

**College of Education and Human Development
Division of Special Education and disAbility Research**

Summer 2024

EDSE 662: Consultation and Collaboration

Section: 681; CRN: 43558

3 – Credits

Instructor: Dr. Heather Walter	Meeting Dates: 5/14/24 – 7/16/24
Link for Zoom:	Instructional Method: Mix of online synchronous and asynchronous online instruction. The synchronous online video meetings will be supplemented by asynchronous online coursework.
E-Mail: hwalter2@gmu.edu	Meeting Day& Time: Synchronous online video meetings: Tuesdays; 5 pm - 7:30 pm
Office Hours: Finely 206	Meeting Location: N/A; Online

Note: This syllabus may change according to class needs. Teacher Candidates/Students will be advised of any changes immediately through George Mason e-mail and/or through Blackboard.

Prerequisite(s):

Teaching licensure, or enrollment in graduate degree program in education.

Co-requisite(s):

None

Course Description

Provides professionals in special education, regular education, and related fields with knowledge and communication skills necessary for collaborative consultation and technical assistance to other educators and service providers.

Advising Contact Information

Please make sure that you are being advised on a regular basis as to your status and progress in your program. Students in Special Education and Assistive Technology programs can contact the Special Education Advising Office at 703-993-3670 or speced@gmu.edu for assistance. All other students should refer to their assigned program advisor or the Mason Care Network (703-993-2470).

Advising Tip

Did you know that to receive your teaching license you need to submit your request to VDOE? Depending on your situation, you can either submit your paperwork to VDOE through your county HR office or through GMU. For instructions, visit <http://cehd.gmu.edu/teacher/instructions>.

Course Delivery Method

Learning activities include the following:

1. Class lecture and discussion
2. Application activities
3. Small group activities and assignments
4. Video and other media supports
5. Research and presentation activities
6. Electronic supplements and activities via Blackboard

This course will be delivered online (76% or more) using synchronous and/or asynchronous instruction via the Blackboard Learning Management system (LMS) housed in the MyMason portal. You will log in to the Blackboard (Bb) course site using your Mason email name (everything before @masonlive.gmu.edu) and email password. The course site will be available on May 14th 2024

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

Technical Requirements

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard's supported browsers see: [Browser support \(https://help.blackboard.com/Learn/Student/Ultra/Getting_Started/Browser_Support\)](https://help.blackboard.com/Learn/Student/Ultra/Getting_Started/Browser_Support)
- Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.

- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download:
 - [Adobe Acrobat Reader](https://get.adobe.com/reader/): <https://get.adobe.com/reader/>
 - [Windows Media Player](https://support.microsoft.com/en-us/help/14209/get-windows-media-player): <https://support.microsoft.com/en-us/help/14209/get-windows-media-player>
 - [Apple Quick Time Player](http://www.apple.com/quicktime/download/): www.apple.com/quicktime/download/

Expectations

- **Course Week:**
Because asynchronous courses do not have a “fixed” meeting day, our week will start on [Tuesday], and finish on [Monday]. Our course week will begin on the day that our synchronous meetings take place as indicated on the Schedule of Classes.
- **Log-in Frequency:**
Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least [2#] times per week. In addition, students must log-in for all scheduled online synchronous meetings.
- **Participation:**
Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- **Technical Competence:**
Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.
- **Technical Issues:**
Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- **Workload:**
Please be aware that this course is not self-paced. Students are expected to meet *specific deadlines* and *due dates* listed in the Class Schedule section of this syllabus. It is the student’s responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
- **Instructor Support:**
Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Those unable to come to a Mason campus can meet with the instructor via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.
- **Netiquette:**

The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.

- Accommodations:
Online learners who require effective accommodations to ensure accessibility must be registered with George Mason University Disability Service.

Learner Outcomes

Upon completion of this course, teacher candidates/students will be able to:

1. Define collaboration, consultation, and teamwork and explain the essential characteristics of each;
2. Identify variables that may facilitate or constrain participation in collaboration, consultation, or teamwork settings;
3. Demonstrate communication skills of listening, avoiding communication roadblocks, dealing with resistance, being appropriately assertive, and resolving conflicts;
4. Apply problem-solving techniques in collaborating with professional colleagues, parents, and related and ancillary personnel to provide for students' learning and behavioral needs;
5. Develop self-assessment techniques for improving consultative and collaboration skills.
6. Plan activities that implement effective consultation and collaboration techniques.
7. Develop an Individualized Education Plan.

Professional Standards

(Council for Exceptional Children [CEC] and the Interstate Teacher Assessment and Support Consortium [InTASC]). Upon completion of this course, students will have met the following professional standards: CEC Standard 1: Learner Development and Individual Learning Differences (InTASC 1,2); CEC Standard 3: Curricular content knowledge (InTASC 4,5); CEC Standard 5: Instructional planning and strategies (InTASC 7,8); CEC Standard 6: Professional learning and ethical practice (InTASC 9) & CEC Standard 7: Collaboration (InTASC 10).

Evidence-Based Practices

This course will incorporate the evidence-based practices (EBPs) relevant to communication, collaboration, and consultation. Evidence for the selected research-based practices is informed by meta-analysis, literature reviews/synthesis, the technical assistance networks which provide web-based resources, and the national organizations whose mission is to support students with disabilities. We address both promising and emerging practices in the field of special education. This course will provide opportunities for teacher candidates/students to take an active, decision-making role to thoughtfully select, modify, apply, and evaluate EBPs in order to improve outcomes for students with disabilities.

Required Texts

Students should not purchase texts on Amazon since access to the content cannot be guaranteed.

Friend, M. (2021). *Interactions: Collaboration skills for school professionals* (9th ed). Pearson. ISBN: 9780135752388

Recommended Texts

American Psychological Association. (2020). *Publication manual of the American Psychological Association* (7th ed.). <https://doi.org/10.1037/0000165-000>

Required Resources

Charged Laptop or other smart device strongly encouraged for face-to-face class!

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, VIA, hard copy).

VIA Performance-Based Assessment Submission Requirement

It is critical for the special education program to collect data on how our students are meeting accreditation standards. Every teacher candidate/student registered for an EDSE course with a required Performance-based Assessment (PBA) is required to upload the PBA to VIA/SLL (regardless of whether a course is an elective, a one-time course or part of an undergraduate minor). A PBA is a specific assignment, presentation, or project that best demonstrates one or more CEC, InTASC or other standard connected to the course. A PBA is evaluated in two ways. The first is for a grade, based on the instructor's grading rubric. The second is for program accreditation purposes. Your instructor will provide directions as to how to upload the PBA to VIA/SLL.

For EDSE 662, the required PBA is Individualized Education Program Project. Please check to verify your ability to upload to VIA/SLL before the PBA due date.

Assignments and/or Examinations

Performance-based Assessment (VIA submission required)

Please see Blackboard. In the Individualized Education Program assignment/project. EDSE 662 candidates will demonstrate:

- Their abilities to develop the critical components of an Individualized Education Program (IEP) for a student with a mild to moderate exceptional learning need and
- Understanding of how these components come together to build a framework for the K-12 student subject’s educational program.

This project is introduced in the section below, “Major Learning Activities”. The full project description and accompanying supporting materials, including the project assessment rubric, are posted on the course Blackboard site (Assignments → Individualized Education Program Project

College Wide Common Assessment

Please see Blackboard. The EDSE 662 common assignment is the Group Professional Development Presentation. You will conduct a half-hour professional development presentation on a topic of choice to be confirmed by the instructor beforehand.

(VIA submission required)

The common assessment for EDSE 663 is a group professional development presentation.

Other Assignments

Code of Ethics

See Blackboard for Rubric:

You will identify and develop a minimum of 10 professional ethics that you will strive to honor and abide by as you work in the field of special education and that represent your core values and beliefs about stakeholders, practices, and non-negotiables.

Assignment Discussion Board /class participation

- ***America to Me Assignment: This is a one-hour supplemental assignment for each week.**

See Blackboard for Rubric:

Each week you are responsible for watching one or more episodes of America to Me and writing a Discussion Board response that focuses on what you observed about consultation, collaboration, and teamwork amongst and within various stakeholders in a school: students, families, teachers, administrators, and district leaders. Available for rental for \$12.99 through Amazon Prime, STARZ, Hulu and other streaming sites. If you cannot do this, I will assign you articles to read and summarize instead.

Assignment Summary

EDSE 662: Students Self-Manage for Calculating Course Grade Based on Points Earned on Performance-Based Summative Evaluations			
Assignment	Due Date	Points Earned	Total points available
Attendance and Participation (this includes the America to Me discussion boards)			20
IEP Project			40

Code of Ethics			20
Professional Development Presentation			20
TOTAL			100

Student Evaluations of Teaching:

The student evaluation of teaching, or SET, is an online course survey. You are strongly encouraged to complete this form for each course as this feedback helps instructors and administrators improve your class experiences. Towards the end of the course, you will receive email and Blackboard notifications when the evaluations open. Your anonymous and confidential feedback is only shared with instructors after final grades have been submitted. More information about the SET can be found on The Institute of Effectiveness and Planning website at <https://oiep.gmu.edu/set/>

Course Policies and Expectations

Attendance/Participation

Students are expected to attend ALL class sessions during the course. As adult learners, you make personal decisions about enacting professional responsibilities, including those as a student. You may only miss one class. A second missed class will result in a 15-point deduction from your final grade. A third absence means you will receive an F in the course.

- Students are expected to attend **all** in-person meetings; access to in-person meetings will not be provided via Zoom.
- **Attendance, timeliness, and professionally relevant, respectful and active participation are expected.**
- **Synchronous meeting times:** Students are expected to log in on time for their assigned synchronous times each week, be visible, participate, and stay for the duration of this time.

Communication

- The best way to contact me is through email: hwalter2@gmu.edu. I will check email at least once a day on weekdays. I will respond to emails within 24-48 hours, if not sooner, on weekdays. If you write an email to me on a weekend, please be prepared for me to send you an email during the weekday, unless it is an extenuating circumstance, so plan ahead!
- Please note that your GMU email address and the instructor's GMU email address are the only email addresses that will be used for communication in this course. Student email is accessed at <http://masonlive.gmu.edu>. All communications are sent to students via their Mason email accounts, and students are held responsible for this information.

Specific Expectations for Students Participating Using Web Conferencing (Zoom)

- **Zoom Access:** Links for synchronous class sessions will be provided on the syllabus, as well as the course Blackboard site. Students are afforded a Zoom account through GMU
- **Web conferencing requirements:**
 - You must have a working web camera and microphone

- Use your real name to sign in—no aliases, please.
- Mute your microphone when not speaking.
- Your camera output must remain live to document your attendance during class. Please don't freeze your camera.
 - *You are welcome to blur your background or use a virtual background to protect your privacy if you prefer. Please contact your instructor if you need help using these options in Zoom. See Zoom link on the main Bb menu for your course.*
- Web conferencing decorum: Remember that while you are participating in the class via web conferencing, you are visible to the entire class and must maintain an appropriate professional demeanor. This includes preventing auditory and visual interruptions from your site, dressing professionally, and managing the area from which you broadcast, including setting up an appropriate neutral backdrop and adequate lighting.
- Technical problems: Avoid problems: Test your system several days before the first class. Zoom requires a high bandwidth connection. Students attending at home should advise others in the home they may not use the Internet for online games, movies, etc. during class time. Avoid public Wi-Fi; the bandwidth is shared, and you may experience dropout or shutdown. Test your system before the first class.
 - The professor cannot help you with the technical side of web conferencing--signing on, problems with the interface, etc. You should have become familiar with Zoom before class begins and tested your system. As a web conferencing participant, you alone are responsible for the equipment that you use to join the class.
 - Students who experience technical problems with their courses must contact the CEHD Office of Technology Support at (703) 993-5654 or cehdtech@gmu.edu. Contact Tech Support as soon as you have determined you cannot correct your connection problem.
 - If you have problems with your home computer that prevent you from web conferencing, it is your responsibility to locate another computer or temporarily join the class at the site nearest you as quickly as possible to avoid missing classes and losing points.
- Attendance: If you are registered into a web conferencing section, please make sure that you check in with the professor at the beginning of each class period and check out at the end to be credited for attendance in this class. Web conferencing in the special education program requires synchronous attendance (you must be viewing the class at the time it is meeting). If you can't attend synchronously, please drop the class. *Participant login frequency and duration is tracked in Zoom.*
- Asking questions: Please use the hand raise icon to ask questions in online class meetings. The professor will answer as many questions in class as possible. All students should email the professor with any questions that cannot be answered in class or are private in nature.

Late Work

All assignments are due posted to Blackboard by 5:00 PM on the dates listed in the course syllabus unless otherwise specified.

****Late or incorrectly turned in/uploaded assignments will be graded at the convenience of the instructor and you may not be provided timely feedback.**

Ten percent of the available points for the assignment will be deducted each day for late submissions during the first week after the due date. After one week from the due date, assignments will not be accepted. Thus, an assignment that is three days late is able to obtain only 70% of the points for the assignment regardless of the quality of the work.

After one week, the assignment will no longer be accepted and a score of zero will be entered into the grade book for the assignment. If you are having difficulty with an assignment, please contact the instructor as soon as possible.

Submitting an assignment late does not alter the due dates of the other assignments and prevents timely feedback that may be of value in later assignments. Strive to keep up with the assignment schedule.

Other Requirements

Grading

This is an important part of this class due to the compact schedule. Class attendance and participation is demonstrated by being available to learn and participating in class discussions/activities throughout the semester.

Please display digital etiquette during class sessions. If you are unable to make any class session during the semester, please contact the instructor by phone or through GMU e-mail before the class session where you will be absent/arrive late/leave early. You may miss only one class. If you miss a second, 8 points will be deducted off your final grade. Repeated tardiness (more than 1 hour cumulative) counts as a class absence.

Grading Scale

100 – 95	A
90 – 94	A-
89 – 86	B+
85 – 80	B
79 - 77	B-
76 – 73	C
< 73	F

***Note:** The George Mason University Honor Code will be strictly enforced. See [Academic Integrity Site](https://oai.gmu.edu/) (<https://oai.gmu.edu/>) and [Honor Code and System](https://catalog.gmu.edu/policies/honor-code-system/) (<https://catalog.gmu.edu/policies/honor-code-system/>). Students are responsible for reading and understanding the Code. “To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.” Work submitted must be your own new, original work for this course or with proper citations.

Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times. See [Policies and Procedures \(https://cehd.gmu.edu/students/policies-procedures/\)](https://cehd.gmu.edu/students/policies-procedures/). Students are expected to exhibit professional behaviors and dispositions at all times. See Policies and Procedures (<https://cehd.gmu.edu/students/policies-procedures/>). Professional dispositions are an essential function of a special educator's job, indicating that these dispositions are critical to develop and assess in special education licensure programs. In the College of Education and Human Development, dispositions are formally and separately evaluated in at least three points in each student's program – a self-evaluation at the start of their program, a self-evaluation at the mid-point of their program, and a university supervisor's evaluation during internship. In special education graduate licensure programs, the initial self-evaluation is completed in a designated course (EDSE 501), the mid-point self-evaluation is completed in designated courses (EDSE 627, EDSE 661, and EDSE 616), and the internship evaluation is completed by instructors in EDSE 783, EDSE 784, and EDSE 785. In addition to these three designated evaluation times, instructors may complete instructor-rated disposition assessments other times throughout the program. When dispositions are assessed, it is important that for areas where a positive disposition is rated as “not proficient,” the student takes steps to grow as an educator.

Class Schedule

*Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.

Class Session	Topic/Learning Experiences	Do This: Readings (complete <i>after</i> this session) and Assignments (to be turned in <i>on or before</i> this session)
1 5/14 online synchronous 2.5 hours + 1.5 asynchronous	Group Dynamics and definitions of Consultation, Collaboration, and Teamwork	Friend and Cook Chapters 1, 2, and 3
2 5/21 online synchronous 2.5 hours + 1.5 asynchronous	Collaborative Work Styles in Action Ethics, Managing Conflict	Friend and Cook Chapters 3 and 4 <i>Episodes 1-3 of America to Me and Discussion Board 1 due 9/20</i>
3 5/28 online synchronous 2.5 hours + 1.5 asynchronous	Collaborating with School Professionals, Families, and Students	Ethics Paper Due Friend and Cook Chapters 9, 10, 11 <i>Discussion Board: America to Me 4</i>
4 6/4 online synchronous 2.5 hours + 1.5 asynchronous	IEP Process: Perils, Pitfalls, and Best Practices	Friend and Cook Chapters 7 and 8 <i>Discussion Board: America to Me 5</i>
5 6/11 online synchronous 2.5 hours + 1.5 asynchronous	Writing PLAAFPs, Goals, and Benchmarks/Objectives	Gibb and Dyches: Whole Book <i>Discussion Board: America to Me 6</i>
6 6/18 online synchronous 2.5 hours + 1.5 asynchronous	Writing Goals/Benchmarks/Objectives	Friend and Cook Chapters 5 and 9 <i>Discussion Board: America to Me 7</i> Collaborative IEP assignment submitted to VIA after this class session

7 6/25 online synchronous 2.5 hours + 1.5 asynchronous	Consultation and Coteaching	Friend and Cook Chapters 12 and 6 Discussion Board: America to Me 8
8 7/2 Online Asynchronous 4 hours	Collaborative IEPs: SDI, Documenting Progress, and Data Collection	Discussion Board: America to Me 9
9 7/9 online synchronous 2.5 hours + 1.5 asynchronous	IEP Assignment. Do NOT miss this class!!!!	Discussion Board: America to Me 10 Collaborative IEP assignment submitted to VIA after this class session
10 7/16 online synchronous 2.5 hours + 1.5 asynchronous	Presentations	Professional Development Presentations Due
11 7/23 online synchronous 2.5 hours + 1.5 asynchronous	Presentations	Course Evaluations Upload all assignments

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: See [Core Values](http://cehd.gmu.edu/values/) (<http://cehd.gmu.edu/values/>).

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code. See [Honor Code and System](https://catalog.gmu.edu/policies/honor-code-system/) (<https://catalog.gmu.edu/policies/honor-code-system/>).
- Students must follow the university policy for Responsible Use of Computing. See [Responsible Use of Computing](http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/) (<http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason

email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.

- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor. See [Disability Services \(https://ds.gmu.edu/\)](https://ds.gmu.edu/).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to VIA should be directed to viahelp@gmu.edu or <https://cehd.gmu.edu/aero/assessments>.
- Questions or concerns regarding use of Blackboard should be directed to [Blackboard Instructional Technology Support for Students \(https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/\)](https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/).
- [Learning Services \(learningservices@gmu.edu\)](mailto:learningservices@gmu.edu) - Provides a variety of experience-based learning opportunities through which students explore a wide range of academic concerns. Services include support to students with learning differences, individual study strategy coaching, individualized programs of study, and referrals to tutoring resources. Presentations on a variety of academic topics such as time management, reading, and note taking are available to the university community. The programs are open to all George Mason University students free of charge.

Notice of mandatory reporting of sexual assault, sexual harassment, interpersonal violence, and stalking:

As a faculty member, I am designated as a “Non-Confidential Employee,” and must report all disclosures of sexual assault, sexual harassment, interpersonal violence, and stalking to Mason’s Title IX Coordinator per [University Policy 1202](#). If you wish to speak with someone confidentially, please contact one of Mason’s confidential resources, such as the [Student Support and Advocacy Center \(SSAC\)](#) at 703-380-1434 or [Counseling and Psychological Services \(CAPS\)](#) at 703-993-2380. You may also seek assistance or support measures from Mason’s Title IX Coordinator by calling 703-993-8730, or emailing titleix@gmu.edu.

For additional information on the College of Education and Human Development, please visit our website [College of Education and Human Development \(http://cehd.gmu.edu/\)](http://cehd.gmu.edu/).
