirements:

1. High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard's supported browsers see: [https://help.blackboard.com/Learn/Student/Ultra/Getting\\_Started/Browser\\_Support](https://help.blackboard.com/Learn/Student/Ultra/Getting_Started/Browser_Support)
2. To get a list of supported operating systems on different devices see: [https://help.blackboard.com/Learn/Student/Ultra/Getting\\_Started/Browser\\_Support/Browser\\_Checker](https://help.blackboard.com/Learn/Student/Ultra/Getting_Started/Browser_Support/Browser_Checker)
3. Students must maintain consistent and reliable access to their GMU email and Blackboard accounts, as these are the official methods of communication for this course.
4. Students will need a headset microphone for use with Zoom, Blackboard Collaborate Ultra or other required web conferencing tools.
5. Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
6. The following software plug-ins for PCs and Macs, respectively, are available for free download:
  - Adobe Acrobat Reader: <https://get.adobe.com/reader/>
  - Windows Media Player: <https://support.microsoft.com/en-us/help/14209/get-windows-media-player>
  - Apple Quick Time Player: [www.apple.com/quicktime/download/](http://www.apple.com/quicktime/download/)

#### *Expectations*

1. **Course Week:** Our course week will begin on the day that our synchronous meetings take place as indicated on the Schedule of Classes.

2. Log-in Frequency: Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials 3 times per week. In addition, students must log-in for all scheduled online synchronous meetings.
3. Participation: Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
4. Technical Competence: Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.
5. Technical Issues: Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
6. Workload: Please be aware that this course is **not** self-paced. Students are expected to meet *specific deadlines* and *due dates* listed in the **Class Schedule** section of this syllabus. It is the student's responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
7. Instructor Support: Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Students can meet with the instructor via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.
8. Netiquette: The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates; rather, you are sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.
9. Accommodations: Online learners who require effective accommodations to ensure accessibility must be registered with George Mason University Disability Services.

### **LEARNER OUTCOMES:**

This course is designed to enable students to do the following:

1. Understand aspects of diverse populations regarding the educational setting including legislation and litigation.
2. Be able to access additional information about diverse populations so they can meet the needs of the students in their classes.
3. Examine broader issues related to diversity, inclusion, social justice, and multiculturalism in education.

4. Engage in critical and reflective discussions related to systemic isms in education.
5. Create a safe, challenging and enriching environment for all students.

### PROFESSIONAL STANDARDS:

Upon completion of this course, students will have met the following professional standards:

#### INTASC (The Interstate Teacher Assessment & Support Consortium):

- **Standard #2: Learning Differences:** The teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.
- **Standard #3: Learning Environments:** The teacher works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.

#### CAEP 2018 K-6 Elementary Teacher Preparation Standards:

- **Standard #1: Understanding and Addressing Each Child's Development and Learning Needs:** Candidates use their understanding of child growth and development, individual differences, and diverse families, cultures and communities to plan and implement inclusive learning environments that provide each child with equitable access to high quality learning experiences that engage and create learning opportunities for them to meet high standards. They work collaboratively with families to gain a holistic perspective on children's strengths and needs and how to motivate their learning.
- **Standard #5: Developing as a Professional:** Candidates promote learning and development of every child through participation in collaborative learning environments, reflective self-study and professional learning, and involvement in their professional community.

### REQUIRED TEXTS:

Nora, J., & Echevarria, J. (2016). *No more low expectations for English learners*. Heinemann. ISBN: 978-0-325-07471-9

\*\*Additional readings and media material for the course will be available through links and PDFs on Blackboard under Course Content.

### COURSE PERFORMANCE EVALUATION:

This online course is **not self-paced**. You will be expected to complete the activities (including readings, watching videos, engaging in discussion board chats) listed on

**Blackboard every week as well as participate in the weekly synchronous class.** You are asked to engage deeply with the course content, to take risks in your thinking, and to listen to and learn from your classmates.

Students are expected to submit **all** assignments **on time** and in the manner outlined by the instructor on the **assigned due date**. Late assignments will receive reduced credit. All assignments will be posted in Blackboard.

**Assignments and/or Examinations:**

<i>Assignments</i>	<b>Points</b>	<b><i>Due Date</i></b> <b><i>by 11:59 PM*</i></b>
<b>Attendance and Participation.</b> The class participation grade will reflect the quality as well as quantity of your participation. Satisfactory participation requires that you are <b>engaged</b> throughout <b>each week</b> online in learning tasks and complete ALL learning tasks/assignments assigned in Blackboard and during our online class sessions (to include breakout, group, individual and discussion work) in a thorough and thoughtful way.	<b>140</b>	weekly
<b>Exit Tickets.</b> For the last several minutes of each class, you will complete an exit ticket that relates to course content and how your thoughts may have changed/evolved given our readings/discussions. This serves as a type of “exit ticket” to help you process your immediate learning and to provide me insight into your developing understanding and perspective. It is expected that your response is brief but that you connect your response to class discussion and the readings.	<b>70</b>	weekly
<b>Teacher Journal Article Response.</b> Twice during the course, you will select, read, and respond to a journal article from a variety of prominent practitioner journals focused on various topics associated with effectively teaching diverse learners in inclusive classrooms. These articles will introduce you to reading relevant professional journals as a way to pursue your own professional development and lifelong learning as a practicing teacher. <b>Be a Teacher Presentation.</b> Collaborate with a peer to create and share a multimedia presentation on one of the approved topics related to student diversity. A list of potential topics, specific directions, and a rubric will be available on Blackboard. <b>Multimedia Presentation format must be compatible with Blackboard.</b>	<b>50</b>	Apr. 11
<b>Professional Dialogue with Future Teacher Self.</b> Thinking as a future teacher, share responses to 4 questions about 4 topics connected to learning in EDUC 301. Through this “interview” with your future teacher self, you will share the knowledge, dispositions, and insights gained around working with diverse and exceptional learners and their	<b>100</b>	May 2

families in your future classroom/school. (Assignment details below and on Blackboard).		
<b>Field Experience and Reflection.</b> Observe in a public-school setting for a minimum of 15 hours. At least one observation must be done in a fully inclusive classroom (e.g., with students receiving special education services and/or ELs). Other observations may include self-contained classrooms that serve students with disabilities (e.g., classrooms for students with autism, classrooms for students with severe disabilities) and/or an EL classroom (can be an EL class taught by EL teacher, a content class with ELs taught by general ed teacher, or a co-taught classroom with EL and content teacher). A reflection paper will be completed with instructions posted on Blackboard. Observations need to be completed by the last 3 weeks of class. (Assignment details below and on Blackboard).	<b>100</b>	May 9

*\* For assignments: Teacher Journal Article Responses, Professional Dialogue with Future Teacher Self, and Field Experience and Reflection. Be a Teacher Presentation will be due at 4:30 pm on April 11. Participation and Exit Tickets are due at the time of class.*

**Major Assignments Detailed Descriptions:**

**1. Attendance and Participation (140 points – 10 per class):**

This course operates with the assumption that knowledge is socially constructed and the most meaningful learning opportunities are those where you have the opportunity to offer and explore diverse perspectives with peers. Therefore, it is expected that **you are on time and attend all synchronous and asynchronous online meetings outlined within the syllabus and on Blackboard.** Absence from class to observe a religious holiday, to serve jury duty, to participate in required military service, and medical emergencies are exceptions to the above policy. If you anticipate being absent for any of these reasons, please make arrangements at least 48 hours in advance.

Active participation in learning activities during weekly class sessions is a crucial element of this class. Your class participation grade each week will reflect the quality of your participation. Such participation can only occur when you are present, prepared, and engaged in class learning activities. It is your responsibility to complete readings, watch videos, explore websites, etc. in preparation for each class. All required learning tasks are posted on Blackboard, organized into class session folders under Course Content. **Each class session folder contains all required tasks that must be completed in preparation for that class. It is your responsibility to complete and submit all required assignments by the due dates.**

To be successful and enjoy your learning experience, it is recommended that you create a learning schedule that allows you to engage with course readings and other required tasks at multiple points throughout each week. It is not advised to access course content once or twice and/or wait until the weekend to engage with the content and complete learning activities. Quality engagement each week means giving yourself time to explore the

content deeply, think critically, and come to class prepared to share your thoughts and responses with your peers via respectful dialog and other learning activities.

## **2. Exit Tickets (70 points – 5 per class)**

For the last several minutes of each class, you will complete an exit ticket that relates to course content and how your thoughts may have changed/evolved given our readings/discussions. This serves as a type of “exit ticket” to help you process your immediate learning and to provide me insight into your developing understanding and perspective. It is expected that your response is brief but that you connect your response to class discussion and the readings.

## **3. Teacher Journal Article Response (50 points - 25 each):**

Read two current professional practitioner journal articles on topics related to effectively teaching diverse and exceptional learners in inclusive classrooms. Article choices are organized into folders: Teaching Learners with Disabilities, Teaching Multilingual Learners, and Creating Culturally Relevant or Responsive Teaching and Learning Environments. You will select **one** article from these folders at two different points during the semester **without selecting two articles from the same folder**. Using a **graphic organizer template**, you will provide the following information for *each* article:

- 3 key concepts,
- 1 analytical paragraph showing connections and applications,
- 1 quote from each source worthy of class discussion,
- 3 questions to explore in the future.

Provide proper citation in APA-7 style for each article. Please note your connections, critiques, and/or questions/wonderings as you read each journal article so that you will be prepared to complete the graphic organizer.

## **4. Be a Teacher Presentation (50 points):**

You want to be a teacher...here's your chance! You will also practice collaboration skills by **working with a peer** to create a 15-minute multimodal, presentation about **one** of the approved topics related to teaching and learning with exceptional and diverse learners. This multimodal presentation will include a brief, meaningful activity to engage your peers around the content/topic. You and your partner will share your presentation on our class Zoom call. Everyone will view and respond respectfully to peers' presentations. Topic approval and sign-up required. A list of potential topics, specific directions, and rubric will be posted to Blackboard.

## **5. Professional Dialog with Future Teacher Self (100 points):**

In this major assignment, you will have a chance to apply and share the knowledge, disposition, and skills that you have gained in EDUC 301 in a creative way by conducting an interview with your future teacher self! You will provide thoughtful, paragraph-level responses to 4 questions each around 4 key topics in EDUC 301.

For this assignment, you will imagine that it is 5 years into the future, and you are now being asked to share your knowledge, philosophy, and vision for working with diverse and exceptional learners and their families with equity and excellence.

You will answer *a set of 4 questions* for 4 different topics related to EDUC 301. You will also generate questions of your own to demonstrate that you are a reflective practitioner who is inquisitive and curious to learn more about effective teaching.

**The 4 topics for the dialog/interview are:**

- \*Working with English Learners (ELs)
- \*Working with ELs who are Dually Identified for Special Education Services
- \*Working with Students with Individualized Education Plans (IEPs) in Inclusive Classrooms
- \*Working with the Parent(s)/Guardian(s)/Families of Diverse & Exceptional Learners

Throughout the course, you should keep notes in a way that makes sense to you about key understandings around these four topics. You should also jot your thoughts about why these key understandings are important to your practice as a future educator of diverse and exceptional learners. These notes will be helpful to you when you begin to answer the specific questions for each of the four topics. These specific questions will be available to you on Blackboard at the beginning of the course.

Your answers to *each set of four questions for each of the 4 topics* is worth 25 points (25 x 4 = 100 points). **You will be graded holistically.** Specific criteria for evaluation and the questions for each topic will be shared in Blackboard in the under the “Assignment Resources” tab.

**Paper Specifics:** Create a title page for your work. Use 1” margins and *Times New Roman* 12-point font. Please use **single-spacing with double-spacing between each question and between major topics.** Include page numbers. Please **include the headings** for each of the 4 major topics in your paper. Be sure to **include each question in each section above your answer.**

**6. Field Experience & Reflection (100 points):**

This major assignment is based on observations you will conduct in your field placement site. A minimum of 15 hours of observations is required. At least one observation must be done in a fully inclusive classroom (e.g., with students receiving special education services and English learners). Other observations may include:

- classrooms that serve students with disabilities (e.g., classrooms for students with autism, classrooms for students with severe disabilities)
- an ESOL classroom (can be an EL class taught by ESOL teacher, a content class with MLs taught by general ed teacher, a co-taught classroom with ESOL and content teacher).

Make every effort to include an observation of a Professional Learning Community (PLC) or Collaborative Learning Team (CLT) meeting, a Special Education or IEP

meeting, a 504-screening meeting, or a 504 Plan meeting. You will write a reflection paper based on three of your observation experiences in your field site placement.

You will need to take careful, detailed notes during each observation that you can refer to as you write your paper. Of course, since you are spending 15 hours doing observations, you will complete more than three observations, but you will reflect on and write about three of the observation experiences. Again, one of these must be the observation in a fully inclusive classroom. See Blackboard for specific directions and the rubric for this paper. We will discuss this assignment in class.

We will do this as a class on January 24, but all students must complete the [Online Field Experience Registration Form](#) by February 1. Detailed information about the field experience process can be found at <https://education.gmu.edu/teacher-track-office/student-field-experience/>. Observations need to be done by the last 3 weeks of class.

You will write a reflection paper that makes connections between learning in EDUC 301 and the field placement. That means that you will need to take careful, detailed notes during your observations that you can refer to as you write your paper.

You will answer a set of questions for each of the three observation experiences. You will answer all questions in a clear, detailed way using academic-style language. You should write one or two well-written paragraphs for each of the questions. These questions will invite you to reflect thoughtfully on what you observe in the field placement and to anchor your thinking and assertions in your reflections to learning from EDUC 301, other education courses (if applicable), and any relevant experiences of your own in schools as a teacher education student and/or as a former PreK-12 student.

You are aiming to write thoughtful, reflective answers that demonstrate that you are thinking deeply about connections to what you have learned in EDUC 301. You are welcome to make relevant connections to other education courses and/or your own experiences, but you must make clear, well-explained connections to learning from EDUC 301.

Your answers to each set of questions for each of the 3 observations is worth 33.3 points (33.3 x 3 = 100 points). You will be graded holistically. Specific criteria for evaluation and the question sets for each video observation will be shared in Blackboard.

**Paper Specifics:** Create a title page for your work. Use 1" margins and Times New Roman 12-point font. Please use single-spacing with double-spacing between each question in each set and between observations. Include page numbers. Please include the observation dates, times, and location (e.g., classroom, meeting, etc). Be sure to include each question from each set of questions above your responses to each observation.

### **Other Requirements:**

## 1. Work Timeliness Expectations

All assignments must be submitted on the due date stated within the syllabus (see below) and should be submitted in the format indicated by the instructor in class.

### Late work policy:

It is expected that all class assignments will be submitted on time to the correct location.

**Late assignments will be deducted one point per day late.** (Example: Due date is Sunday by 11:59pm. It is turned in on Tuesday at 11:59pm will receive an automatic 2 point deduction, before grading for content.) All assignments must be submitted via Blackboard on the due date stated within the syllabus (see below) prior to class. If extraordinary circumstances prevent you from submitting your work in a timely manner, **it is your responsibility to contact the instructor as soon as possible after the circumstances occur and make arrangements to complete your work. It is up to the discretion of the instructor to approve the late/makeup work.** Assignments turned in late without prior communication will receive an automatic deduction of two points per day.

## 2. Paper Specifics

### APA Format

All written papers are expected to be double-spaced, with 1" margins, and in 12-point font (Times New Roman, Calibri, or Arial). APA format is expected. If you do not have a 7th Edition APA manual, the OWL at Purdue is an excellent resource.

<http://owl.english.purdue.edu/owl/resource/560/01/>

Please Note: The GMU Writing Center offers online support via email. They will provide feedback on your writing within one hour. Graduate and professional writing can be difficult; I encourage you to take advantage of this service.

[http://writingcenter.gmu.edu/?page\\_id=177](http://writingcenter.gmu.edu/?page_id=177)

*Note: I reserve the right to add, alter, or omit any assignment as necessary during the course of the semester. You will always receive advanced notice of any modifications.*

### **Attendance Policy**

Attendance is mandatory and required. Attendance is directly tied to the class participation grade or this course. If a class must be missed due to unavoidable extenuating circumstances, please communicate to the professor prior to the event or as soon as possible. Students without a serious, extenuating reason for missing a class will lose the participation points for that class session. Students who miss a class for any reason are responsible for obtaining pertinent notes/information/hand-outs from a classmate. The instructor may require make-up work for unavoidable absences. **Students with more than 2 unexcused class sessions will receive "one letter grade" deduction from the final grade in the course.** Absence from class to observe a religious holiday, to serve jury duty, to participate in required military service, and medical emergencies are exceptions to the above policy. If you anticipate being absent for any of these reasons, please make arrangements at least 48 hours in advance.

## GRADING POLICIES

The grading for this course is as follows:

### UNDERGRADUATE GRADING SCALE

Grade	Grading Scale	Interpretation
A+	97-100	<i>Represents mastery of the subject through effort beyond basic requirements</i>
A	93-96	
A-	90-92	
B+	87-89	<i>Reflects an understanding of and the ability to apply theories and principles at a basic level</i>
B	83-86	
B-	80-82	
C+	77 – 79	
C	73 – 76	
C-	70-72	<i>Denotes an unacceptable level of understanding and application of the basic elements of the course. Grade does not meet the minimum requirement for licensure courses.</i>
D	60-69	
F	<69	

It is expected that all class assignments will be submitted on time to the correct location on Blackboard. Therefore, late assignments will not receive full credit. Assignments turned in late will receive an automatic deduction of one point per day late, before grading for content. All assignments must be submitted on the due date stated within each weekly module on Blackboard and must be submitted in the format outlined by the instructor.

### Specific Assignments

### Point Values

Class Participation	140 points
Exit Tickets	70 points
Be a Teacher Presentation	50 points
Teacher Journal Article Response (25 each)	50 points
Professional Dialogue w. Future Teacher Self	100 points
Field Experience Reflection	100 points
	510 points

## PROFESSIONAL DISPOSITIONS

Students are expected to exhibit professional behaviors and dispositions at all times (see Elementary Education Program Handbook). See <https://cehd.gmu.edu/students/policies-procedures/>

### Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>.

## **GMU Policies and Resources for Students**

### *Policies*

- Students must adhere to the guidelines of the Mason Honor Code (see <https://catalog.gmu.edu/policies/honor-code-system/> ).
- Students must follow the university policy for Responsible Use of Computing (see <https://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <https://ds.gmu.edu/>).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

### *Campus Resources*
