College of Education and Human Development
Teaching Culturally & Linguistically Diverse and Exceptional Learners

EDCI 520 - Section 6F4 - Assessment for Language Learners

3 Credits – Spring 2024
Wednesdays/5 – 7:40 pm, Online – Bichronous
Jan. 17 to April 24, 2023

Faculty

Name: Lorraine Valdez Pierce, Ph.D.
Office Hours: Virtual office hours - by appointment
Email: LPIERCE@gmu.edu

Prerequisites/Corequisites

Required Prerequisites: EDCI 519 or 560 with a minimum grade of B- or [EDCI 519](#) or [560](#) may be taken concurrently.

University Catalog Course Description

Examines innovative approaches to assessing language learners. Topics include identification, placement, monitoring of student progress, development of authentic performance-based measures, design of portfolios, application of measurement concepts, analysis of assessment instruments, and linking assessment to instruction. Fieldwork hours are required.

Course Overview

EDCI 520 introduces teachers to basic principles and current, innovative approaches to assessment of language learners in ESL, bilingual education, world/foreign language, and grade-level classrooms in grades

PK-12, adult education, and university programs. The principles introduced in this course are also applicable to native speakers of English in general education classrooms.

Among the topics addressed in this course are: ensuring reliability and validity of inferences based on assessments; interpreting assessment results from a variety of sources in order to make instructional decisions; reviewing language proficiency tests; using language proficiency tests for making program placement decisions; designing and using formative, summative, and diagnostic classroom-based assessments; assessing language skills – listening, speaking, reading, and writing; scaffolding assessments in the content areas; developing scoring rubrics for performance-based assessments; engaging students in peer and self-assessment; writing multiple-choice test items; and becoming familiar with accommodations and accessibility features appropriate for language learners taking standardized tests. Students will have opportunities to critically examine commercial tests used in current practice and to develop their own.

This course is required for both ESL and World/Foreign Language teacher licensure as well as for meeting endorsement requirements for non-language teachers who are already licensed in other fields.

Course Delivery Method

This course will be delivered online (76% or more) using a *bichronous format* via the Blackboard Learning Management system (LMS) housed in the MyMason portal. You will log in to the Blackboard (Bb) course site using your Mason email name (everything before @gmu.edu) and email password. Blackboard will be available Jan. 10.

Please note: We'll be meeting live on Zoom beginning on Jan. 17 and then on alternating Wednesdays from 5 - 7:40 pm, so please make the necessary work/family/travel arrangements to attend.

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard's supported browsers see:
- https://help.blackboard.com/Learn/Student/Ultra/Getting_Started/Browser_Support
To get a list of supported operation systems on different devices see:
- https://help.blackboard.com/Blackboard_App/FAQs
- Students must **maintain consistent and reliable access to their Mason email and Blackboard**, as these are the official methods of communication for this course.

- Students may need a headset microphone for use with the Zoom or Blackboard Collaborate web conferencing tool.
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download:
 - Adobe Acrobat Reader: <https://get.adobe.com/reader/>
 - Windows Media Player: <https://support.microsoft.com/en-us/help/14209/get-windows-media-player>
 - Apple Quick Time Player: www.apple.com/quicktime/download/

Expectations

- Course Week:
Our course week will begin on Mondays.
- Log-in Frequency:
Students must **actively check the course Blackboard site and their Mason email** for communications from the instructor, class discussions, and/or access to course materials at least twice a week. In addition, students must log-in for all scheduled online synchronous meetings.
- Participation:
Students are expected to actively engage in all course activities throughout the semester, which includes viewing and reading all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- Technical Competence:
Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.
- Technical Issues:
Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- Workload:
Please be aware that this course is **not self-paced**. Students are expected to meet **specific deadlines** and **due dates** listed on the **Class Schedule** of this syllabus. It is each student's responsibility to keep track of the weekly course schedule of topics, readings, activities, and assignments due.
- Instructor Support:
Students may schedule a one-to-one meeting to discuss course requirements, content, or other course-related issues with the instructor via telephone or web conference. Students should email the instructor to schedule a one-to-one session, including their preferred meeting format and suggested dates/times.
- Netiquette: The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their

comments carefully before posting them, so that others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.

- **Accommodations:** Online learners who require effective accommodations to ensure accessibility must be registered with George Mason University Disability Services.

Learning Outcomes

This course is designed to enable teacher candidates to do the following:

1. *Apply assessment principles and terminology to assessment design;*
2. *Critically review language proficiency tests for assessment purpose, validity and reliability, and score interpretation;*
3. *Analyze and interpret results from a variety of assessment sources and use the information to plan instruction;*
4. *Develop standards-based, formative assessments;*
5. *Develop classroom-based assessments of both language and content;*
6. *Develop a variety of assessment formats, from multiple-choice tests to performance-based assessments, including technology-based assessments;*
7. *Provide scaffolding to assessments based on the language proficiency levels of the learners;*
8. *Demonstrate knowledge of accommodations, accessibility features, and administrative considerations for language learners taking state standardized tests.*

PROFESSIONAL STANDARDS

Upon completion of this course, students will have met the following professional standards:

Teachers of English to Speakers of Other Languages (TESOL) Standards

STANDARD 1: KNOWLEDGE ABOUT LANGUAGE. Candidates demonstrate knowledge of English language structures, English language use, second language acquisition and development, and language processes to help English language learners (ELLs) acquire academic language and literacies specific to various content areas.

STANDARD 4: ASSESSMENT AND EVALUATION. Candidates apply assessment principles to analyze and interpret multiple and varied assessments for ELLs, including classroom-based, standardized, and language proficiency assessments. Candidates understand how to analyze and interpret data to make informed decisions that promote English language and content learning. Candidates understand the importance of communicating results to other educators, ELLs, and ELLs' families.

American Council on the Teaching of Foreign Languages (ACTFL) Standards

STANDARD 4: INTEGRATION OF STANDARDS IN PLANNING AND INSTRUCTION. Candidates in foreign language teacher preparation programs understand and use the national *Standards for Foreign Language Learning in the 21st Century* (2006) or their recently refreshed version *World-Readiness Standards for Learning Languages* (2015) and their state standards to make instructional decisions. Candidates demonstrate an understanding of the standards and integrate them into their curriculum planning. They design instructional practices and classroom experiences that address these standards. Candidates use the principles embedded in the standards to select and integrate authentic materials and technology, as well as to adapt and create materials, to support communication in their classrooms.

STANDARD 5: ASSESSMENT OF LANGUAGES AND CULTURES – IMPACT ON STUDENT LEARNING. Candidates in foreign language teacher preparation programs design ongoing assessments using a variety of assessment models to show evidence of P-12 students' ability to communicate in the instructed language in interpretive, interpersonal, and presentational modes; and to express understanding of cultural and literary products, practices, and perspectives of the instructed language. Candidates reflect on results of assessments, adjust instruction, and communicate results to stakeholders.

International Society for Technology in Education (ISTE - Standards-T)

Standard 2 - Design and Develop Digital Age Learning Experiences and Assessments: Teachers design, develop, and evaluate authentic learning experiences and assessment incorporating contemporary tools and resources to maximize content learning in context and to develop the knowledge, skills, and attitudes, identified in the standards. [2a, 2b, 2c, 2d].

Standard 3 - Model Digital Age Work and Learning: Teachers exhibit knowledge, skills, and work processes representative of an innovative professional in a global and digital society. [3a, 3b, 3d].

InTASC Standards

Standard 1: Learner Development. The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

Standard 6: Assessment. The teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learning progress, and to guide the teacher's and learner's decision making.

Course Performance Evaluation

Students are expected to submit all assignments on time and in the manner outlined by the instructor on this syllabus and on Blackboard (Bbd).

Assignments

<i>Assignment Description</i>	<i>Due Date</i>	<i>Percent of Grade</i>
1. Discussion Board	Biweekly	20%
2. Field Experience – FERF Application/Email Confirmation or Full-Time Teaching Information	Wk. 2: Jan. 24	—
3. Quizzes	Wks. 5 & 15: Feb. 14 & Apr.24	10%
4. Language Proficiency Assessment Project	Wk. 7: Feb. 28	20%
5. Data Analysis Module	Wk. 11: Mar. 27	20%
6. Field Experience – Signed Log of Hours and Evaluation Form	Wk. 15: Apr. 24	—
7. Classroom-Based Assessment Project	Wk. 16: May 1	30%

Due Dates & Submitting Assignments to Blackboard

- **Language Proficiency Assessment Project, Data Analysis Module, and CBA Project** - Upload under *ASSESSMENTS* by 11:59 pm of the due date indicated on the class schedule. Upload final versions that are ready to be graded (rather than drafts for feedback).
- **Quizzes** are due before the start of the following class session; upload to *ASSIGNMENTS* on Bbd.
- **Discussion Board** postings are due as indicated on the Course Schedule and on Bbd.
- **Field Experience documents** – as indicated on this syllabus and on Blackboard.

Other Requirements

Attendance & Online Participation

Students are expected to participate in all live online sessions and asynchronous discussions. Not participating in an online discussion module or missing a live class session will be reflected as an absence. **Students with more than two absences will not receive credit for this course.** In case of an emergency or situation that interferes with your participation, please notify the instructor by email as soon as possible.

Please send the instructor an email explaining any planned absence prior to that absence or unplanned absence on the same day of class. It is your responsibility to obtain any materials distributed in any session you may have missed. Please plan to arrive to each class session on time and avoid repeated tardiness.

Active participation is expected of each candidate during each class session. You are expected to arrive to the session on time and contribute to the activities and discussions by critically analyzing issues, asking questions, or making observations that indicate your thorough preparation for the class. You are responsible for all assigned coursework and readings.

During online synchronous sessions, being completely attentive in the moment (100% attention), listening and taking notes during instructor and peer presentations, and participating in whole class and small group discussions are clear indicators of your active participation.

Submission Requirements

Written papers and presentation slides will be submitted to Blackboard by the specified deadline. Only Word documents and PowerPoint/Google slides (PDF files for scanned attachments) will be accepted for work generated by each candidate. Please do not submit papers as PDF files; however, you can include scanned documents as PDF attachments to your narratives. No cell phone or other photo images of required documents will be accepted. Upload course papers and other requirements to be graded to Blackboard under Assessments (rather than send by email).

Resubmission Policy: Course requirements (summative assessments) that have been graded and returned to you with the instructor's feedback will not be considered for re-submission for a higher grade. The Dean for Student & Academic Affairs strongly discourages this practice.

Naming Your Electronic Files

In this course, please name each electronic file submitted for feedback, for a score or for a grade using the following protocol:

YOUR LAST NAME_FIRST INITIAL_Abbreviated Assignment Title_mmddyy (*monthdayyear submitted*)

Zapata_R_LPA Proj_022824

LAPTOP/CELL PHONE POLICY

Laptop use in online courses is to be expected, but please limit their use to accessing live class sessions and Blackboard or Zoom. Please refrain from using laptops and cell phones to engage in non-class related tasks (such as checking email) during class discussions, lectures, interactive tasks, and guest or peer presentations – all of which require your full attention. Similarly, cell phone use is not allowed during instructor, guest, or peer presentations, and cell phones should be turned off or silenced (rather than on *Vibrate*) during live class sessions (unless they are being used for accessing the class session). Ask the instructor if you have an emergency request.

GUIDELINES FOR WORKING IN TEAMS

Students working on a team need to carefully plan each team member's role in the project. Each of you should take a lead role, but you should not proceed without getting feedback from your team members and informing them of your progress, consulting them for ideas, and so on. Taking a lead role means that you will be the person primarily responsible for a particular task; it does not mean that you will be working alone. In some cases, team members may decide to take two lead roles each. Each team member will be responsible for learning about all required categories of your selected test.

Late Work Policy

At the graduate level, all work is expected to be of high quality (***produced electronically as a Word document or slide file***) and submitted on the dates due. *Work submitted late may be reduced one letter grade for every day of delay.* When you face circumstances (e.g., illness) that prevent you from submitting your work in a timely manner, it is your responsibility to contact the instructor as soon as possible after the circumstances occur and make arrangements to complete your work. *It is at the discretion of each instructor to approve late/makeup work.*

Course Withdrawal with Dean Approval

For graduate and non-degree students, withdrawal after the last day for dropping a course requires approval by the student's academic dean and is permitted only for nonacademic reasons that prevent course completion (Mason catalog). *Students must contact an academic advisor in APTDIE to withdraw after the deadline.* There is no guarantee that such withdrawals will be approved.

Incomplete (IN) Grade

This grade may be given to students who are in good standing (*have already completed most course requirements with a grade of B or better*), but who may be unable to complete scheduled course work for a cause beyond reasonable control. The student must then complete all the requirements by the end of the

ninth week of the next semester, not including summer term, and the instructor must turn in the final grade by the end of the 9th week. Unless an explicit written extension is filed with the Registrar's Office by the faculty deadline, the grade of IN is changed by the registrar to an F (Mason catalog). Faculty may grant an incomplete with a contract stating a reasonable amount of time for completing the course at the discretion of the faculty member. The faculty member does not need to allow up to the following semester for the student to complete the course. A copy of the contract will be kept on file in the APTDIE office.

VIA SUBMISSION REQUIREMENTS

PERFORMANCE-BASED ASSESSMENT SUBMISSION REQUIREMENT

Every candidate registered for any *Teaching Culturally, Linguistically Diverse & Exceptional Learners* course with a required performance-based assessment (PBA) is required to submit this assessment [the CBA Project], the Fieldwork Log of Hours, and Evaluation Form to VIA through Blackboard (regardless of whether the student is taking the course as an elective, a one-time course or as part of an undergraduate minor). Evaluation of the performance-based assessment by the course instructor will also be completed in VIA through Blackboard. Failure to submit the assessment to VIA will result in the course instructor reporting the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required VIA submission, the IN will convert to an F nine weeks into the following semester.

Using VIA through Blackboard - To learn how to login and upload your work using VIA on Blackboard, please watch this [video](#) or review these [Powerpoint slides](#). Please email VIAhelp@gmu.edu with any questions or concerns.

FIELDWORK REQUIREMENT

Field Experience Record and Evaluation

The **field experience is a required component** of the teacher preparation program at George Mason University. All students will complete a minimum of 15 hours of field experience in this course. Documentation of your field experience is required as well as a signed statement from your field experience teacher(s) or supervisor(s). If you are taking more than one course in a semester, you must complete 15 hours for each course (e.g., two courses require 30 hours of field experience). This means you may be completing different tasks for different courses with the same teacher and students. Materials and products used for one course cannot also be used for another course (e.g., videos, lesson plans, activities, etc.)

***TCLDEL Fieldwork Log of Hours and Evaluation Form must be uploaded to VIA on Blackboard.** These forms are located on our course Blackboard site.

In-service Teachers and Instructional Assistants: Field experience can often be conducted in your own classroom if you have access to the population of students needed for the required performance-based assessment (*Classroom-Based Assessment Project*) and other assignments required for this course. Please consult your instructor about the

viability of using your classroom for conducting field work for this course. Please get the course instructor's approval before proceeding with field work in your own classroom. You will need both the instructor's and your building administrator's approvals, before you can begin to complete your hours. **The deadline to submit your field experience placement to your instructor is Week 2 of class. Failure to do so will result in an unsatisfactory grade for your fieldwork assignment.**

Pre-service Teachers: If you are not currently working in a K-12 school, or you are a substitute teacher in a K-12 school, you will need to be placed in an appropriate fieldwork setting to complete your required performance-based assessment (*Classroom-Based Assessment Project*) and fieldwork hours for this course. You must request a fieldwork site using the online Field Experience Request Form (FERF) available here: <https://cehd.gmu.edu/endorse/ferf>.

You will check the box indicating "I request to be placed by the Clinical Practice Coordinator for my field experiences" - this includes observations and/or case studies. If you are a site-based substitute or have a long-term substitute contract (placed in one classroom for multiple weeks), you will select "I will complete my field placement in my own classroom..." and then email the Clinical Practice Coordinator at fieldexp@gmu.edu to let them know you are a long-term sub or site-based sub. They will need to collect additional information from you.

Field experience for this course can be expected to take place over several or more weeks. Please distribute your time so that you spend at least two hours each week with the teacher and students in your school placement (see P. 19).

The deadline to submit your online field experience request is Week 2 of class, but we highly recommend you submit your FERF at the end of your first week of class once you know which of your courses require field experience hours. **Failure to submit a FERF request will result in an unsatisfactory grade for your fieldwork assignment.** You will be required to enter the course name/number and instructor for each of your courses that require field placement. You will only be eligible to submit one FERF request per semester.

Loudoun County Public School Instructional Assistants: Please contact the course instructor for guidance.

NOTE 1: If you are a foreign/world language candidate, you **MUST** complete all of your fieldwork in a foreign/world language classroom. **If you are assigned a FLES [elementary school] teacher, please request a different class setting where language learning is the primary objective and students receive foreign language credits.**

NOTE 2: *Failure to submit documentation of successful completion of your fieldwork by the deadline set by the course instructor will make you ineligible to register for future courses, be recommended for licensure, or receive a grade for this course.*

GRADING

George Mason University's course work is measured in terms of quantity and quality. A credit normally represents one hour per week of lecture or recitation or not fewer than two hours per week of laboratory work throughout a semester. The number of credits is a measure of quantity. The grade is a measure of quality. The university-wide system for grading graduate courses is as follows:

Grade	Grading 4-pt. Rubric	Grading 100-pt. Scale	Conversion to Mason Grade Points	Interpretation
A+	4.0	=100	4.00	Represents mastery of the subject through effort beyond basic requirements
A	3.85	94-99	4.00	
A-	3.7	90-93	3.67	
B+	3.5	85-89	3.33	Reflects an understanding of and the ability to apply theories and principles at a basic level
B	3.0	80-84	3.00	
C*	2.0	70-79	2.00	Denotes an unacceptable level of understanding and application of the basic elements of the course
F*	<2.0	<69	0.00	

Note: "C" is not satisfactory for a licensure course; "F" does not meet requirements of the School of Education. See the University Catalog for details: <http://catalog.gmu.edu/policies/academic/grading/>

Additional Note on Grading: Each instructor's grading policy is based on (a) a professional philosophy that reflects his/her training on assessment and evaluation and (b) prior experience teaching a course. Therefore, instructors should not be expected to assign grades the same way.

Professional Dispositions

See <https://cehd.gmu.edu/students/policies-procedures/> found on this website <https://cehd.gmu.edu/students/>.

Honor Code & Integrity of Work

Integrity of Work: TCLDEL students must adhere to the guidelines of the George Mason University Honor Code (<https://catalog.gmu.edu/policies/honor-code-system/>). The principle of academic integrity is taken very seriously and violations are treated as such.

Violations of the Honor Code include:

1. Copying a paper or part of a paper from another student (current or past);
2. Copying from another student on Discussion Board;
3. Reusing work that you have already submitted for another class (unless express permission has been granted by your current professor **before** you submit the work);
4. Copying the words of an author from a textbook or any printed source (including the Internet) or closely paraphrasing without providing a citation to credit the author. For examples of what should be cited, please refer to: <https://owl.english.purdue.edu/owl/resource/589/02/>
5. Using AI text generator software such as ChatGPT to write any papers or projects in this course.

You are not allowed to “reuse” fieldwork hours. Each school placement must include 15 documented hours that are dedicated **solely to applying the principles for each course that you are taking**. While you may be at a single school site with one or more teachers, the 15 hours must be multiplied by the number of courses you are taking that require field hours.

Schedule of Readings & Assignments

Please **come prepared to discuss the assigned readings during the week in which they appear.** Readings and materials not found in textbooks are available on Blackboard. *OPT* indicates **optional readings**.

Module & Date	Topics	Readings/ Assignments/Assessments
1 Wed. Jan. 17 Live Zoom Session	Course Overview <ul style="list-style-type: none"> • Introductions • Textbooks & readings on Bbd • Required course projects • Traditional & alternative assmt • <i>Overview of Lang. Proficiency Assmt Project</i> 	<i>Forming LPA Teams</i> <i>Bbd - Course overview slides, Qs on traditional vs. alternative assmt., LPA Project Directions</i>
2 Jan. 24	Types of Assessments <ul style="list-style-type: none"> • Various types and purposes of assessment • Standards-based assessment • Formative & summative assmt • Performance-based assessment • Ethics of teaching to the test • <i>Overview of Data Analysis Module</i> 	<i>Brown & Abeywickrama (B & A), Chs. 1 & 4 (pp. 102 - 108)</i> <i>Bbd - Qs on assmt. types, state standards, & video tutorial, CBA Project Directions</i> <i>[OPTIONAL: Tech tip video]</i> <i>Finalize LPA teams</i> <i>Discussion Bd – LPA Teams, BYOR</i> Field Placement Registration Due Today
3 Jan. 31 Live Zoom Session	Assessment Principles <ul style="list-style-type: none"> • Validity & Reliability • Practicality, Authenticity, Washback • <i>Overview of Classroom-Based Assmt Project</i> 	<i>B & A, Ch. 2</i> <i>Bbd - Pierce - Definitions of validity & reliability (5 p), glossary & review Qs, [OPT: Video tutorial]</i>

(4 p), Choice of readings and video tutorials on formative assmt. & grouping students</i> <i>[OPT: Video tech tip]</i>
10 Mar. 20	Designing Scoring Rubrics <ul style="list-style-type: none"> • Different types of rubrics • Misconceptions about rubrics • Language of rubrics 	<i>Brookhart, Chs. 1 -3</i> <i>Bbd - Case Study #2, rubric exercise, sample rubrics, useful terms for rubrics, video tutorial</i> <i>[OPT: Additional video tutorials]</i> Discussion Bd – CBA Outline, Part 2 Submit CBA Outline & Scoring Tools/Rubrics to Instructor for Formative Feedback
11 Mar. 27 School Holiday NO CLASS	Assessing Listening & Speaking <ul style="list-style-type: none"> • Different types of listening & speaking assessment tasks • Language functions 	<i>B & A, Chs. 6 & 7</i> <i>Bbd - Isbell & Winke - ACTFL OPIc (9 p), 3 video tutorials, PBAs for lang. functions, using pic-cued descriptions, Fresh Start Interview directions & sample video</i> <i>[OPT: Classroom activities for listening & speaking, Learning progressions]</i> Due today: Data Analysis Module
12 April 3 Live Zoom Session	Assessing Writing <ul style="list-style-type: none"> • Writing progressions • Different types of writing assmt. tasks • Feedback, self-assessment, portfolios 	<i>1) B & A, Ch. 9 & Ch. 12 (pp. 313 - 325)</i> <i>2) Brookhart, Ch. 10 & Appendix B</i> <i>Bbd - 5 writing assmt. exercises with Qs, using anchor papers, self-assmt., video tutorials</i> <i>[OPT: Videos on alternative assmt. & tech tips for online writing assmt. and e-Portfolios]</i> Discussion Bd – CBA Rubric Draft

13 April 10 Live Zoom Session	Assessing Reading <ul style="list-style-type: none"> Different types of reading assmt. tasks Multiple-choice tests Informal reading inventories, cloze tests, short answer, summarizing, notetaking 	<i>B & A, Ch. 3 (pp. 72-83) & Ch. 8</i> <i>Bbd - 3 Types of Reading Comprehension Qs (4 p), practice writing multiple-choice items and cloze test, video tutorials [OPT: Reading inventory & readability formula resources, Case Study #3]</i>
14 April 17	Accommodations & Accessibility <ul style="list-style-type: none"> Standardized testing Classroom instruction Accommodations Accessibility modifications 	<i>Bbd - Shafer Wilner - Accomms/ Access (8 p), WIDA - Accessibility & accommodations, pages 3-16, Accomms. & Accessibility Case Study, VA DOE Regs & Guidelines, pages 2 - 18, video tutorials</i> Discussion Bd – CBA Final Feedback
15 April 24 LAST CLASS Live Zoom Session	Finalizing the Classroom-Based Assessment (CBA) Project. Test-taking strategies. SET Forms.	<i>Bbd - Guidelines for analyzing CBA results, FairTest on NRT & standardized tests (1 p), Test-taking strategies, Student Evaluation Forms.</i> Take Quiz #2: Accommodations & Accessibility Due Today: Field Exp. Log of Hours & Evaluation
15 Sat. Apr. 27	Optional Q & A/ Live Zoom Feedback Session	
16 Wed. May 1	No class	Due Wed., May 1: CBA Project
<i>This schedule is a road map, but we may experience some detours and workarounds, so be sure to look for weekly Announcements on Blackboard and emails with updates on due dates, weekly modules, a preview of the coming week, and plans for upcoming projects.</i>		

Note: Faculty reserve the right to alter the schedule as necessary, with notification to students. Readings and materials that are not in the course textbooks can be found on Blackboard.

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>.

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see <https://catalog.gmu.edu/policies/honor-code-system/>).
- Students must follow the university policy for Responsible Use of Computing (see <https://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).

- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <https://ds.gmu.edu/>).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to VIA should be directed to viahelp@gmu.edu or <https://cehd.gmu.edu/aero/assessments>.
- Questions or concerns regarding use of Blackboard should be directed to <https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/>.
- For information on student support resources on campus, see <https://ctfe.gmu.edu/teaching/student-support-resources-on-campus>

Notice of mandatory reporting of sexual assault, sexual harassment, interpersonal violence, and stalking:

As a faculty member, I am designated as a “Non-Confidential Employee,” and must report all disclosures of sexual assault, sexual harassment, interpersonal violence, and stalking to Mason’s Title IX Coordinator per [University Policy 1202](#). If you wish to speak with someone confidentially, please contact one of Mason’s confidential resources, such as [Student Support and Advocacy Center](#) (SSAC) at 703-380-1434 or [Counseling and Psychological Services](#) (CAPS) at 703-993-2380. You may also seek assistance or support measures from Mason’s Title IX Coordinator by calling 703-993-8730, or emailing titleix@gmu.edu.

For additional information on the College of Education and Human Development, please visit our website <https://cehd.gmu.edu/students/>.

COURSE REQUIREMENTS

1) DISCUSSION BOARD

Discussion Board (DBd) will be an important part of your learning in this online course. In biweekly postings, you'll join your classmates in building connections through individual feedback and collaboration. You'll be responsible for responding to the instructor's questions, as well as providing critical and constructive peer feedback. Small discussion groups may be assigned and rotated as your plans for your final course project, the Classroom-Based Assessment (CBA) Project become finalized. Since each of you will be sharing drafts of outlines, materials, and rubrics for your CBA project and waiting for feedback from others, **it is extremely important** that you respond to others by the deadlines stated on DBd.

Please make sure your interactions with others are honest and helpful, supportive without being unkind or personally offensive. You'll be given specific questions to respond to and a deadline by which to provide your feedback to others. You'll also complete assignments on DBd based on assigned readings and formative feedback on your own work. Be sure to check for and respond to multiple questions or prompts on DBd. Discussion Board will be scored based on the number of assignments completed by each due date.

2) FIELD EXPERIENCE – FERF Application/Email Confirmation or Full-Time Teaching Information

You'll upload evidence of your role in the classroom either as a full-time teacher (a signed statement by your school principal – see form on Bbd under *Assessments*) or if as a preservice teacher (email confirmation stating that you have applied for a field experience in local schools).

NOTE: Preservice teachers: If you have a full-time job outside of a school setting, you will need to arrange your time so that you distribute the 15+ hours across several or more weeks, such as 2 – 3 hours each week. An important part of your field experience in this course is getting to know the teacher and the learning needs of the students so that you can design and actually administer two assessments to these students with the approval of the teacher. Because assessment design takes time, you will want to allow time for formative feedback from both the teacher and the instructor of this course while working around school schedules. Teachers may experience many schedule disruptions due to testing days, school activities, holidays, other school closings, and student absences. If you intend on spending two eight-hour days in a school with the teacher and students, you won't have the time needed to draft your CBA project, obtain the course instructor's formative feedback, and revise your draft materials. Please consult the course instructor with questions on how to get the most beneficial field experience for your project.

3) QUIZZES

You'll check your understanding of key concepts presented in the readings by taking at least 2 multiple-choice quizzes. These quizzes will be scored for completion rather than assigned an individual grade. You can retake each quiz multiple times but must attain a minimum score of 80% on each one.

4) LANGUAGE PROFICIENCY ASSESSMENT PROJECT

You will work with a partner to review and critique language proficiency tests used to determine placement in ESOL and world language programs. As part of this review, team members will report on how test results are used for identification, program placement, and reclassification in a local school district that uses the test. Each team will make a presentation on a different subcomponent and grade level of WIDA,

ACTFL, or another language proficiency test (with instructor approval) and evaluate it using assessment principles, including validity, reliability, and practicality. Each team member will be responsible for learning about all aspects of the test under review and demonstrating understanding through this presentation. Equal participation through teamwork will be documented with a team participation log. Each team member will earn an individual score.

5) DATA ANALYSIS MODULE

Have you heard of data-driven decision making? Data analysis or knowing how to analyze and interpret student assessment results from a variety of sources is critical to teaching and learning. This analysis entails using information on student progress to identify learning gaps and make instructional decisions for moving forward. You will be provided with case studies and asked to analyze and interpret assessment data in order to render a decision on what a teacher needs to do next in instruction based on the data.

6) FIELD EXPERIENCE – Signed Log of Hours & Evaluation Form

You will upload to Bbd a signed Log of Hours & Evaluation Form as evidence of having conducted at least 15 hours of field experience in a local school. **By the last day of class**, the Field Experience Log/Evaluation Form signed by the teacher (or for full-time teachers, a supervisor) should be uploaded to Blackboard as a scanned PDF file (no photos of documents from cell phones or other devices will be accepted)

7) CLASSROOM-BASED ASSESSMENT PROJECT (CBA)

In this accreditation- and program-required performance-based assessment (PBA), you'll use theoretical knowledge on assessment principles and practical knowledge on assessment design gained in this course to develop and administer at least two assessments for students in a language learning setting. You will need to identify a learning need of a group of ESL/FL students (using your own classroom or working in that of a cooperating teacher) and describe the grade and language proficiency levels and the content to be assessed.

You will generate two separate and distinct assessments (rather than combined into one), one language-based and one content-based assessment to evaluate a learning need identified jointly with the teacher. At least one of the assessments must be performance-based and the other a constructed response assessment. You will provide scaffolding for the assessments appropriate to the language learners' age and language proficiency levels. With growing dependence on online learning, candidates are encouraged, but not required, to integrate technology into their assessments.

You will (a) describe and justify your assessment designs; (b) administer each assessment to at least two students, (c) defend the validity and reliability of inferences made based on assessment data, (d) suggest next steps for instruction based on your assessment results, and (e) describe how you would improve each assessment task and scoring tool based on this experience. The instructor will allow submission of the CBA in two-part drafts – language and content assessments separately, and provide feedback for improving each part before they are administered to students and submitted for a grade. This process is called *formative feedback*. The CBA Project should be uploaded to Bbd under *Assessments* as a Word document.

EDCI 520 – Analytic Scoring Rubric for Classroom-Based Assessment Project - Spring 2024

Score Points	Does Not Meet	<i>Approaching</i>	Meets Standards	Exceeds Standards
Domain	1	2	3	4
<p>Design & Administration <i>(TESOL Standard 4b)</i> <i>(ACTFL Standards 4b & 5a)</i></p>	<p>Does not administer assessment tools and does not adapt criterion-referenced, performance-based assessment tools.</p> <p>Uses language that is vague and subjective and does not differentiate one level from another.</p>	<p>Adapts and administers assessments based on either language or content objectives but these are not performance-based or based on state standards and contain inaccuracies. May use language that is vague and/or subjective or does not effectively differentiate between one level and another.</p>	<p>Makes adaptations or designs and administers criterion-referenced, performance-based assessments based on language and content objectives but may contain inaccuracies or incomplete information on one or more assessment tools, refer to general standards OR use descriptive language with vague or subjective terms, and these may not clearly differentiate between one level and another.</p>	<p>Effectively adapts or designs and administers the required variety of tasks and criterion-referenced, performance-based assessments of both language and content based on specific state standards and classroom instruction and matches scoring criteria to learning objectives.</p> <p>Uses descriptive (objective), precise and measurable terms in each scoring tool that clearly differentiate between one level of performance and another.</p>
<p>Justification <i>(TESOL Standard 4b)</i> <i>(ACTFL Standards 4b & 5a)</i></p>	<p>Does not provide a rationale or justification for assessment tools and does not match tasks/tools to purpose.</p>	<p>Provides few details in rationale, little justification for adapting each assessment tool, needs extensive elaboration and may not match assessments to purpose.</p>	<p>Provides an accurate defense for using some tools but not for others, does not match assessments to purpose, or needs elaboration.</p>	<p>Provides accurate and specific reasons to defend choice of each assessment tool format and structure, making each appropriate to the target group and assessment purpose.</p>

<p>Scaffolding</p> <p><i>(TESOL Standard 4b)</i> <i>(ACTFL Standard 3b)</i></p>	<p>Uses little appropriate scaffolding.</p>	<p>Does not use a variety of scaffolding approaches and/or uses scaffolding that does not match the proficiency level of the target students.</p>	<p>Uses a variety of scaffolding approaches, but does not provide scaffolding for some assessment tools, or scaffolding does not match the proficiency level of the target students.</p>	<p>Uses a variety of scaffolding approaches for each assessment task and tool, and these match the language proficiency level of target students and enable them to show what they know.</p>
<p>Validity & Reliability</p> <p><i>(TESOL Standard 4a)</i> <i>(ACTFL Standard 5a)</i></p>	<p>Does not discuss various types of validity and reliability for each assessment task and tool.</p>	<p>Addresses issues of validity or reliability with major inaccuracies or incompletely.</p>	<p>Addresses issues of validity or reliability with minor inaccuracies and/or omissions.</p>	<p>Accurately and thoroughly explains how design of each assessment tool ensures construct, content, and consequential validity and intra-rater reliability.</p>
<p>Analysis of Teaching Impact & Design</p> <p><i>(TESOL Standard 4a)</i> <i>(ACTFL Standard 5b)</i></p>	<p>Analyzes results only briefly and with numerous inaccuracies. Fails to propose revisions to assessment tools.</p>	<p>Only briefly describes results and needs elaboration or arrives at conclusions and recommendations without evidence from test results, and/or analyzes results inaccurately or incompletely, with little discussion of teaching implications. May omit student samples.</p>	<p>Analyzes test results or effectiveness of implementation with some inaccuracies, incompletely, may need elaboration on points made, or proposes revisions that are unlikely to improve the assessment tools, and may have some inaccuracies in teaching implications. May omit student samples.</p>	<p>Accurately analyzes test results on each assessment tool, effectiveness of implementation, strengths and weaknesses of assessments, and proposes and justifies revisions and teaching implications that will improve the assessment tools and promote student learning. Includes samples of student work.</p>
